INDEPENDENT AUDITOR'S REPORT

To the Trustees and Audit Committee
Thomas & Hutton Engineering Co. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Thomas & Hutton Engineering Co. Retirement Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of October 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended October 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within in one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters**2022 Supplemental Schedule Required by ERISA**

The supplemental schedule H, Line 4i – schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Thomas & Hutton Engineering Co. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THOMAS & HUTTON ENGINEERING CO. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Thomas & Hutton Engineering Co. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Thomas & Hutton Engineering Co. (the Company) who have completed 90 days of service and are age nineteen or older. Employees may elect to defer wages on the first day of the month coinciding with or following completion of ninety days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective November 1, 2009, the Thomas & Hutton Engineering Co. Profit Sharing Plan was amended, restated, and renamed to the Thomas & Hutton Engineering Co. Retirement Plan. The Thomas & Hutton Engineering Co. Money Purchase Pension Plan (MPPP) was merged into the Plan. As part of the merger, the account balances of the MPPP are separately accounted for in the participant statements and equal the ending balance of the MPPP before the merger and include investment earnings. The vesting schedule of the MPPP continues to be in effect for the contributions made prior to the merger, and all new contributions will be vested according to the new provisions of the Plan.

Contributions

Employees who are at least nineteen years of age and who have reached ninety days of service may contribute a percentage of pretax annual compensation, not to exceed statutory limitations as set by law, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts, mutual funds, and an insurance investment contract as investment options for participants. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company contributed approximately \$803,000 in employer matching contributions, for the year ending October 31, 2022. The Company may also make a discretionary profit sharing contribution. Contributions are subject to certain limitations. Employees (age nineteen and older) become eligible for the employer match on the first day of the first month after completing ninety days of service. Participants may modify their deferral elections on the first day of the Plan year, and the first day of the fourth month, seventh month, and tenth month of the Plan year. To be eligible for the discretionary profit sharing contribution, employees (age nineteen and older) must complete one year of service and are eligible on the first day of the first month following this service requirement. The Company elected to contribute a discretionary profit sharing contribution, for the years ending October 31, 2022 and 2021 in the amounts of \$960,799 and \$882,998, respectively. These amounts were paid after year end; therefore, they are classified as receivables.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution, and an allocation of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions. Vesting in the Company's matching and profit sharing contributions are based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

NOTE 1. DESCRIPTION OF THE PLAN, continued

Vesting, continued

As described earlier in Note 1, vesting in regards to the previously merged MPPP balances are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in either a lump-sum amount, or in installments over a designated period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their participant account a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's account and bear reasonable interest rates, currently at 4.25% to 7.25%. Loan terms currently range from 1 to 25 years. Principal and interest are paid ratably through bi-weekly payroll deductions. As of October 31, 2022 and 2021, notes receivable from participants were \$296,863 and \$240,692, respectively.

Forfeited Accounts

At October 31, 2022 and 2021, forfeited nonvested accounts totaled \$21,028 and \$51,822, respectively. These accounts are included with the contract with insurance company held by the Plan and will be used to reduce future employer contributions and pay administrative expenses. In 2022, employer contributions were paid from or reduced by \$68,365 from forfeited nonvested accounts.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the financial statements are in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, custodians, and insurance company. (See Note 5 for discussion of fair value measurements.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has absorbed a portion of the Plan's administrative expenses, the remaining administrative expenses are paid by the Plan and reduce net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated for potential recognition and/or disclosure through July 31, 2023. This represents the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF ASSETS AND INCOME

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified Empower Annuity Insurance Company of America, formerly known as Great-West Life & Annuity Insurance Company (Empower) as of October 31, 2022, Empower and Reliance Trust Company (RTC) as of October 31, 2021, the custodians of the Plan, as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule.

a) Assets certified by Empower and RTC at October 31:

NOTE 4. CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Mass Mutual Life Insurance Company (Mass Mutual), which is now reinsured and maintained by Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract approximates contract value at October 31, 2022 and 2021. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than mutually agreed upon rates before fees and administrative expenses. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) partial or complete Plan termination; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

The following represents the disaggregation of the contract value types of investment contracts held by the Plan:

	<u>2022</u>	<u>2021</u>
Traditional investment contract	<u>\$ 13,038,816</u>	<u>\$ 13,678,595</u>

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The rates were 2.75% and 2.73% for years ended October 31, 2022 and 2021, respectively. The contract cannot be terminated before the scheduled maturity date.

NOTE 5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2022 and 2021:

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. Pooled separate accounts are valued based on the value of the underlying investments held, and NAV is considered the practical expedient for fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered. These funds are required to publish their daily (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Life insurance contracts: Valued at cash surrender value, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FAIR VALUE MEASUREMENTS, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of October 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,191,368	\$ -	\$ -	\$ 13,191,368
Life insurance contracts	-	-	1,237,702	1,237,702
	<u>\$ 13,191,368</u>	<u>\$ -</u>	<u>\$ 1,237,702</u>	14,429,070
Investments measured at NAV (a)				51,750,768
				<u>\$ 66,179,838</u>

	Assets at Fair Value as of October 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,564,709	\$ -	\$ -	\$ 12,564,709
Life insurance contracts	-	-	1,185,207	1,185,207
	<u>\$ 12,564,709</u>	<u>\$ -</u>	<u>\$ 1,185,207</u>	13,749,916
Investments measured at NAV (a)				65,656,216
				<u>\$ 79,406,132</u>

- (a) In accordance with Subtopic 820-10, as amended by Accounting Standards Update 2015-7, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock up periods can apply to certain investments.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of October 31, 2022 and 2021.

Fair Value Estimated Using Net Asset Value Per Share				
October 31, 2022				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:	<u>\$ 51,750,768</u>	<u>\$ -</u>	Daily	None

NOTE 5. FAIR VALUE MEASUREMENTS, continued

Investment	Fair Value Estimated Using Net Asset Value Per Share			
	October 31, 2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:	<u>\$ 65,656,216</u>	<u>\$ -</u>	Daily	None

The investment strategies for the pooled separate accounts typically seek to provide maximum returns by investing in securities that track the performance of domestic and international equities and also fixed income indices. These investments also range from small to large cap sectors.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended October 31, 2022:

	Life Insurance Contracts
Balance, beginning of year	\$ 1,185,207
Unrealized gain (loss) relating to instruments still held at the reporting date	52,496
Other	<u>(1)</u>
Balance, end of year	<u>\$ 1,237,702</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting year.

NOTE 6. LIFE INSURANCE CONTRACTS

Plan investments include unallocated life insurance contracts, which are reported at cash surrender value, which approximates fair value. These individual policies are offered to participants as an investment option. The investment amount of these contracts is not included in the certification by Empower or RTC (See Note 3).

NOTE 7. RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST

The Plan's investments in pooled separate accounts are managed by Empower as of October 31, 2022 and 2021. The Plan's investment contract with an insurance company is also reinsured and maintained by Empower as of October 31, 2022 and 2021. Empower is the custodian of these investments as of October 31, 2022 and 2021 and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants, totaled \$296,863 and \$240,692 at October 31, 2022 and 2021, respectively, and qualify as party-in-interest transactions.

Administrative expenses paid directly from Plan assets to Empower totaled \$4,378 for the year ended October 31, 2022. There was also indirect compensation paid to Empower per the service arrangements between the Plan and Empower.

THOMAS & HUTTON ENGINEERING CO. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2022 and 2021

NOTE 8. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances and the Plan assets would be distributed to participants on the basis of their prorated values at the termination date.

NOTE 9. TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Pre-Approved Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan and any amendments are designed and are currently being operated in compliance with the applicable requirements of the IRC.

FASB ASC Topic 740 requires the Plan Administrator to annually evaluate the Plan's tax positions, including accounting and measurement of uncertain tax positions. For the prior and current year ending October 31, 2022, the Plan Administrator concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2018.

NOTE 10. EXCESS CONTRIBUTIONS REFUNDABLE

Excess contributions refundable represents amounts owed to participants who made excess contributions based on compliance testing performed by the Plan's third-party administrator. The excess contributions refundable balance for the year ending October 31, 2022 and 2021 was returned by the Plan to participants in March 2023 and 2022, respectively.

NOTE 11. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
