Independent Auditors' Report

Plan Administrator
Midwest Sterilization Corp
401(k) Plan
Jackson, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Midwest Sterilization Corp 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDWEST STERILIZATION CORP
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

1. Description Of The Plan

The following brief description of the Midwest Sterilization Corp 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, was established January 1, 2021 and is sponsored by Midwest Sterilization Corp (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers substantially all employees of the Company who have completed three months of service and have attained age 16 to participate. Employees enter the Plan the day eligibility requirements are satisfied.

Contributions

Participants can contribute up to 100% of annual compensation, as defined in the Plan Document, as pre-tax contributions, Roth contributions, or a combination thereof. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan provides for automatic enrollment. Eligible employees will be automatically enrolled in the Plan at a 6% automatic contribution rate. In addition, participant contribution rates will be increased annually by 1%, with a maximum automatic contribution rate of 10%. An employee may opt out or change their elections at any time.

The Plan provides for a qualified automatic contribution arrangement (QACA) safe harbor matching contribution. For the year ended December 31, 2021, the Company matched 100% of contributions not over 1% of compensation, plus 50% of contributions that are over 1%, but are not over 6% of compensation.

MIDWEST STERILIZATION CORP

401(k) PLAN

Notes To Financial Statements *(Continued)*

The Company may also make a qualified nonelective contribution to participants who were active at any time during the Plan year. There were no such contributions made by the Company for the year ended December 31, 2021.

The Company may also make discretionary contributions to active participants employed on the last day of the Plan year and has at least 1,000 hours of service during the latest accrual service period. There were no such discretionary contributions made by the Company for the year ended December 31, 2021.

Plan Administration

Principal Trust Company is the Plan's custodian and Principal Life Insurance Company is the Plan's recordkeeper (collectively Principal).

Vesting

Participants are 100% vested in their contributions, safe harbor matching and qualified nonelective contributions plus actual earnings thereon. Vesting in Company qualified nonelective contributions is based on years of service. Participants vest 20% after two years of service and become fully vested after six years of service. Participants also become 100% vested upon reaching normal retirement age (age 65), becoming disabled or death.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses or to reduce Company contributions. Forfeitures available for future use amounted to \$10,220 as of December 31, 2021. Forfeitures used to pay Plan expenses amounted to \$40 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, and an allocation of qualified nonelective and discretionary contributions, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

Participants are entitled to receive the balance of their accounts upon death, total disability, retirement, or termination of employment in the form of a lump-sum or annuity.

MIDWEST STERILIZATION CORP
401(k) PLAN

Notes To Financial Statements (*Continued*)

In-Service Withdrawals

Participants who attain the age of 59-1/2 may withdrawal any portion of their vested account balance. In certain circumstances, a participant may elect a hardship distribution, as defined in the Plan Document.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. A significant portion of the administrative expenses of the Plan are paid by the Company. The Plan pays expenses related to transaction and recordkeeping fees. Investment related expenses are included in net change in fair value of investments.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of a variety of investment options available.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are maintained on an accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments, other than the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

MIDWEST STERILIZATION CORP
401(k) PLAN

Notes To Financial Statements (*Continued*)

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Principal Fixed Income Guaranteed Option is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available to be issued, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2021, and for the year then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Principal Trust Company, the Custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31, 2021:

Pooled separate accounts	\$	7,681
Collective investment trusts		672,098
Fully benefit-responsive investment contract at contract value		45

MIDWEST STERILIZATION CORP
401(k) PLAN

Notes To Financial Statements (*Continued*)

The Custodian also certified to the completeness and accuracy related the following investment income for the year ended December 31, 2021:

Net change in fair value of investments	\$	41,778
---	----	--------

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

401(k) PLAN

Notes To Financial Statements (*Continued*)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The NAV, as provided by Principal Life Insurance Company, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Collective Investment Trusts

Valued at NAV based on the market value of the underlying investment assets divided by the number of units outstanding at the end of the Plan year. The NAV, as provided by Principal Trust Company, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments as of December 31, 2021 are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy.

Fair Value Of Investments In Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 7,681	None	Daily	None
Collective investment trusts	<u>672,098</u>	None	Daily	None
	<u>\$ 679,779</u>			

There have been no changes in valuation methodologies used at December 31, 2021.

5. Investment Contract With Insurance Company

The Plan invests in a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a separate account. The investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the account. Contract value, as reported to the Plan by Transamerica, represents contributions plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon schedule with the issuer and is reset on a semi-annual basis.

Notes To Financial Statements (*Continued*)

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification.

6. Income Tax Status

The Company has adopted the Principal prototype standardized plan, for which a favorable opinion letter was issued to Principal by the IRS on March 31, 2014. The Plan itself has not received a determination letter. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Party In Interest Transactions

The Plan invests in pooled separate accounts, collective investment trusts, and a guaranteed investment contract managed by Principal. These transactions are considered party in interest transactions allowable under ERISA.
