Independent Auditor's Report

To the Plan Administrator
Signature Healthcare Retirement Savings Plan
Brockton, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Signature Healthcare Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Form 5500 - Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Signature Healthcare Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 403(b) plan covering all eligible employees of Signature Healthcare Brockton Hospital, Inc. and Signature Healthcare Medical Group, Inc. (collectively referred to as the “Organization”). Employees are eligible to make contributions the first day of the first payroll following their employment. Participants must be 21 years of age and are required to have completed 1,000 or more hours of service during 12-month period immediately following their employment to be eligible for employer matching contributions and employer discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Board of Trustees.

The plan administrator, who is appointed by the Board of Trustees, has appointed Lincoln Financial Group Trust Company, Inc. (“Lincoln”), Fidelity Management Trust Company (“Fidelity”), and Mutual of America Life Insurance Company (“MOA”) to hold the Plan’s investments and execute investment transactions.

Contributions

Each year, participants may make pre-tax elective contributions, as defined in the Plan, subject to certain Internal Revenue Service (“IRS”) limitations. An automatic deferral rate of 4% of compensation applies to all eligible participants who become a participant on or after January 1, 2018, and who do not complete a salary deferral election designating an alternate deferral percentage. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans, as defined by the Plan. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Organization matches Signature Healthcare Medical Group, Inc. employee contributions, for those employees not covered by a collective bargaining agreement, at a rate of \$0.50 on every dollar, subject to the maximum employer matching contribution of 4% of compensation. Any salary deferrals in excess of 4% of compensation will not be eligible for a matching contribution. The Organization matches Signature Healthcare Brockton Hospital, Inc. employee contributions, for those employees not covered by a collective bargaining agreement, at a rate of \$0.50 on every dollar, subject to the maximum employer matching contribution set forth below, which is based on the combined age and benefit service determined as of January 1 of each year.

<i>Age Plus Benefit Service</i>	<i>Maximum Employer Matching Contribution</i>
Less than 60	2% of compensation
60-79	3% of compensation
80 or more	4% of compensation

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

In addition to the matching contribution, the Organization may make employer discretionary contributions for those employees of Signature Healthcare Brockton Hospital, Inc. not covered by a collective bargaining agreement, equal to a percentage of compensation as shown below, which is based on the combined age and benefit service determined as of January 1 of each year. For plan year 2022, the discretionary contributions are as follows:

<i>Age Plus Benefit Service</i>	<i>Maximum Employer Matching Contribution</i>
Less than 40	2% of compensation
40-59	2.5% of compensation
60-79	3% of compensation
80 or more	3.5% of compensation

If a participant is 55 years or older and has 10 or more years of benefit service as of March 29, 2009, an additional employer discretionary contribution ("55/10 contribution") will be made. For plan year 2022, the 55/10 contribution is 1% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Organization's matching and discretionary contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants may choose to invest contributions in one investment option or to allocate their contributions among several options offered by the Plan. Investment alternatives are offered by Lincoln, Fidelity, and MOA. Account balances may be transferred within investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's matching and discretionary contributions, plus actual earnings thereon, is based on a three-year cliff vesting schedule. In the event of death, disability or the attainment of age 65, participant's accounts become fully vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance reduced by the highest outstanding loan balance during the prior year before the date the loan is taken. The loans are secured by the balance in the participant's account. Each loan shall be repayable in substantially equal installments over the term not to exceed five years (or 10 years if used to purchase a primary residence) and bear interest at a rate of the prime lending rate plus 1%, which is fixed for the term of the loan. If the participant terminates employment, any balance outstanding will be due immediately. Repayments are made directly to Lincoln by the participant.

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not to exceed the participant's life expectancy. A participant whose vested account balance is \$5,000 or less and who has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a series of installment payments equal to the vested interest in his or her account paid out in equal annual installments over a set number of years.

Effective January 1, 2020, the Plan may not provide for a suspension of an employee's salary deferrals or after-tax employee contributions as a condition of obtaining a hardship distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts amounted to \$1,900 and \$12,849, respectively. These accounts will be used to reduce future employer contributions. In 2022, employer contributions were reduced by \$66,487 from forfeited accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except the guaranteed investment contracts, which are at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, including capital gain distributions, are recorded on the ex-dividend

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 4, 2023, which is the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln, Fidelity, and MOA, the custodians of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Valuations using unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability’s fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term Investments

Valued at the daily closing price as reported by the fund. Short-term investments held by the Plan are open-end money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The short-term investments held by the Plan are deemed to be actively traded.

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

Pooled Separate Account ("PSA")

Valued daily based on the market value of the underlying net assets in the separate account. The underlying net assets are mutual funds which are used to determine the unit value of the PSA which is not publicly quoted. The redemption frequency of the PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in the PSA.

Brokerage Account

Investments in the brokerage account are valued at the closing price reported in the active markets in which the individual securities are traded. Mutual fund investments held in the brokerage account are valued in the same manner as previously described.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 151,413,513	\$ -	\$ -	\$ 151,413,513
Short-term investments	2,470,038	-	-	2,470,038

	\$ 155,327,146	\$ 648,562	\$ -	\$ 155,975,708

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 173,296,870	\$ -	\$ -	\$ 173,296,870
Short-term investments	2,393,061	-	-	2,393,061

	\$ 177,221,210	\$ 787,675	\$ -	\$ 178,008,885

There have been no changes in the methodologies used at December 31, 2022 and 2021.

5. Investment Contracts with Insurance Companies

In 2022 and 2021, the Plan was invested in fully benefit-responsive guaranteed investment contracts with Lincoln and MOA. Lincoln and MOA maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Lincoln and MOA, represents contributions made under the contracts, plus earnings, less participant withdrawals

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the investment contracts at December 31, 2022 and 2021, was \$37,401,454 and \$38,281,953, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. At December 31, 2022 and 2021, the Lincoln crediting interest rate was 1.75% and 1.50%, respectively. The MOA crediting interest rate was 3.00% at December 31, 2022 and 2021. The contracts do not have a maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or election of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Lincoln, Fidelity, and MOA. Lincoln, Fidelity, and MOA are the custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the custodians of \$178,792 in 2022. The Organization pays directly any other fees related to the Plan's operations. Participant notes receivable also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Organization's contributions.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the

Signature Healthcare Retirement Savings Plan

Notes to Financial Statements

financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions totaling \$19,772 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related participant contributions were identified and remitted to the Plan before the next payroll cycle during 2022. The related lost earnings are expected to be remitted to the Plan during 2023.
