Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of **O'Neill & Borges Employees' Pension Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of **O'Neill & Borges Employees' Pension Plan** 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended October 31, 2022, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of **O'Neill & Borges Employees' Pension Plan** and to meet ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **O'Neill & Borges Employees' Pension Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **O'Neill & Borges Employees' Pension Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **O'Neill & Borges Employees' Pension Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H-Part IV Line 4(i) – Schedule of Assets (Held at End of Year) as of October 31, 2022 and Schedule H -Line 4(a) – Schedule of Delinquent Participant Contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

(1) Description of the plan:

The following description of the O'Neill & Borges Employees' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

(a) General -

O'Neill & Borges Employees' Pension Trust (the "Trust") was created in October 1970; its function was the administration of a fund accumulated under the provisions of the Plan for the purpose of providing retirement benefits for eligible employees of O'Neill & Borges LLC ("the Employer"), a limited liability company organized under the laws of the Commonwealth of Puerto Rico. It is a participant directed plan that complies with the requirements of Section 404(c) of ERISA, and was established to comply with the requirements of Section 1165(e) of the Puerto Rico Income Tax Act of 1954, as amended, and continues to comply with Section 1081.01 of the 2011 Puerto Rico Internal Revenue Code, as amended (the "PRIRC"). The Puerto Rico Treasury Department has ruled that the terms of the Trust meet the requirements of this Section. The effects of such qualification, maintained through the continued operations of the Trust, were to:

- (a) Exempt the Trust's investment income from income taxes,
- (b) Allow the Employer to deduct annual contributions, made in accordance with the Plan, for income tax purposes and,
- (c) Allow eligible employees (participants under the Trust) to exclude such contributions, and income earned thereon, from their taxable income until distributed.

The Plan is a defined contribution plan covering all full-time employees of O'Neill & Borges LLC who have at least one year of service. As of October 31, 2022 and 2021, the Plan had 145 and 152 participants, respectively, of which 36 and 38 were inactive accounts of terminated participants not yet distributed at the end of each respective year.

The Plan Document was amended effective February 3, 2009. The most significant amendments made to the Plan Document during the year ended October 31, 2009 were related to participant vesting percentages, Plan valuation dates, and change of Trustees. Subsequent to this date, certain additional amendments have been made, as follows:

- (a) Effective November 9, 2009, the Plan Document was amended to: change the Trustees, amend the definition of the Plan Year as to the twelve (12) consecutive month period beginning on November 1st of each year, and incorporate the evaluation date applicable to rollover contributions.
- (b) Effective August 1, 2011, the Plan Document was amended to change the Trustee and Recordkeeper, provide for participant directed investments, and change the timing in which the participants may contribute to the Plan.
- (c) On July 1, 2014, the Plan was amended in order to incorporate the qualification requirements of the Puerto Rico Internal Revenue Code of 2011, to allow for in-service withdrawals in order to prepay taxes on a future distribution in accordance with Act No.77 of July 1, 2014 and, to incorporate changes regarding allocation of fees and expenses incurred in the administration of the Plan related to inactive participants.
- (d) On December 10, 2019, the Plan was amended to modify the definition of highly compensated employees and to modify the process established to determine participants' disability for purposes of early retirement.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

(b) **Contributions** -

The Employer contributes to the Plan on a monthly basis 9% of the basic annual compensation of each participant, plus 7% of the amount by which such compensation exceeds the current social security wage base, reduced by the amount of non-vested participant account balances forfeited upon termination. A formula is employed to prorate a partial year's contribution for participants whose employment is terminated between the fiscal year-end anniversary dates when the annual contributions are reflected.

Participants may also contribute up to ten percent (10%) of their annual basic compensation amounts to the Plan, as defined in the Plan Document.

(c) **Participants' accounts** -

An account is maintained for each participant, credited with the participant's contribution and allocation of: (i) the employer's contribution, and (ii) investment income based on participant's compensation and account balances, respectively. The benefit to which a participant is entitled upon termination of employment is the vested portion of the amount accumulated in the participant's account. Upon termination of service, a participant will receive a joint-and-survivor annuity, unless electing lump-sum or an installment basis payment.

(d) **Vesting** -

Participants are immediately vested in their voluntary contributions and the earnings thereon. Vesting in the balance of their employer contributed accounts, including the accumulated earnings thereon, is based on years of continuous service. Full vesting also occurs on the death of a participant or within five years of his or her normal retirement date, as well as in the event of complete plan termination.

Pursuant to the stipulations of the 2009 Amended Plan Document, and effective on October 31, 2008, for all participants employed on or after December 31, 1988, the vesting of employer contributions made for Plan Years beginning before January 1, 2007 will be as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 3 years	0
3	20
4	40
5	60
6	80
7 or more	100

For all participants employed on or after December 31, 1988, the vesting of employer contributions made for Plan Years beginning after December 31, 2006 will be as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2 years	0
2	20
3	40
4	60
5	80
6 or more	100

Effective August 1, 2011, all employees are vested based on the six-years vesting schedule.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

(e) **Forfeitures** -

As of October 31, 2022 and 2021, forfeited non-vested accounts totaled \$13,869 and \$2,484, respectively. These accounts are used to reduce future employer contributions. During the year ended October 31, 2022, employer contributions were reduced by \$90,812 from forfeited non-vested accounts.

(f) **Participant loans** -

The Plan document stipulates that loans to participants are not permitted.

(g) **Valuation date** -

Effective August 1, 2011, the Valuation Date is the date after the participant requests a distribution.

(h) **Payments of benefits** -

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the participant's vested interest in his or her account in either a lump-sum amount or periodic installments.

(2) **Summary of accounting policies:**

(a) **Basis of presentation** -

The Plan's fiscal year ends on October 31st of each year. All references to years in the notes to these financial statements represent fiscal years then ended, unless otherwise noted. The Plan has evaluated subsequent events through August 8, 2023, the date the financial statements were available to be issued.

(b) **Basis of accounting** -

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

(c) **Investment valuation and income recognition** -

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) **Use of estimates** -

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, the Plan is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

(e) **Payment of benefits** -

Benefit payments to participants are recorded when paid.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

(f) **Fair value measurement -**

Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 -Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 -Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2022 and 2021.

Time deposit account: Valued at the amount of cash balances on deposit.

Money market: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Security and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2022 and 2021:

Assets at fair value as of October 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 48,716,057</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,716,057</u>

Assets at fair value as of October 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Time deposit	\$ 2,282,076	\$ -	\$ -	\$ 2,282,076

	<u>\$ 57,257,901</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 57,257,901</u>

(g) Risk and uncertainties -

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

(3) Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and accrued income at October 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended October 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Banco Popular de Puerto Rico, the Plan's trustee.

(4) Administrative fees:

The Trustee and Recordkeeper receive administrative fees for the services performed under the Plan Agreement, which are paid by the Employer. The services provided under the agreement include a market value fee based on .20% of the first ten million, .15% of the next ten million and .10% of the remaining balance, an investment consulting fee based on .10% of the first ten million, .08% of the next ten million and .05% of the remaining balance and other recordkeeping minimum fees. Administrative fees paid by the Employer during the year ended October 31, 2022 amounted to \$109,178. Administrative fees allocated to the accounts of participants during the year ended October 31, 2022 amounted to \$300.

O'Neill & Borges Employees' Pension Plan

Notes to Financial Statements October 31, 2022 and 2021

(5) Plan termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(6) Party-in interest investments and transactions:

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical when amounts are contributed by participants or withheld from their wages for a pension plan, such as the Plan.

During the year ended October 31, 2021, there were unintentional delays in the remittance of participants' contributions withheld amounting to \$150. The Plan's Sponsor absorbed the costs incurred by the Plan as a result of the untimely remittances of the participants' contributions. On August 12, 2022, the Plan Sponsor remitted \$0.14 in lost earnings in order to cover 2021 failures in the amount of \$150.

(7) Tax status:

The Plan is exempt from United States income taxes by Section 1022 (i) (1) of ERISA. In addition, the Plan is exempt from Puerto Rico income taxes under the applicable provisions of the PRIRC. The Plan Sponsor obtained a determination letter as to the continued qualification of the Plan issued by the Puerto Rico Treasury Department on September 14, 2020, stating the Plan is qualified under New Code Section 1081.01 and therefore, exempt from taxation.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of ERISA and the PRIRC.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements; therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

(8) Ukraine war:

Early in 2022 certain events, such as the war in Ukraine, the overall inflation, and other current economic factors, have affected negatively the global financial system. This has resulted in substantial volatility in financial markets and the banking system. These economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have and probably will continue to incur in a significant decline in fair value. The duration of these uncertainties and the ultimate financial effect cannot be reasonably estimated at this time.
