Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Laufer Group International, Ltd. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Laufer Group International, Ltd. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laufer Group International, Ltd. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Laufer Group International, Ltd. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Laufer Group International, Ltd. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Laufer Group International, Ltd. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of Plan

General

Laufer Group International, Ltd. (the "Company") established the Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust (the "Plan") on January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a participant-directed defined contribution plan covering substantially all employees of the Company who are twenty-one years or older and who have completed at least three consecutive months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute up to 100% of the participant's annual pre-tax or after-tax annual compensation each year, limited by law to a maximum amount of \$19,500 for the year 2021. Individuals who will be at least age 50 by December 31, 2021, may make an additional "catch-up" contribution, up to a maximum amount of \$6,500 in 2021. Additionally, discretionary profit-sharing amounts may be contributed at the option of the Company's management. These contributions are made to designated groups, as defined in the Plan, and are allocated to a participant in proportion to the participant's compensation. For the year ended December 31, 2021, the Company did not make any profit-sharing contributions. Effective April 1, 2021, the Plan was amended to reinstate employer matching contributions.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participant vesting in the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Plan document states that the Company has the option of using forfeitures of discretionary matching contributions to reduce employer contributions or to pay Plan administrative expenses. There were additions to forfeitures in the amount of \$32,446 and \$7,920 during the years ended December 31, 2021 and 2020, respectively, and the Plan utilized \$7,856 of forfeitures to reduce employer contributions during the year ended December 31, 2021. The balance of forfeitures was \$24,590 and \$0 at December 31, 2021 and 2020, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000. The maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half the vested account balance or \$50,000. Participants are limited to one outstanding loan at any one time. To qualify for another loan, participants must first pay the outstanding balance on the existing loan. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50% per annum, which is based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

Payment of Benefits

Upon death, retirement, disability, or termination of employment, the participant will become entitled to the total vested value of his or her account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by either lump-sum, installments over a number of years, or an annuity purchase, based upon the election of the participant or the Plan, as defined in the Plan or the Internal Revenue Code ("IRC").

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of its investments includes the Plan's gains and losses on investments bought and sold as well as held during the year ended December 31, 2021.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest, if any. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company pays all significant administrative costs of the Plan, unless paid with forfeited funds in the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds. Mutual funds are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with those investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Information Certified by the Trustee

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment and investment income information in the accompanying financial statements and supplemental information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, were derived from information certified as complete and accurate by Mid Atlantic Trust Company, as trustee, and were not subject to audit.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

The fair value of investments at December 31, 2021 and 2020, reported by Mid Atlantic Trust Company was:

	December 31, 2021	December 31, 2020
Investments at fair value	<u>\$ 13,715,922</u>	<u>\$ 11,640,885</u>

The following was also certified by the trustee for the year ended December 31, 2021:

Net appreciation in fair value of investments	<u>\$ 858,598</u>
Dividend and interest income	<u>\$ 779,578</u>

4. Fair Value of Investments

Financial Accounting Standards Board ("FASB") Authoritative Guidance establishes a framework for measuring fair value under accounting principles generally accepted in the United States of America and expands the disclosure about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB Authoritative Guidance are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at December 31, 2021 and 2020:

- Money market fund – valued at cost plus accrued interest which approximates fair value.
- Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are traded in an active market. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

The following are the major categories of assets measured at fair value on a recurring basis and summarized by the fair value hierarchy as described above, as of December 31, 2021 and 2020.

Investments at fair value as of December 31, 2021, are as follows:

Investment Type	Balance at December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	\$ 1,575,287	\$ 1,575,287	\$ -	\$ -
Mutual funds	12,140,635	12,140,635	-	-
	<u>\$ 13,715,922</u>	<u>\$ 13,715,922</u>	<u>\$ -</u>	<u>\$ -</u>

Investments at fair value as of December 31, 2020, are as follows:

Investment Type	Balance at December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	\$ 1,586,486	\$ 1,586,486	\$ -	\$ -
Mutual funds	10,054,399	10,054,399	-	-
	<u>\$ 11,640,885</u>	<u>\$ 11,640,885</u>	<u>\$ -</u>	<u>\$ -</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated April 10, 2014, that the adopted prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself, however, the Plan management believes that the Plan, as currently amended, is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years ending prior to 2018.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

7. Party-in-Interest Transactions

Five of the Plan investments are shares of registered investment companies managed by Gerstein Fisher. Gerstein Fisher is the financial advisor of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid during the year for record-keeping services to Paychex and Mid Atlantic Trust Company qualify as party-in-interest transactions; fees amounted to \$9,581 for the year ended December 31, 2021.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to Schedule H of Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 13,905,958	\$ 11,855,194
Excess participant contributions payable	13,009	8,358
Net assets available for benefits per the Form 5500	<u>\$ 13,918,967</u>	<u>\$ 11,863,552</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements as of December 31, 2021, to net income per Schedule H of Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 2,050,764
Excess participant contributions payable - prior year	(8,358)
Excess participant contributions payable - current year	13,009
Net income per the Form 5500	<u>\$ 2,055,415</u>

9. Excess Participant Contribution Payable

At December 31, 2021 and 2020, liabilities of \$13,009 and \$8,358, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS. These amounts for 2021 and 2020, were paid back to participants in the form of distributions or re-characterized as catch-up contributions in June of 2022 and 2021, respectively.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 18, 2022, the date the financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

To the Administrative Committee
Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Laufer Group International, Ltd. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Laufer Group International, Ltd. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laufer Group International, Ltd. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Laufer Group International, Ltd. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Laufer Group International, Ltd. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Laufer Group International, Ltd. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of Plan

General

Laufer Group International, Ltd. (the "Company") established the Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust (the "Plan") on January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a participant-directed defined contribution plan covering substantially all employees of the Company who are twenty-one years or older and who have completed at least three consecutive months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute up to 100% of the participant's annual pre-tax or after-tax annual compensation each year, limited by law to a maximum amount of \$19,500 for the year 2021. Individuals who will be at least age 50 by December 31, 2021, may make an additional "catch-up" contribution, up to a maximum amount of \$6,500 in 2021. Additionally, discretionary profit-sharing amounts may be contributed at the option of the Company's management. These contributions are made to designated groups, as defined in the Plan, and are allocated to a participant in proportion to the participant's compensation. For the year ended December 31, 2021, the Company did not make any profit-sharing contributions. Effective April 1, 2021, the Plan was amended to reinstate employer matching contributions.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participant vesting in the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Plan document states that the Company has the option of using forfeitures of discretionary matching contributions to reduce employer contributions or to pay Plan administrative expenses. There were additions to forfeitures in the amount of \$32,446 and \$7,920 during the years ended December 31, 2021 and 2020, respectively, and the Plan utilized \$7,856 of forfeitures to reduce employer contributions during the year ended December 31, 2021. The balance of forfeitures was \$24,590 and \$0 at December 31, 2021 and 2020, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000. The maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half the vested account balance or \$50,000. Participants are limited to one outstanding loan at any one time. To qualify for another loan, participants must first pay the outstanding balance on the existing loan. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50% per annum, which is based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

Payment of Benefits

Upon death, retirement, disability, or termination of employment, the participant will become entitled to the total vested value of his or her account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by either lump-sum, installments over a number of years, or an annuity purchase, based upon the election of the participant or the Plan, as defined in the Plan or the Internal Revenue Code ("IRC").

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of its investments includes the Plan's gains and losses on investments bought and sold as well as held during the year ended December 31, 2021.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest, if any. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company pays all significant administrative costs of the Plan, unless paid with forfeited funds in the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds. Mutual funds are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with those investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Information Certified by the Trustee

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment and investment income information in the accompanying financial statements and supplemental information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, were derived from information certified as complete and accurate by Mid Atlantic Trust Company, as trustee, and were not subject to audit.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

The fair value of investments at December 31, 2021 and 2020, reported by Mid Atlantic Trust Company was:

	December 31, 2021	December 31, 2020
Investments at fair value	<u>\$ 13,715,922</u>	<u>\$ 11,640,885</u>

The following was also certified by the trustee for the year ended December 31, 2021:

Net appreciation in fair value of investments	<u>\$ 858,598</u>
Dividend and interest income	<u>\$ 779,578</u>

4. Fair Value of Investments

Financial Accounting Standards Board ("FASB") Authoritative Guidance establishes a framework for measuring fair value under accounting principles generally accepted in the United States of America and expands the disclosure about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB Authoritative Guidance are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at December 31, 2021 and 2020:

- Money market fund – valued at cost plus accrued interest which approximates fair value.
- Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are traded in an active market. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Laufer Group International, Ltd. 401(k) Profit Sharing Plan and Trust

The following are the major categories of assets measured at fair value on a recurring basis and summarized by the fair value hierarchy as described above, as of December 31, 2021 and 2020.

Investments at fair value as of December 31, 2021, are as follows:

Investment Type	Balance at December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	\$ 1,575,287	\$ 1,575,287	\$ -	\$ -
Mutual funds	12,140,635	12,140,635	-	-
	<u>\$ 13,715,922</u>	<u>\$ 13,715,922</u>	<u>\$ -</u>	<u>\$ -</u>

Investments at fair value as of December 31, 2020, are as follows:

Investment Type	Balance at December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	\$ 1,586,486	\$ 1,586,486	\$ -	\$ -
Mutual funds	10,054,399	10,054,399	-	-
	<u>\$ 11,640,885</u>	<u>\$ 11,640,885</u>	<u>\$ -</u>	<u>\$ -</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated April 10, 2014, that the adopted prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself, however, the Plan management believes that the Plan, as currently amended, is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years ending prior to 2018.

7. Party-in-Interest Transactions

Five of the Plan investments are shares of registered investment companies managed by Gerstein Fisher. Gerstein Fisher is the financial advisor of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid during the year for record-keeping services to Paychex and Mid Atlantic Trust Company qualify as party-in-interest transactions; fees amounted to \$9,581 for the year ended December 31, 2021.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to Schedule H of Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 13,905,958	\$ 11,855,194
Excess participant contributions payable	13,009	8,358
Net assets available for benefits per the Form 5500	<u>\$ 13,918,967</u>	<u>\$ 11,863,552</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements as of December 31, 2021, to net income per Schedule H of Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 2,050,764
Excess participant contributions payable - prior year	(8,358)
Excess participant contributions payable - current year	13,009
Net income per the Form 5500	<u>\$ 2,055,415</u>

9. Excess Participant Contribution Payable

At December 31, 2021 and 2020, liabilities of \$13,009 and \$8,358, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS. These amounts for 2021 and 2020, were paid back to participants in the form of distributions or re-characterized as catch-up contributions in June of 2022 and 2021, respectively.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 18, 2022, the date the financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
