Independent Auditor's Report

The Plan Administrator
The Retirement Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Retirement Plan

Notes to Financial Statements

1. Description of the Plan

General

The Retirement Plan (the Plan) is a defined contribution plan established to provide retirement, disability, and death benefits for qualified employees of Standard Supply and Distributing Co., Inc. (the Company) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is subject to limitations imposed by the Internal Revenue Code (IRC).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective February 2, 2021, the Plan was amended and restated for regulatory purposes. There were no significant changes to the Plan provisions as part of the restatement.

Plan Administration

Great-West Trust Company, LLC (the Trustee) is responsible for custody and management of the plan's assets. Great-West Life and Annuity Insurance Company (the Recordkeeper) maintains the accounting of participant accounts and performs other services for the Plan. The administrator of the Plan is the Company.

Eligibility

The Plan covers all employees of the Company, excluding union employees, leased employees and non-resident aliens, who have reached age 21. Eligible plan participants may begin making contributions after one calendar year from their date of hire in which they worked at least 1,000 hours. Upon becoming eligible, employees are auto enrolled in the Plan at a 4% deferral rate. The Plan includes an annual automatic deferral increase feature of 1% per year up to a maximum of 10%. Employees who do not wish to participate in the Plan have a 30 day opt-out period prior to their eligibility date in which they must return a signed opt-out form.

Contributions

Each year, participants may contribute from 1% to 100% of pretax annual compensation, as defined in the plan document. Participants may also make Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company's contributions, including matching and profit sharing are made on a discretionary basis, at the option of the board of directors. During 2022, the Board approved discretionary matching contributions whereby, the Company contributed 50% of the first 4% of base compensation that a participant contributes to the Plan, which totaled \$361,961.

Participants direct the investment of their contributions, rollover contributions, if applicable, and the Company's matching contribution and profit-sharing contribution, if any, into various investment options offered by the Plan. The Plan currently offers registered investment companies, a common collective trust, and self-directed brokerage accounts as investment options for participants.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and allocations of plan earnings and administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit-sharing contribution portion of their accounts is based on years of continuous service. A participant becomes 20% vested after two years of service and an additional 20% each year with 100% vesting at six years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by, if any, the highest outstanding loan balance within the previous 12-month period, or 50% of the participant's vested account balance. The participant requesting a plan loan must have a minimum vested account balance of \$2,000 to be eligible. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest in accordance with prevailing rates. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire a principal residence. As of December 31, 2022, interest rates were 4.25% to 8%, with various maturity dates on outstanding loans through May 2030.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal installment payments. The Plan requires a mandatory distribution following severance from employment. For those participants who will receive distribution before attaining the later of age 62 or normal retirement age, the maximum mandatory distribution is \$5,000, excluding the rollover account from the vested balance. Any vested account balance greater than \$1,000 will be subject to automatic rollover after severance from employment. Additionally, in-service withdrawals are permitted for both hardships and by 59½ year old participants. Hardship withdrawals, as well as withdrawals by participants who are at least 59½ years old require 100% vesting and hardship withdrawals may not include Roth deferrals.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested account balances totaled \$57,149 and \$39,999, respectively. In accordance with Plan provisions, amounts will be used to pay for administrative expenses of the Plan or to reduce future employer contributions. During 2022, none of the forfeitures were used to reduce future employer contributions or pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end. The fair value of investments in the common collective trust is measured by using NAV as a practical expedient to estimate fair value and is determined by each fund trustee at year end based on the fair value of the underlying securities within that trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

Contributions

Participant contributions and any related Company matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

The Retirement Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plan's investment earnings activity and are therefore included in net appreciation of fair value of investments.

3. Fair Value Measurements

Basis of Fair Value Measurement

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - This level consists of quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - This level consists of prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies - Investments in registered investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded. These funds are classified as Level 1.

Self-Directed Brokerage Accounts - Investments in the self-directed brokerage accounts consist primarily of U.S. equities which are valued based on the exchange listed prices at the close of each business day. These funds are classified as Level 1.

Common Collective Trust - The fair value of participation units held in the collective trust is based on the NAV reported by fund managers as of the financial statement dates and recent transaction prices. The investment objective of the common collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile.

The Retirement Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Self-directed brokerage	\$ 217,917	\$ -	\$ -	\$ 217,917
Registered investment companies	13,863,559	-	-	13,863,559
Total Investments , in the fair value hierarchy	\$ 14,081,476	\$ -	\$ -	14,081,476
Investments at NAV				754,844
Total Investments , at fair value				\$ 14,836,320

December 31, 2021

	Level 1	Level 2	Level 3	Total
Self-directed brokerage	\$ 237,295	\$ -	\$ -	\$ 237,295
Registered investment companies	17,038,727	-	-	17,038,727
Total Investments , in the fair value hierarchy	\$ 17,276,022	\$ -	\$ -	17,276,022
Investments at NAV				1,458,002
Total Investments , at fair value				\$ 18,734,024

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value of Measurements in Entities that Use NAV

The fair value of the common collective trust fund based on NAV per share as of December 31, 2022 and 2021 is \$754,844 and \$1,458,002, respectively. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

4. Tax Status

The Plan adopted a plan document effective February 2, 2021, which received an advisory letter dated June 30, 2020, stating that the form of the volume submitter is qualified under Section 401 of the IRC, and therefore, is tax exempt. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable

The Retirement Plan

Notes to Financial Statements

requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments (except for \$217,917 and \$237,295 held in the self-directed brokerage account as of December 31, 2022 and 2021, respectively), and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation in the fair value of investments (excluding (\$29,898) from investments held in the self-directed brokerage account), interest and dividend income, and interest income on participant notes receivable as reported on the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the notes to financial statements.
- All investment information included in the Supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022; excluding \$217,917 of amounts held in the self-directed brokerage account.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Related Party and Party-in-Interest Transactions

Certain plan investments are units of a common collective trust managed by Putnam Fiduciary Trust Company who is related to the Recordkeeper and the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. During 2022, the Plan paid administrative expenses of \$35,201 to the Recordkeeper. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above

The Retirement Plan

Notes to Financial Statements

transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company contribution portion of their account.

8. Risks and Uncertainties

The Plan provides for various investments in registered investment companies, a self-directed brokerage account and a common collective trust. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Investment Concentrations

As of December 31, 2022 and 2021, the Plan held 41% of its investments in three investments and 37% of its investments in three investments, respectively.

10. Subsequent Events

Plan management has evaluated subsequent events that occurred after December 31, 2022 and through August 7, 2023, which is the date the financial statements and supplemental schedule were available to be issued.
