Financial Statements

December 31, 2022

Independent Auditors' Report

To the Administrative Committee ATANE 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the accompanying financial statements of ATANE 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**To the Administrative Committee
ATANE 401(k) and Profit Sharing Plan**

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

ATANE 401(k) and Profit Sharing Plan

Notes to Financial Statements
December 31, 2022

1. Description of the Plan

The following description of ATANE 401(k) and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a profit sharing plan covering eligible employees of ATANE Engineers, Architects and Land Surveyors, D.P.C., ATANE, LLC, ATANE Engineers, Architects and Land Surveyors P.C., and ATANE Engineers, P.C. (collectively the “Employer” or the “Company”). Fidelity Management Trust Company (“Fidelity”) serves as the trustee of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees are eligible to begin participation on designated monthly enrollment dates provided that they have completed 3 consecutive months of service and have reached 21 years of age. Excluded from eligibility are union employees, non-resident alien employees, and summer interns. Employees are eligible to receive matching contributions upon enrollment. Employees are eligible to receive employer profit sharing contributions after one year of service and attainment of age 21.

Contributions

Plan participants may contribute up to 90% of their eligible compensation to their employee deferral accounts, on a tax deferred basis or Roth after-tax basis. Participant contributions may not exceed the federal statutory limit as specified by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Eligible employees are automatically enrolled in the Plan with 4% being deducted from the employees’ pay. Each year on January 1st, the employee contribution level is increased 2% to a maximum of 8%. Employees have the option of not participating by accessing their account on-line and completing a change in enrollment form to decrease or increase their contribution rate or to not participate.

1. Description of the Plan (*continued*)

Contributions (*continued*)

The Plan provides that the Employer may make matching contributions equal to a discretionary percentage, to be determined by the employer, of the employees' salary reductions. During 2022 the Employer match was calculated as 50% of employee deferrals up to 5% of gross salary. During 2022 matching contributions amount to \$316,267. If the employees' deferral contributions exceed the 402(g) limitation plus the catch-up limitation, if applicable, in effect for a calendar year, the employer may not make a matching contribution on the basis of that excess amount.

The employer may elect to make a discretionary profit sharing contribution. The amount of this profit sharing contribution may be any amount, including zero. For the 2022 plan year, no Employer discretionary profit sharing contributions were made to the Plan.

Participant Accounts

A participant's account is credited with the participant's contribution and allocations of (a) Employer contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired prior to October 1, 2020 are vested in the Employer matching contributions and profit-sharing contributions according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants hired subsequent to October 1, 2020 will be subject to a six year graduated vesting schedule.

1. Description of the Plan (*continued*)

Forfeited Accounts

Forfeited accounts are amounts forfeited by employees with a non-vested portion in their account that have terminated their employment and who have withdrawn from the Plan. Forfeited contributions will be used to reduce future Employer contributions and Plan expenses. At December 31, 2022 and 2021 forfeited non-vested amounts totaled \$248,375 and \$205,020. During 2022, \$28,263 of forfeitures were used to reduce Plan expenses.

Revenue Credit Account

The Plan and Fidelity have entered into a revenue sharing arrangement whereby a portion of the revenue earned by the Fidelity from certain funds is allocated to the Revenue Credit Account on a quarterly basis. In order for the Plan to receive credits as a result of this arrangement, the Company created the Revenue Credit Account under the Plan. The Revenue Credit Account is a nonparticipant directed account within the Plan, and is used to record the redistribution of plan-generated fund revenue based on the agreed rate for each fund multiplied by the average quarterly balance. The Revenue Credit Account balance was \$10,886 and \$11,542 at December 31, 2022 and 2021. During 2022, \$2,546 from the Plan's revenue credit account was used to reduce plan expenses.

Payment of Benefits and Withdrawals

The Plan is designed to provide benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability, or any other reason, a request for distribution of a participant's account balance is also allowed. If a participant dies while classified as an active member of the Plan, the participant's beneficiary or beneficiaries are entitled to receive 100% of the participant's account balance. Should a participant become totally and permanently disabled while employed by the Company, the full value of the participant's account balance may be distributed upon request.

Upon termination of employment, the vested amount of the participant's account will be distributed to the participant in a lump-sum cash payment if the participant's vested account balance is less than \$5,000. If the account balance is greater than \$5,000, the participant's written consent will be required for any distribution including the election of a rollover distribution to another qualified plan. Otherwise, the plan administrator will direct the trustee to begin distribution after the participant attains the age of 70½. Upon reaching age 59½, pursuant to the Internal Revenue Code ("IRC"), participants may elect distributions from their accounts without any tax penalty.

Subject to certain limitations prescribed by the Plan and the IRC, participants may elect hardship withdrawals.

1. Description of the Plan (*continued*)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at the prime rate and are secured by the participant's account. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan, up to five years, unless the loan is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 30 years from the date of the loan. A participant may have no more than two outstanding loans from the Plan at any time. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Mutual funds and the money market fund held by the Plan are valued at fair value based on the daily closing price as reported by the funds. The mutual funds and money market fund are registered with the Securities and Exchange Commission. They are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Certificates of deposit are carried at cost plus accrued interest, which approximates fair value. The Plan has a self-directed brokerage account in which participants may direct the purchase of shares of mutual funds, money market funds, common stocks and certificates of deposit.

ATANE 401(k) and Profit Sharing Plan

Notes to Financial Statements
December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The guaranteed investment contract is valued at contract value, which represents contributions made under the contract, plus interest credited, less withdrawals and fees.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Certain administrative fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net asset value of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is June 25, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, qualified institution.

4. Investments

The following are major categories of investments measured at fair value grouped by the fair value hierarchy as of December 31:

	2022		
	Level 1	Level 2	Total
Money market fund	\$ 35,625	\$ -	\$ 35,625
Certificates of deposit	-	179,662	179,662
Mutual funds	29,199,785	-	29,199,785
Common stock	53,878	-	53,878
	<u>\$ 29,289,288</u>	<u>\$ 179,662</u>	<u>\$ 29,468,950</u>
	2021		
	Level 1	Level 2	Total
Mutual funds	<u>\$ 39,128,257</u>	<u>\$ -</u>	<u>\$ 39,128,257</u>

The guaranteed investment contract is not included in the fair value hierarchy table above as it is valued at contract value. The balance of the guaranteed investment contract at December 31, 2022 and 2021 is \$2,874,284 and \$2,053,207.

5. Prudential Guaranteed Income Fund

The Guaranteed Income Fund (“GIF”) is a fully benefit-responsive group annuity insurance contract with Prudential Retirement Insurance and Annuity Company (“Prudential”), which is designed to provide stability of crediting rate, guaranteed protection of principal and accumulated interest from market volatility and intermediate-term fixed income returns. GIF invests in a broadly diversified fixed income portfolio within Prudential’s general account. The portfolio is primarily invested in public bonds, commercial mortgages, and private placement bonds. Principal and accumulated interest are fully guaranteed by Prudential. The interest crediting rate is declared in advance and is guaranteed for a six-month period.

Per the contract, there are not any events that could limit the ability of the Plan to transact at contract value within 90 days or contract value paid over time. Further, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or overtime.

Per Plan, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. Since the GIF is fully benefit-responsive, it is recorded at contract value on the statements of net assets available for benefits.

6. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

ATANE 401(k) and Profit Sharing Plan

Notes to Financial Statements
December 31, 2022

7. Tax Status

The IRS issued an opinion letter to the prototype plan document preparer, Fidelity Management & Research Co., dated June 30, 2030, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Party-in-Interest Transactions

Certain Plan investments were managed by the Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
