INDEPENDENT AUDITOR'S REPORT

The Board of Trustees of the
SMART National Supplemental
Savings Plan

Opinion

We have audited the accompanying financial statements of the SMART National Supplemental Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 13 through 15 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SMART NATIONAL SUPPLEMENTAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the SMART National Supplemental Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective October 1, 2019, the name of the Plan was changed from Sheet Metal Workers' National Supplemental Savings Plan to SMART National Supplemental Savings Plan.

General - The Plan was established effective October 1, 1999 and covers employees of participating employers who meet the eligibility requirements. The Plan is a multiemployer profit sharing plan, with a deferred arrangement commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee shall become a participant on the date of hire or the date the employer becomes a contributing employer, whichever is later.

Participant Contributions - Eligible participants may elect to make a pretax contribution to the Plan by contributing an amount per hour worked or a set dollar amount of earnings. Participant contributions receivable is based on amounts withheld from participants by employers prior to year-end but received by the Plan after year-end.

Operating Account - Pursuant to the plan document, fees for administrative expenses are \$5.00 per participant per quarter. These fees are deducted from participant accounts and are deposited into a general account of the Plan and are used to pay such expenses. At December 31, 2022 and 2021, \$74,382 and \$189,287, of non-participant directed monies are included in net assets available for benefits, respectively.

Profit Sharing Contributions - A contributing employer may determine that it will contribute an amount to its employees' profit-sharing accounts, as set forth in the applicable participation agreement or collective bargaining agreement. Profit sharing contributions, if any, shall be invested in accordance with the direction of the participant.

Employer Matching - A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable participation agreement or collective bargaining agreement. Matching contributions will be invested in accordance with the direction of the participant.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Contributions Receivable - Contributions receivable at year-end are based on actual contributions received subsequent to year-end for hours worked prior to year-end. There is no allowance for doubtful accounts at December 31, 2022 and 2021.

The Plan participants have a 100% vested (non-forfeitable) interest in contributions made on their behalf at all times.

Investment Options - Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Investment performance by the investments selected by the participants may cause their vested balances to exceed or be less than the amounts contributed to the Plan.

Distributions - Distributions are made as provided for under the Plan agreement and include termination of employment, permanent disability, retirement or death.

Notes Receivable from Participants - Participants may elect to borrow the lesser of 50% of their account balances or \$50,000 from the Plan. These loans are secured by the value of the participant's vested benefit. The maximum term for a loan is 5 years or 10 years, if the loan is for the purchase of the participant's primary residence. Each loan is treated as a directed investment of the participant who receives the loan proceeds, and all loan repayments received by the Plan are credited to that participant's account. The loans bear interest at rates established by the Board of Trustees (Trustees), based on their review of prevailing interest rates. Participants should refer to the Summary Plan Description for additional information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investments - Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reported on a trade-date basis. Interest income is recognized on an accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter on August 16, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and Department of Labor. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. RELATED PARTIES AND PARTIES-IN-INTEREST

For the years ended December 31, 2022 and 2021, the Plan was charged \$297,589 and \$233,694, respectively, by the Sheet Metal Workers' National Pension Fund (SMWNPF) for reimbursement of the Plan's allocated share of administrative expenses initially paid by SMWNPF. The amounts due (to) from SMWNPF were \$(39,266) and \$(58,347) at December 31, 2022 and 2021, respectively. In addition, the SMWNPF owed \$129,319 and \$169,556 for contributions allocated to the Plan at December 31, 2022 and 2021, respectively.

The Plan pays certain administrative, investment and professional fees to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction restrictions of ERISA.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Descriptions	12/31/2022 Total	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 60,327,726	<u>\$ 60,327,726</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>48,225,212</u>			
Total	<u>\$ 108,552,938</u>			

Descriptions	12/31/2021 Total	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 69,368,260	<u>\$ 69,368,260</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>56,620,221</u>			
Total	<u>\$ 125,988,481</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Mutual funds: Traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

Collective investment trusts: Valued at fair values reported in the entities' audited financial statements and are based on their NAV as of the last day of the year.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV per share of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in these investment entities is subject to the terms of the respective agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2022 and 2021 by investment strategy:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective investment trusts	\$ 48,225,212	\$ 56,620,221	\$ -	Daily	1 day

The following summarizes the investment strategy of the Plan's investments in the table presented above, which do not report as a direct filing entity (DFE) to the Department of Labor:

- a. The investment objective of the MSCI ACWI Ex US Fund is to seek to match the risk and return characteristics of the MSCI ACWI Ex US Index by investing the assets of the portfolio primarily in publicly traded non-U.S. equity securities. The investment objectives of the S&P 400 Fund, S&P 500 Fund and S&P 600 Fund are to seek to match the risk and return characteristics of the S&P 400 Total Return Index, S&P 500 Total Return Index and S&P Small Cap 600 Total Return Index, respectively, by investing the assets of the portfolio primarily in publicly traded U.S. equity securities. The investment objective of the Russell 3000 Fund is to seek to match the risk and return characteristics of the Russell 3000 Total Return Index by investing the assets of the portfolio primarily in publicly traded U.S. equity securities. There is no unfunded commitment. These investments can be redeemed daily.

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a contract with New York Life via an investment in the New York Life Guaranteed Interest Account. The account is credited with earnings at a fixed interest rate on the underlying investments and is charged for plan withdrawals. The crediting interest rate was 2.40% and 2.30% for the years ended December 31, 2022 and 2021, respectively. The crediting interest rate is reset annually on January 1.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less plan withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value was \$8,425,247 and \$7,033,440 as of December 31, 2022 and 2021, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination), (2) termination of the contract or breach of a provision of the contract by the Plan, or (3) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract permits New York Life to terminate the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

The investment objective of the Guaranteed Interest Account is to provide a stable crediting rate consistent with preservation of principal. The account will attempt to achieve this objective by investing in a broadly diversified fixed income portfolio within New York Life Insurance Company's general account. Fixed income investments in the general account are managed by New York Life Investments' Fixed Income Investors Group. The New York Life general account is invested primarily in a conservative array of securities and cash-equivalent investments in accordance with the investment restrictions of New York Insurance Law. The primary objective of the general account is to ensure that New York life can meet its obligations to policyholders. There are no unfunded commitments related to the contract.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. In the event that the Trustees terminate the Plan, participants will receive their account in the Plan as it exists on the date the Plan is terminating.

NOTE 8. RISKS AND SIGNIFICANT UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 21, 2023, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
