Report of Independent Auditors

To the Plan Participants and the Plan Administrator of Millennium
International Management LP Savings Plan

Opinion

We have audited the financial statements of Millennium International Management LP Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s

provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional

analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Millennium International Management LP Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Millennium International Management LP Savings Plan (the “Plan”), sponsored by Millennium International Management LP (the “Company” or the “Plan Sponsor”), provides only general information. Participants should refer to the Plan agreement for a more complete narrative of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company and its subsidiaries, MPG Operations LLC and Millennium Global Estate GP LLC (together, the “Plan Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan has a committee (the “Plan Committee”) that is responsible for the general administration of the Plan. On June 1, 2022 the plan changed its recordkeeper and custodian from Empower Retirement and Great West Trust Company LLC to Fidelity Workplace Services LLC and Fidelity Management Trust Company (collectively “Fidelity”). Morgan Stanley Smith Barney, LLC (the “Investment Advisor”) serves as the investment advisor for the Plan.

Eligibility

Employees of the Plan Companies that are the age of 21 or over are eligible to participate in the Plan. The Plan has an auto-enrollment feature whereby new employees who have yet to enroll after 45 days of employment, and are 21 years of age, will be automatically enrolled in the Plan at a contribution rate of 6% of the employee’s compensation into the Plan’s default investment option, which is a Custom Target Date Fund based on the age of the employee. The automatic contribution percentage will increase by 1% per Plan year up to a maximum of 12% of compensation. However, at any time, employees may select an alternative amount to contribute or elect not to participate in the Plan.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Eligibility (continued)

The Company directs Fidelity to invest any contribution or other amount credited under the Plan for which neither the participant nor the Plan has provided Fidelity with investment instructions, which primarily pertain to plan rollovers, in good order into a predetermined investment set by the Plan Committee.

Contributions

Plan participants may contribute the maximum allowable pre-tax amount of \$20,500 in 2022. A participant who attains age 50 before the end of the Plan year may also make catch-up pre-tax contributions of up to \$6,500 in 2022. Additionally, effective December 1, 2022, participants may make after-tax contributions of up to \$30,000 in 2022. They may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, and are permitted to make in-plan rollovers and transfers of vested portions of after-tax contributions to Roth.

Contributions are subject to certain limitations under the Internal Revenue Code (the “Code”). Upon enrollment, participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions up to the amount that a participant contributes to the Plan, not exceeding the limits under the Code. Subsequent to year end, this amount is allocated to each of the Plan’s investment options based upon each participant’s investment elections. The Company’s contributions for the year ended December 31, 2022 were \$7,359,887 before the application of forfeitures at the time of payment, which represented a 100% match on the first \$4,000 contributed by each Plan participant.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution and allocations of Plan gains or losses. Plan earnings are allocated based on the participant’s share of net gains or losses of their respective elected investment options, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service. The Company's matching contributions vest as follows:

Years of Service	Vested Percentage
Up to 1 year of service	0%
After 1 year of service	33%
After 2 years of service	66%
After 3 years of service	100%

Notes Receivable from Participants

Participants may borrow from their accounts any amount with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each participant is permitted to have two loans outstanding, with a term from twelve to three hundred sixty months. The loans are secured by the balance in the participant's account and bear a rate of interest, which is commensurate with the prevailing rates as determined by the Plan administrator. Repayment of a loan is made at least semi-monthly, on an after-tax basis.

The interest rate for outstanding loans as of December 31, 2022 ranged from 4.25% to 8.00% and loans mature from March 21, 2023 to February 8, 2052.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary of the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the participant's or the participant's beneficiary's lifetime. For termination of service for other reasons, a participant with less than 100% vested balance may only be distributed the vested portion in a single lump-sum. Participants with 100% vested balance may elect to receive a single lump-sum payment, installments over a period of assumed life expectancy, or partial distributions.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits (continued)

A participant who has attained the age of 59.5 years shall be entitled to receive a distribution of all or a portion of the vested value of his or her account. Participants may also receive hardship withdrawals in other circumstances as defined in the Plan agreement.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested employer matching contributions. If a participant is rehired within five years, the participant's account balance as of the date of termination of employment will be restored. Forfeited balances of terminated participants' nonvested accounts may be used to reduce the employer matching contribution. Subsequent to the year end, forfeited balances of 712,503 were used to reduce the employer match for 2022; the balance as of December 31, 2022 were \$532,188.

Administrative Expenses

Expenses associated with the Plan, including recordkeeping, trustee and investment advisor fees, are paid by the participants pursuant to the terms of the Plan. For the year ended December 31, 2022, the Company paid for the Plan's annual audit fees.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The following is a summary of the significant accounting and reporting policies used in preparing the financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Cash Equivalents

Cash equivalents consists of money market funds.

Notes Receivable from Participants

Notes receivable from participants on the statements of net assets available for benefits represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan's record-keeper deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded and reflected in benefits paid directly to participants in the statement of changes in net assets available for benefits. The deemed distributed loans were \$102,443 for the year ended December 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments include investments in mutual funds, stated at fair value, and an investment in a separate account guaranteed interest contract ("SAGIC"), stated at contract value. Mutual funds offered for investment within the Plan are valued at quoted market prices on the last business day of the Plan year, which represent the net asset value per unit of shares held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. The investment in SAGIC is stated at contract value which is based on the aggregate contract value of the underlying net assets and has a guaranteed fixed interest rate. Participants may make contributions to or redeem from investments in the Plan on a daily basis.

The Plan Committee, which is comprised of certain officers and employees of the Plan Companies, is responsible for determining the Plan's valuation policies and analyzing information provided by the Investment Advisor that is used to determine the fair value of the Plan's investments.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Fair Value of Financial Instruments

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The transaction to sell an asset or transfer a liability is a hypothetical transaction at the measurement date, considered from the perspective of a market participant. A fair value measurement also assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs that reflect unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities; |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for assets and liabilities either directly or indirectly at the measurement date; and |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable at the measurement date. |

For financial instruments which are quoted in an active market, fair value is determined directly from those quoted market prices. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available and those quotes represent actual and regularly occurring market transactions on an arm's length basis.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

3. Fair Value of Financial Instruments (continued)

For financial instruments which do not have directly available quoted market prices, fair values are estimated using valuation techniques based wherever possible on assumptions supported by observable market prices or rates existing at the measurement date.

The input and methodology used for valuing the Plan's investments are not necessarily an indication of the risk associated with investing in those investments.

The following tables summarize the Plan's assets measured at fair value within the fair value hierarchy levels as of December 31, 2022 and 2021:

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a SAGIC that meets the fully benefit-responsive investment contract criteria and therefore it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

4. Fully Benefit-Responsive Investment Contracts (continued)

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There is a fixed crediting rate periodically reset from the SAGIC's investment experience and plan level cash flows and fees. In no instance will the contract value account interest rate fall below 0%.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events (such as the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code, Plan termination or merger, or other Company events that significantly affect the Plan's normal operations) might limit the ability of the Plan to transact at contract value with the contract issuer.

As of December 31, 2022, and 2021, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events (such as an uncured violation of the Plan's investment guidelines, a breach of material obligation under contract, material misrepresentation, or material amendment to the agreement without the consent of the issuer) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31, 2022 and 2021 to the Form 5500:

5. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

	<u>2022</u>
Net decrease in net assets available for benefits per the financial statements	\$ (23,461,397)
Net increase in contribution receivables*	<u>(388,335)</u>
Net decrease in assets available for benefits per the Form 5500	<u><u>\$ (23,849,732)</u></u>

* All contributions per Form 5500 are reported on a cash basis.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance under the Plan.

7. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. If applicable, the Plan would recognize interest and penalties related to uncertain tax positions as income tax expense and related tax liability in the Plan’s financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of the risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related-Party and Party in Interest Transactions

In the normal course of business, certain officers and employees of the Plan Companies (who may also be participants in the Plan) perform oversight functions related to the Plan's operation, recordkeeping and financial reporting. The Plan Companies pay these individuals' salaries and also pay for a portion of other administrative expenses on the Plan's behalf. The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

10. Subsequent Events

Management evaluated subsequent events for the Plan through August 4, 2023, the date the financial statements were available to be issued, and concluded no additional disclosures are required.

Report of Independent Auditors

To the Plan Participants and the Plan Administrator of Millennium
International Management LP Savings Plan

Opinion

We have audited the financial statements of Millennium International Management LP Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s

provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional

analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Millennium International Management LP Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Millennium International Management LP Savings Plan (the “Plan”), sponsored by Millennium International Management LP (the “Company” or the “Plan Sponsor”), provides only general information. Participants should refer to the Plan agreement for a more complete narrative of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company and its subsidiaries, MPG Operations LLC and Millennium Global Estate GP LLC (together, the “Plan Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan has a committee (the “Plan Committee”) that is responsible for the general administration of the Plan. On June 1, 2022 the plan changed its recordkeeper and custodian from Empower Retirement and Great West Trust Company LLC to Fidelity Workplace Services LLC and Fidelity Management Trust Company (collectively “Fidelity”). Morgan Stanley Smith Barney, LLC (the “Investment Advisor”) serves as the investment advisor for the Plan.

Eligibility

Employees of the Plan Companies that are the age of 21 or over are eligible to participate in the Plan. The Plan has an auto-enrollment feature whereby new employees who have yet to enroll after 45 days of employment, and are 21 years of age, will be automatically enrolled in the Plan at a contribution rate of 6% of the employee’s compensation into the Plan’s default investment option, which is a Custom Target Date Fund based on the age of the employee. The automatic contribution percentage will increase by 1% per Plan year up to a maximum of 12% of compensation. However, at any time, employees may select an alternative amount to contribute or elect not to participate in the Plan.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Eligibility (continued)

The Company directs Fidelity to invest any contribution or other amount credited under the Plan for which neither the participant nor the Plan has provided Fidelity with investment instructions, which primarily pertain to plan rollovers, in good order into a predetermined investment set by the Plan Committee.

Contributions

Plan participants may contribute the maximum allowable pre-tax amount of \$20,500 in 2022. A participant who attains age 50 before the end of the Plan year may also make catch-up pre-tax contributions of up to \$6,500 in 2022. Additionally, effective December 1, 2022, participants may make after-tax contributions of up to \$30,000 in 2022. They may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, and are permitted to make in-plan rollovers and transfers of vested portions of after-tax contributions to Roth.

Contributions are subject to certain limitations under the Internal Revenue Code (the “Code”). Upon enrollment, participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions up to the amount that a participant contributes to the Plan, not exceeding the limits under the Code. Subsequent to year end, this amount is allocated to each of the Plan’s investment options based upon each participant’s investment elections. The Company’s contributions for the year ended December 31, 2022 were \$7,359,887 before the application of forfeitures at the time of payment, which represented a 100% match on the first \$4,000 contributed by each Plan participant.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution and allocations of Plan gains or losses. Plan earnings are allocated based on the participant’s share of net gains or losses of their respective elected investment options, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service. The Company's matching contributions vest as follows:

Years of Service	Vested Percentage
Up to 1 year of service	0%
After 1 year of service	33%
After 2 years of service	66%
After 3 years of service	100%

Notes Receivable from Participants

Participants may borrow from their accounts any amount with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each participant is permitted to have two loans outstanding, with a term from twelve to three hundred sixty months. The loans are secured by the balance in the participant's account and bear a rate of interest, which is commensurate with the prevailing rates as determined by the Plan administrator. Repayment of a loan is made at least semi-monthly, on an after-tax basis.

The interest rate for outstanding loans as of December 31, 2022 ranged from 4.25% to 8.00% and loans mature from March 21, 2023 to February 8, 2052.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary of the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the participant's or the participant's beneficiary's lifetime. For termination of service for other reasons, a participant with less than 100% vested balance may only be distributed the vested portion in a single lump-sum. Participants with 100% vested balance may elect to receive a single lump-sum payment, installments over a period of assumed life expectancy, or partial distributions.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits (continued)

A participant who has attained the age of 59.5 years shall be entitled to receive a distribution of all or a portion of the vested value of his or her account. Participants may also receive hardship withdrawals in other circumstances as defined in the Plan agreement.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested employer matching contributions. If a participant is rehired within five years, the participant's account balance as of the date of termination of employment will be restored. Forfeited balances of terminated participants' nonvested accounts may be used to reduce the employer matching contribution. Subsequent to the year end, forfeited balances of 712,503 were used to reduce the employer match for 2022; the balance as of December 31, 2022 were \$532,188.

Administrative Expenses

Expenses associated with the Plan, including recordkeeping, trustee and investment advisor fees, are paid by the participants pursuant to the terms of the Plan. For the year ended December 31, 2022, the Company paid for the Plan's annual audit fees.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The following is a summary of the significant accounting and reporting policies used in preparing the financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Cash Equivalents

Cash equivalents consists of money market funds.

Notes Receivable from Participants

Notes receivable from participants on the statements of net assets available for benefits represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan's record-keeper deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded and reflected in benefits paid directly to participants in the statement of changes in net assets available for benefits. The deemed distributed loans were \$102,443 for the year ended December 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments include investments in mutual funds, stated at fair value, and an investment in a separate account guaranteed interest contract ("SAGIC"), stated at contract value. Mutual funds offered for investment within the Plan are valued at quoted market prices on the last business day of the Plan year, which represent the net asset value per unit of shares held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. The investment in SAGIC is stated at contract value which is based on the aggregate contract value of the underlying net assets and has a guaranteed fixed interest rate. Participants may make contributions to or redeem from investments in the Plan on a daily basis.

The Plan Committee, which is comprised of certain officers and employees of the Plan Companies, is responsible for determining the Plan's valuation policies and analyzing information provided by the Investment Advisor that is used to determine the fair value of the Plan's investments.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Fair Value of Financial Instruments

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The transaction to sell an asset or transfer a liability is a hypothetical transaction at the measurement date, considered from the perspective of a market participant. A fair value measurement also assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs that reflect unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities; |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for assets and liabilities either directly or indirectly at the measurement date; and |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable at the measurement date. |

For financial instruments which are quoted in an active market, fair value is determined directly from those quoted market prices. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available and those quotes represent actual and regularly occurring market transactions on an arm's length basis.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

3. Fair Value of Financial Instruments (continued)

For financial instruments which do not have directly available quoted market prices, fair values are estimated using valuation techniques based wherever possible on assumptions supported by observable market prices or rates existing at the measurement date.

The input and methodology used for valuing the Plan's investments are not necessarily an indication of the risk associated with investing in those investments.

The following tables summarize the Plan's assets measured at fair value within the fair value hierarchy levels as of December 31, 2022 and 2021:

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a SAGIC that meets the fully benefit-responsive investment contract criteria and therefore it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Millennium International Management LP Savings Plan

Notes to Financial Statements (continued)

4. Fully Benefit-Responsive Investment Contracts (continued)

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There is a fixed crediting rate periodically reset from the SAGIC's investment experience and plan level cash flows and fees. In no instance will the contract value account interest rate fall below 0%.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events (such as the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code, Plan termination or merger, or other Company events that significantly affect the Plan's normal operations) might limit the ability of the Plan to transact at contract value with the contract issuer.

As of December 31, 2022, and 2021, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events (such as an uncured violation of the Plan's investment guidelines, a breach of material obligation under contract, material misrepresentation, or material amendment to the agreement without the consent of the issuer) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

5. Reconciliation of Financial Statements to Form 5500

5. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

	<u>2022</u>
Net decrease in net assets available for benefits per the financial statements	\$ (23,461,397)
Net increase in contribution receivables*	<u>(388,335)</u>
Net decrease in assets available for benefits per the Form 5500	<u><u>\$ (23,849,732)</u></u>

* All contributions per Form 5500 are reported on a cash basis.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance under the Plan.

7. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. If applicable, the Plan would recognize interest and penalties related to uncertain tax positions as income tax expense and related tax liability in the Plan’s financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of the risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related-Party and Party in Interest Transactions

In the normal course of business, certain officers and employees of the Plan Companies (who may also be participants in the Plan) perform oversight functions related to the Plan's operation, recordkeeping and financial reporting. The Plan Companies pay these individuals' salaries and also pay for a portion of other administrative expenses on the Plan's behalf. The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

10. Subsequent Events

Management evaluated subsequent events for the Plan through August 4, 2023, the date the financial statements were available to be issued, and concluded no additional disclosures are required.
