INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of the Harris Steel, Inc. 401(k) and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Harris Steel, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 30, 2022 (in liquidation) and December 31, 2021 (ongoing), the related statements of changes in net assets available for benefits for the period from January 1, 2022 to December 30, 2022 (in liquidation) and for the year ended December 31, 2021 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 30, 2022 and December 31, 2021, and for the period from January 1, 2022 to December 30, 2022 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, management of Harris Steel, Inc., the plan sponsor, transferred all assets of the Plan into Nucor Corporation Profit Sharing and Retirement Savings Plan on December 30, 2022. As a result, in accordance with GAAP, the Plan changed its basis of accounting from the ongoing basis used in presenting the 2021 financial statements to the liquidation basis used in presenting the 2022 financial statements.

HARRIS STEEL, INC. 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD FROM JANUARY 1, 2022 TO DECEMBER 30, 2022 (IN LIQUIDATION)
AND FOR THE YEAR ENDED DECEMBER 31, 2021 (ONGOING)

1. DESCRIPTION OF PLAN

The following description of the Harris Steel, Inc. 401(k) and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Plan Termination - Effective December 30, 2022, the assets of the Plan were transferred into the Nucor Corporation Profit Sharing and Retirement Savings Plan. The participants’ accounts were transferred out of the Plan and the participants were immediately able to participate in the Nucor Corporation Profit Sharing and Retirement Savings Plan.

General - The Plan was a defined contribution plan covering all full-time employees of Harris Steel, Inc. (the “Employer”) and its wholly owned subsidiaries who had completed sixty days of service and were not employees covered by a collective bargaining agreement or leased employees. The Plan was subject to the provisions of the Employee Retirement Income Security Act (“ERISA”). The Administrative Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan’s investments offerings and monitored investment performance.

Contributions - Each year, participants were able to contribute up to 75% of their annual eligible compensation, as defined in the plan document. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Matching amounts could have been contributed at the discretion of the Employer. For the period from January 1, 2022 to December 30, 2022 and the year ended December 31, 2021, the Employer made discretionary matching contributions equal to 100% of the first 6% of eligible compensation that a participant contributed to the Plan, up to \$500, plus 50% of the first 6% of eligible compensation that a participant contributed to the Plan, less \$500, up to \$1,500. Additional nonelective amounts could have been contributed at the option of the Employer. For the period from January 1, 2022 to December 30, 2022, no additional discretionary nonelective contributions were made to the Plan. During the year ended December 31, 2021, the Employer made additional nonelective contributions of approximately \$15,077,000. Contributions were subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts - Each participant’s account was credited with the participant’s contributions and the Employer’s discretionary matching contributions, as well as allocations of the Employer’s additional nonelective contributions and the Plan’s earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant was entitled is the benefit that could have been provided from the participant’s vested account.

Vesting - Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer’s contributions, plus actual earnings thereon, was based on years of continuous service. A participant was fully vested when they attained normal retirement age. Prior to normal retirement age, a participant’s interest in the contributions of the Employer vested 20% after one year of service, increasing 20% each succeeding year until fully vested after five years of service.

Notes Receivable from Participants - Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate, determined quarterly, was set at 1% above the prime rate, as defined in the plan document. Principal and interest were paid ratably through payroll deductions.

Forfeited Accounts - Benefit payments to terminated employees partially vested in the Plan included their vested portion of the Employer's contributions. The nonvested portion of terminated participants' account balances was used to reduce the Employer's future contributions or to pay the Plan's administrative expenses, as determined by the Employer at its sole discretion. As of December 30, 2022, there were no forfeited nonvested accounts. As of December 31, 2021, forfeited nonvested accounts totaled approximately \$303,000, respectively. During 2022 and 2021, forfeited nonvested accounts of approximately \$631,000 and \$210,000, respectively, were used to either reduce the Employer's contributions or pay the Plan's administrative expenses.

Payment of Benefits - Upon termination of service due to death, disability, retirement or some other reason, a participant could elect to receive a lump sum amount equal to the participant's vested interest in his or her account. The Plan permitted in-service and hardship withdrawals under certain conditions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - On December 30, 2022, all the assets were transferred out of the Plan. As a result, the 2021 financial statements have been prepared on the ongoing basis and the 2022 financial statements have been prepared on the liquidation basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Accounting Estimates - The preparation of financial statements in accordance with GAAP required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts were recognized in the year in which such adjustments were determined.

Investment Valuation and Income Recognition - Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and Fidelity Management Trust Company, the Trustee of the Plan. See Note 4 for disclosure of fair value measurement.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants were recorded as they were withheld from the participants' wages. Contributions from the Employer were recorded in the period in which the related participant contributions were due.

Notes Receivable from Participants - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of December 30, 2022 or December 31, 2021. If a participant ceased to make loan repayments and management deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits - Benefits were recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Employer. Expenses that were paid by the Employer were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net depreciation in fair value of investments.

Subsequent Events - Management has evaluated subsequent events through July 27, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 30, 2022 and December 31, 2021, and for the period from January 1, 2022 to December 30, 2022 and for the year ended December 31, 2021, included in the financial statements, that was prepared by, or derived from, information prepared by the Trustee, and furnished to management. Management obtained certifications from the Trustee that such information was complete and accurate as of December 30, 2022 and December 31, 2021 and for the period from January 1, 2022 to December 30, 2022 and for the year ended December 31, 2021.

Interest income on notes receivable from participants	\$ 142,288	\$ 133,236

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximized the use of relevant observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used as of December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common stock: Valued at the closing price as reported by the exchange on which the individual securities were traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, was used as a practical expedient to estimate fair value. This practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) could have occurred daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserved the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2021.

The preceding methods described may have produced a fair value calculation that may have not been indicative of net realizable value or reflective of future fair values. Furthermore, although management believed the Plan's valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could have resulted in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$132,441,793	\$ -	\$ -	\$132,441,793
Common stock	<u>226,754</u>	<u>-</u>	<u>-</u>	<u>226,754</u>
Total investments in the fair value hierarchy	<u>\$132,668,547</u>	<u>\$ -</u>	<u>\$ -</u>	132,668,547
Investment measured at NAV, as a practical expedient				<u>6,418,217</u>
Investments, at fair value				<u>\$139,086,764</u>

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain investments of Plan were managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the Trustee and recordkeeper for the Plan and, therefore, transactions qualified as exempt party in interest transactions.

As described in Note 1, the Plan permitted participants to borrow from their account balances. These transactions qualified as exempt party in interest transactions.

Effective December 2, 2014, the Trustee provided certain administrative services to the Plan pursuant to a Master Services Agreement ("MSA") between the Employer and the Trustee. The Trustee received revenue from mutual fund and collective trust fund service providers for services the Trustee provided to the funds. This revenue was used to offset certain amounts owed to the Trustee for its administrative services to the Plan.

If the revenue received by the Trustee from such mutual fund or collective trust fund service providers exceeded the amount owed under the MSA, the Trustee remitted the excess to the Plan's trust on a quarterly basis. Such amounts could have been applied to pay the Plan's administrative expenses or allocated to the accounts of the participants. During 2022 and 2021, excess amounts of approximately \$96,000 and \$57,000, respectively, were remitted to the Plan's trust. The Plan or the Employer were able to make a payment to the Trustee for administrative expenses not covered by revenue sharing.

6. TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualified under the Internal Revenue Code ("IRC") Section 401(a). The Plan had not received a determination letter specific to the Plan itself; however, management believed that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan was qualified and the related trust was tax exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management had analyzed the tax positions taken by the Plan, and had concluded that as of December 30, 2022 and December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits of any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 156,782,835
Less: Contributions receivable, end of year	<u>(15,077,126)</u>
Net assets available for benefits per Form 5500	<u>\$ 141,705,709</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the period from January 1, 2022 to December 30, 2022 and for the year ended December 31, 2021:
