Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Cornhusker International Trucks, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cornhusker International Trucks, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cornhusker International Trucks, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cornhusker International Trucks Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The Supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 - DESCRIPTION OF THE PROFIT SHARING PLAN**

The following description of the Cornhusker International Trucks, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- A. The profit-sharing plan is a defined contribution plan covering any eligible employee who has completed one month of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Participants may contribute up to 50 percent of their annual salaries, subject to limitations determined annually under the Internal Revenue Code. Cornhusker International Trucks, Inc. 401(k) Plan contributes 50 percent of the first 4 percent of basic compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors.
- C. Each participant's account is credited with the participant's contribution and allocation of the company's contribution, plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. The vesting of any participant's account is based on years of service. With respect to employer contributions, a participant is 100 percent vested after six years of credited service. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.
- E. Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment options offered. Participants may change their investment options daily.
- F. Participants may elect to receive the distribution of their benefits in the form of a lump-sum payment or in substantially equal installments over a period of not more than their assumed life expectancy.
- G. Forfeited non-vested accounts had a beginning balance of \$6 with additions during the year of \$4,255 of which \$107 was used to pay administrative costs and \$4,148 was used to reduce employer contributions during 2022, leaving \$6 unused at the end of 2022.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- A. ***Basis of Accounting -***  
The financial statements of the Plan are prepared under the accrual method of accounting.
- B. ***Estimates -***  
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. ***Investment Valuations and Income Recognition -***

The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at October 31, 2022 and 2021, except for the fully benefit-responsive investment fund which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the common collective funds are valued on information reported by the Trustee. The Trust seeks long-term capital growth by owning a diversified portfolio of established companies which produce superior and sustainable growth.

The net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses on the fair value of the investments held by the Plan during the year. Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued as it is earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### D. ***Expenses -***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

### E. ***Payment of Benefits -***

Benefits are recorded when paid.

## NOTE 3 - TAX STATUS

Cornhusker International Trucks, Inc. 401(k) Plan adopted Principal Life Insurance Company's Non-standardized Pre-Approved Profit Sharing Plan with CODA effective July 27, 2021.

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the applicable taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

#### NOTE 7 - PARTY-IN-INTEREST TRANSACTION AND RELATED PARTY TRANSACTIONS

Cornhusker International Trucks, Inc., is a party in interest and pays for certain administrative fees of the Plan.

## **NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan's investments, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the funded status of the Plan.

## **NOTE 9 - FAIR VALUE MEASUREMENTS**

Fair value measurements are determined using an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include -

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2022 and 2021.

Registered Investment Companies/Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net assets value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. Accordingly, investments in mutual funds are classified as Level 1.

**NOTE 9 - FAIR VALUE MEASUREMENTS (Continued)**

Common Collective Funds - Value is calculated by dividing such fund's net asset value on the calculation date by the number of units of such fund that are outstanding on the calculation date. The Fund has the ability to redeem its investment in the fund at net asset value per unit at the valuation date. Purchase and redemptions of units may occur on a daily basis. Accordingly, investments in these funds are classified as level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2022 and 2021:

## **NOTE 10 - COMMON COLLECTIVE FUNDS - AT CONTRACT VALUE**

The Plan invests in Gilliard Stable Return Fund N. This fund seeks to provide investors with a moderate level of stable income without principal volatility. There are no assurances that the fund will achieve this objective. Gilliard Stable Return Fund N has invested all of its assets in Gilliard Stable Return Fund Core. Gilliard Stable Return Fund Core invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specific period of time.

A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. A security-backed contract is an investment contract issued by an insurance company or other financial institution, back by a portfolio of bonds. The bond portfolio is either owned directly by the Fund or owned by the contract issuer and segregated in a separate account for the benefit of the Fund. The portfolio underlying the contract is maintained separately from the issuer's general assets, usually by a third-party custodian. The interest crediting rate of a security-backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the assets of the Fund. In the case of a full liquidation event, the issuer is responsible for covering any amount by which the contract value exceeds fair value of the underlying portfolio.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of the investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

Gilliard Stable Return Fund Core meets the fully benefit-responsive investment contract criteria and therefore the investment is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investments because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported under the Plan represents contributions made under the investment, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.
