INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Monro, Inc. 401(k) Plan

Opinion
We have audited the financial statements of Monro, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following brief description of the Monro, Inc. 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

Monro, Inc. (the employer and Plan sponsor) (the "Company" or "Monro") voluntarily contributes funds to provide for retirement, termination, disability and death benefits of plan participants. Substainally all employees of Monro, Inc. are eligible to become participants of the Plan upon hire. To participate, an employee must be 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During May 2020, the Plan was amended to change distribution and loan provisions in response to the passing of the CARES Act by the United States Congress in March 2020. The amendment enables participants impacted by the coronavirus to take a penalty-free distribution, allows current outstanding loan payments to be delayed for up to 12 months, increases the maximum loan limits for loans taken as a result of the virus, and temporarily waives required minimum distributions for the 2020 calendar year. The official amendment was finalized in November 2022.

During November 2022, the Plan was amended for additional language to be effective as of January 1, 2022. This amendment entailed updated language on the protection of Personal Data and Plan Data and around the Employer Stock Fund and Proxy Voting process in the Plan document. The official amendment was signed in December 2022.

Change in Plan Year

Effective in October 2021, the Plan was amended to change the Plan year-end from March 31 to December 31.

Contributions

Participants may contribute from 1% to 50% of their annual pre-tax compensation. Participants may also contribute amounts representing rollovers from other qualified plans. Contributions are subject to certain limitations as required under the Internal Revenue Code. Participants who have attained age 50 or older during the plan year are eligible to make catch-up contributions.

The Company match is a fixed uniform rate of 50% of the first 6% of participant contributions. Catch-up contributions are not eligible for Company matching contributions. All active participants are eligible to receive the Company match, with no limit based on hours worked. Matching contributions are calculated and remitted each payroll period. Additionally, the Company may contribute to the Plan an additional amount, either in the form of a "Profit Sharing Contribution", or in the form of an additional match on 401(k) participant contributions, at the sole discretion of the Board of Directors. For the year ended December 31, 2022, the Company did not make a "Profit Sharing Contribution".

Participants' Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's matching contribution, (b) an allocation of the Company's Profit Sharing contribution, if applicable, (c) Plan earnings and (d) charged with an allocation of administrative expenses. Plan earnings and administrative expense allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own salary reduction contributions plus actual earnings thereon. Vesting in the Company 401(k) Matching Contribution portion of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. A participant vests 25% at the end of his/her second year of service, and an additional 25% each year thereafter.

Participants become 100% vested in the Company's Profit Sharing Contributions at the end of five years of service with 25%, 50% and 75% vesting in years two, three and four, respectively.

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and to pay administrative expenses of the Plan. Forfeited accounts used to reduce Company contributions and to pay administrative expenses amounted to approximately $759,000 for the year ended December 31, 2022. At December 31, 2022 and 2021, remaining forfeitures available to offset future contributions were approximately $17,000 and $516,000, respectively.

Notes Receivable from Participants

Participants may borrow from their 401(k) account in various amounts as specified by the Plan. Notes receivable must be a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The terms for notes receivable range from one to five years, or up to ten years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Benefits Committee. Principal and interest are paid ratably through payroll deductions. Notes receivable of approximately $1,116,000 and $614,000 were granted during the year ended December 31, 2022 and the nine months ended December 31, 2021, respectively. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged directly to the participants' accounts when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon retirement, termination of employment, death or disability, participants or their beneficiaries may elect to receive their account balances in a single sum or in equal annual, or more frequent installments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary. In-service distributions are also permitted when a participant attains age 59.5 or demonstrates financial hardship.

Administrative Expenses

Plan expenses are primarily paid by the Plan. Expenses related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. During the year ended December 31, 2022, the Plan wrote off approximately $380,000 in accrued administrative expenses that will not be repaid to the Plan Sponsor. These amounts are recorded as Other Income on the accompanying statement of changes in net assets.

Administration

The Monro, Inc. Benefits Committee is solely responsible for the general administration of the Plan and carrying out the Plan provisions. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Company reserves the right, by action of the Board of Directors, to discontinue contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, each participant shall immediately become fully vested.

Since December 2014, the administrator, custodian and trustee of the Plan was Wells Fargo Bank, N.A. ("Wells Fargo"). The Company changed benefit plan administrators, custodian and trustee for the Plan from Wells Fargo to Prudential Financial, Inc. ("Prudential"), effective for the plan year beginning on April 1, 2021. As of April 4, 2022, Empower Retirement, LLC ("Empower") completed the acquisition of Prudential's full-service retirement business and became the benefit plan administrator, custodian and trustee of the Plan. Empower continues to operate under the Prudential name and these will be used interchangeably throughout these financial statements.

NOTES TO FINANCIAL STATEMENTS

All assets of the Plan are held by Prudential Retirement Services, an operating division of Empower. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance & Annuity Company ("PRIAC"), a wholly owned subsidiary of Empower. PRIAC was responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB ("PBT"), a wholly owned subsidiary of Empower, served as the trustee for which PRIAC was the record keeper of assets.

Certain Plan investments are invested in shares of registered investment companies and PRIAC. The PRIAC investment option available to participants as of December 31, 2022 included the PRIAC Guaranteed Income Fund (the "Fund"). The Fund is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Fund is a stable value fund designed to provide safety of principal, liquidity, and a competitive rate of return. The Fund is a group annuity product issued by PRIAC. It invests in a broadly diversified, fixed-income portfolio within PRIAC's general account. The portfolio is primarily invested in public bonds, commercial mortgages, and private placement bonds.

Subsequent Events

The Plan Administrator has evaluated subsequent events through June 29, 2023, the date the financial statements were available to be issued.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Financial Statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investment contracts, which are reported at contract value (see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment administrator, custodian and trustee. See Note 5 for discussion of fair value measurements.

The Plan presents, in the Statement of Changes in Net Assets, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate and market risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Recently Issued Accounting Pronouncements

Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") (including technical corrections to the FASB's Accounting Standards Codification) did not, or are not, expected to have a material effect on the Plan's financial statements.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are invested in shares of registered investment companies, common collective trusts and PRIAC. The PRIAC investment fund is managed by PRIAC, a wholly-owned subsidiary of Empower, the Plan's third party administrator, custodian and trustee. Therefore, transactions with Empower qualify as party-in-interest transactions under ERISA. Fees paid by the Plan to Empower for professional expenses amounted to approximately $194,000 for the year ended December 31, 2022. The Plan also invests in Monro, Inc. Stock Fund. Monro is the Plan Sponsor, and therefore, these transactions qualify as party-in-interest. Investment loss from investments sponsored by Monro amounted to approximately $317,900 for the year ended December 31, 2022.

NOTE 4 - FEDERAL INCOME TAX STATUS:

The Plan uses a Prototype Non-standardized Profit Sharing Plan with CODA with Empower. The agreement has obtained an opinion letter from the Internal Revenue Service ("IRS"), which states that the document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that is more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS:

The accounting standards related to fair value measurements include a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability, as follows:

- Level 1 valuations are based on quoted prices in active markets for identical instruments that the Plan has the ability to access.

- Level 2 valuations are based on quoted prices for similar, but not identical, instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or other significant observable inputs besides quoted prices.

- Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurement.

NOTES TO FINANCIAL STATEMENTS

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Employer Securities: These investments consist of common stock valued at the closing price reported on the active market on which the individual securities are traded.

Shares of Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of registered investment options held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trusts: Comprised of fully benefit-responsive investment contracts issued by insurance companies, banks and other financial institutions. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth the Plan's financial instruments measured at fair value as of December 31, 2022 and 2021.

		Fair Value Measurements at Reporting Date Using

NOTES TO FINANCIAL STATEMENTS

(a) In accordance with Accounting Standards Codification Subtopic 820-10, "Fair Value Measurement", certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2022.

The following table summarizes investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2021.

Investment	December 31, 2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:				
Wells Fargo Stable Return Fund	$ 2,896,450	N/A	Daily	12 months

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan participates in an investment contract with Empower by investing in the PRIAC Guaranteed Income Fund. The principal investments underlying the guarantee are high-quality fixed income instruments mainly consisting of public bonds, commercial mortgages and private placement bonds, within a general account. The Guaranteed Income Fund is a group annuity contract issued by PRIAC and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2022 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise.

Only an event causing liquidity constraints at PRIAC could limit the ability of the Plan to transact at the contract value to be paid within 90 days or, in rare circumstances, the contract value to be paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value to be paid either within 90 days or over time. As discussed in Note 1, the Plan considers this contract to be fully benefit-responsive. The Guaranteed Income Fund is included at its contract value in the statements of net assets available for benefits. The Guaranteed Income Fund does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Monro, Inc. 401(k) Plan

Opinion
We have audited the financial statements of Monro, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following brief description of the Monro, Inc. 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

Monro, Inc. (the employer and Plan sponsor) (the "Company" or "Monro") voluntarily contributes funds to provide for retirement, termination, disability and death benefits of plan participants. Substainally all employees of Monro, Inc. are eligible to become participants of the Plan upon hire. To participate, an employee must be 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During May 2020, the Plan was amended to change distribution and loan provisions in response to the passing of the CARES Act by the United States Congress in March 2020. The amendment enables participants impacted by the coronavirus to take a penalty-free distribution, allows current outstanding loan payments to be delayed for up to 12 months, increases the maximum loan limits for loans taken as a result of the virus, and temporarily waives required minimum distributions for the 2020 calendar year. The official amendment was finalized in November 2022.

During November 2022, the Plan was amended for additional language to be effective as of January 1, 2022. This amendment entailed updated language on the protection of Personal Data and Plan Data and around the Employer Stock Fund and Proxy Voting process in the Plan document. The official amendment was signed in December 2022.

Change in Plan Year

Effective in October 2021, the Plan was amended to change the Plan year-end from March 31 to December 31.

Contributions

Participants may contribute from 1% to 50% of their annual pre-tax compensation. Participants may also contribute amounts representing rollovers from other qualified plans. Contributions are subject to certain limitations as required under the Internal Revenue Code. Participants who have attained age 50 or older during the plan year are eligible to make catch-up contributions.

The Company match is a fixed uniform rate of 50% of the first 6% of participant contributions. Catch-up contributions are not eligible for Company matching contributions. All active participants are eligible to receive the Company match, with no limit based on hours worked. Matching contributions are calculated and remitted each payroll period. Additionally, the Company may contribute to the Plan an additional amount, either in the form of a "Profit Sharing Contribution", or in the form of an additional match on 401(k) participant contributions, at the sole discretion of the Board of Directors. For the year ended December 31, 2022, the Company did not make a "Profit Sharing Contribution".

Participants' Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's matching contribution, (b) an allocation of the Company's Profit Sharing contribution, if applicable, (c) Plan earnings and (d) charged with an allocation of administrative expenses. Plan earnings and administrative expense allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own salary reduction contributions plus actual earnings thereon. Vesting in the Company 401(k) Matching Contribution portion of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. A participant vests 25% at the end of his/her second year of service, and an additional 25% each year thereafter.

Participants become 100% vested in the Company's Profit Sharing Contributions at the end of five years of service with 25%, 50% and 75% vesting in years two, three and four, respectively.

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and to pay administrative expenses of the Plan. Forfeited accounts used to reduce Company contributions and to pay administrative expenses amounted to approximately $759,000 for the year ended December 31, 2022. At December 31, 2022 and 2021, remaining forfeitures available to offset future contributions were approximately $17,000 and $516,000, respectively.

Notes Receivable from Participants

Participants may borrow from their 401(k) account in various amounts as specified by the Plan. Notes receivable must be a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The terms for notes receivable range from one to five years, or up to ten years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Benefits Committee. Principal and interest are paid ratably through payroll deductions. Notes receivable of approximately $1,116,000 and $614,000 were granted during the year ended December 31, 2022 and the nine months ended December 31, 2021, respectively. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged directly to the participants' accounts when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon retirement, termination of employment, death or disability, participants or their beneficiaries may elect to receive their account balances in a single sum or in equal annual, or more frequent installments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary. In-service distributions are also permitted when a participant attains age 59.5 or demonstrates financial hardship.

Administrative Expenses

Plan expenses are primarily paid by the Plan. Expenses related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. During the year ended December 31, 2022, the Plan wrote off approximately $380,000 in accrued administrative expenses that will not be repaid to the Plan Sponsor. These amounts are recorded as Other Income on the accompanying statement of changes in net assets.

Administration

The Monro, Inc. Benefits Committee is solely responsible for the general administration of the Plan and carrying out the Plan provisions. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Company reserves the right, by action of the Board of Directors, to discontinue contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, each participant shall immediately become fully vested.

Since December 2014, the administrator, custodian and trustee of the Plan was Wells Fargo Bank, N.A. ("Wells Fargo"). The Company changed benefit plan administrators, custodian and trustee for the Plan from Wells Fargo to Prudential Financial, Inc. ("Prudential"), effective for the plan year beginning on April 1, 2021. As of April 4, 2022, Empower Retirement, LLC ("Empower") completed the acquisition of Prudential's full-service retirement business and became the benefit plan administrator, custodian and trustee of the Plan. Empower continues to operate under the Prudential name and these will be used interchangeably throughout these financial statements.

NOTES TO FINANCIAL STATEMENTS

All assets of the Plan are held by Prudential Retirement Services, an operating division of Empower. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance & Annuity Company ("PRIAC"), a wholly owned subsidiary of Empower. PRIAC was responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB ("PBT"), a wholly owned subsidiary of Empower, served as the trustee for which PRIAC was the record keeper of assets.

Certain Plan investments are invested in shares of registered investment companies and PRIAC. The PRIAC investment option available to participants as of December 31, 2022 included the PRIAC Guaranteed Income Fund (the "Fund"). The Fund is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Fund is a stable value fund designed to provide safety of principal, liquidity, and a competitive rate of return. The Fund is a group annuity product issued by PRIAC. It invests in a broadly diversified, fixed-income portfolio within PRIAC's general account. The portfolio is primarily invested in public bonds, commercial mortgages, and private placement bonds.

Subsequent Events

The Plan Administrator has evaluated subsequent events through June 29, 2023, the date the financial statements were available to be issued.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Financial Statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investment contracts, which are reported at contract value (see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment administrator, custodian and trustee. See Note 5 for discussion of fair value measurements.

The Plan presents, in the Statement of Changes in Net Assets, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate and market risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Recently Issued Accounting Pronouncements

Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") (including technical corrections to the FASB's Accounting Standards Codification) did not, or are not, expected to have a material effect on the Plan's financial statements.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are invested in shares of registered investment companies, common collective trusts and PRIAC. The PRIAC investment fund is managed by PRIAC, a wholly-owned subsidiary of Empower, the Plan's third party administrator, custodian and trustee. Therefore, transactions with Empower qualify as party-in-interest transactions under ERISA. Fees paid by the Plan to Empower for professional expenses amounted to approximately $194,000 for the year ended December 31, 2022. The Plan also invests in Monro, Inc. Stock Fund. Monro is the Plan Sponsor, and therefore, these transactions qualify as party-in-interest. Investment loss from investments sponsored by Monro amounted to approximately $317,900 for the year ended December 31, 2022.

NOTE 4 - FEDERAL INCOME TAX STATUS:

The Plan uses a Prototype Non-standardized Profit Sharing Plan with CODA with Empower. The agreement has obtained an opinion letter from the Internal Revenue Service ("IRS"), which states that the document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that is more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS:

The accounting standards related to fair value measurements include a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability, as follows:

- Level 1 valuations are based on quoted prices in active markets for identical instruments that the Plan has the ability to access.

- Level 2 valuations are based on quoted prices for similar, but not identical, instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or other significant observable inputs besides quoted prices.

- Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurement.

NOTES TO FINANCIAL STATEMENTS

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Employer Securities: These investments consist of common stock valued at the closing price reported on the active market on which the individual securities are traded.

Shares of Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of registered investment options held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trusts: Comprised of fully benefit-responsive investment contracts issued by insurance companies, banks and other financial institutions. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth the Plan's financial instruments measured at fair value as of December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS

(a) In accordance with Accounting Standards Codification Subtopic 820-10, "Fair Value Measurement", certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2022.

The following table summarizes investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2021.

Investment	December 31, 2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:				
Wells Fargo Stable Return Fund	$ 2,896,450	N/A	Daily	12 months

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan participates in an investment contract with Empower by investing in the PRIAC Guaranteed Income Fund. The principal investments underlying the guarantee are high-quality fixed income instruments mainly consisting of public bonds, commercial mortgages and private placement bonds, within a general account. The Guaranteed Income Fund is a group annuity contract issued by PRIAC and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2022 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise.

Only an event causing liquidity constraints at PRIAC could limit the ability of the Plan to transact at the contract value to be paid within 90 days or, in rare circumstances, the contract value to be paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value to be paid either within 90 days or over time. As discussed in Note 1, the Plan considers this contract to be fully benefit-responsive. The Guaranteed Income Fund is included at its contract value in the statements of net assets available for benefits. The Guaranteed Income Fund does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Monro, Inc. 401(k) Plan

Opinion
We have audited the financial statements of Monro, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following brief description of the Monro, Inc. 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

Monro, Inc. (the employer and Plan sponsor) (the "Company" or "Monro") voluntarily contributes funds to provide for retirement, termination, disability and death benefits of plan participants. Substainally all employees of Monro, Inc. are eligible to become participants of the Plan upon hire. To participate, an employee must be 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During May 2020, the Plan was amended to change distribution and loan provisions in response to the passing of the CARES Act by the United States Congress in March 2020. The amendment enables participants impacted by the coronavirus to take a penalty-free distribution, allows current outstanding loan payments to be delayed for up to 12 months, increases the maximum loan limits for loans taken as a result of the virus, and temporarily waives required minimum distributions for the 2020 calendar year. The official amendment was finalized in November 2022.

During November 2022, the Plan was amended for additional language to be effective as of January 1, 2022. This amendment entailed updated language on the protection of Personal Data and Plan Data and around the Employer Stock Fund and Proxy Voting process in the Plan document. The official amendment was signed in December 2022.

Change in Plan Year

Effective in October 2021, the Plan was amended to change the Plan year-end from March 31 to December 31.

Contributions

Participants may contribute from 1% to 50% of their annual pre-tax compensation. Participants may also contribute amounts representing rollovers from other qualified plans. Contributions are subject to certain limitations as required under the Internal Revenue Code. Participants who have attained age 50 or older during the plan year are eligible to make catch-up contributions.

The Company match is a fixed uniform rate of 50% of the first 6% of participant contributions. Catch-up contributions are not eligible for Company matching contributions. All active participants are eligible to receive the Company match, with no limit based on hours worked. Matching contributions are calculated and remitted each payroll period. Additionally, the Company may contribute to the Plan an additional amount, either in the form of a "Profit Sharing Contribution", or in the form of an additional match on 401(k) participant contributions, at the sole discretion of the Board of Directors. For the year ended December 31, 2022, the Company did not make a "Profit Sharing Contribution".

Participants' Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's matching contribution, (b) an allocation of the Company's Profit Sharing contribution, if applicable, (c) Plan earnings and (d) charged with an allocation of administrative expenses. Plan earnings and administrative expense allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own salary reduction contributions plus actual earnings thereon. Vesting in the Company 401(k) Matching Contribution portion of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. A participant vests 25% at the end of his/her second year of service, and an additional 25% each year thereafter.

Participants become 100% vested in the Company's Profit Sharing Contributions at the end of five years of service with 25%, 50% and 75% vesting in years two, three and four, respectively.

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and to pay administrative expenses of the Plan. Forfeited accounts used to reduce Company contributions and to pay administrative expenses amounted to approximately $759,000 for the year ended December 31, 2022. At December 31, 2022 and 2021, remaining forfeitures available to offset future contributions were approximately $17,000 and $516,000, respectively.

Notes Receivable from Participants

Participants may borrow from their 401(k) account in various amounts as specified by the Plan. Notes receivable must be a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The terms for notes receivable range from one to five years, or up to ten years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Benefits Committee. Principal and interest are paid ratably through payroll deductions. Notes receivable of approximately $1,116,000 and $614,000 were granted during the year ended December 31, 2022 and the nine months ended December 31, 2021, respectively. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged directly to the participants' accounts when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon retirement, termination of employment, death or disability, participants or their beneficiaries may elect to receive their account balances in a single sum or in equal annual, or more frequent installments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary. In-service distributions are also permitted when a participant attains age 59.5 or demonstrates financial hardship.

Administrative Expenses

Plan expenses are primarily paid by the Plan. Expenses related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. During the year ended December 31, 2022, the Plan wrote off approximately $380,000 in accrued administrative expenses that will not be repaid to the Plan Sponsor. These amounts are recorded as Other Income on the accompanying statement of changes in net assets.

Administration

The Monro, Inc. Benefits Committee is solely responsible for the general administration of the Plan and carrying out the Plan provisions. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Company reserves the right, by action of the Board of Directors, to discontinue contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, each participant shall immediately become fully vested.

Since December 2014, the administrator, custodian and trustee of the Plan was Wells Fargo Bank, N.A. ("Wells Fargo"). The Company changed benefit plan administrators, custodian and trustee for the Plan from Wells Fargo to Prudential Financial, Inc. ("Prudential"), effective for the plan year beginning on April 1, 2021. As of April 4, 2022, Empower Retirement, LLC ("Empower") completed the acquisition of Prudential's full-service retirement business and became the benefit plan administrator, custodian and trustee of the Plan. Empower continues to operate under the Prudential name and these will be used interchangeably throughout these financial statements.

NOTES TO FINANCIAL STATEMENTS

All assets of the Plan are held by Prudential Retirement Services, an operating division of Empower. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance & Annuity Company ("PRIAC"), a wholly owned subsidiary of Empower. PRIAC was responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB ("PBT"), a wholly owned subsidiary of Empower, served as the trustee for which PRIAC was the record keeper of assets.

Certain Plan investments are invested in shares of registered investment companies and PRIAC. The PRIAC investment option available to participants as of December 31, 2022 included the PRIAC Guaranteed Income Fund (the "Fund"). The Fund is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Fund is a stable value fund designed to provide safety of principal, liquidity, and a competitive rate of return. The Fund is a group annuity product issued by PRIAC. It invests in a broadly diversified, fixed-income portfolio within PRIAC's general account. The portfolio is primarily invested in public bonds, commercial mortgages, and private placement bonds.

Subsequent Events

The Plan Administrator has evaluated subsequent events through June 29, 2023, the date the financial statements were available to be issued.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Financial Statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investment contracts, which are reported at contract value (see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment administrator, custodian and trustee. See Note 5 for discussion of fair value measurements.

The Plan presents, in the Statement of Changes in Net Assets, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate and market risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Recently Issued Accounting Pronouncements

Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") (including technical corrections to the FASB's Accounting Standards Codification) did not, or are not, expected to have a material effect on the Plan's financial statements.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are invested in shares of registered investment companies, common collective trusts and PRIAC. The PRIAC investment fund is managed by PRIAC, a wholly-owned subsidiary of Empower, the Plan's third party administrator, custodian and trustee. Therefore, transactions with Empower qualify as party-in-interest transactions under ERISA. Fees paid by the Plan to Empower for professional expenses amounted to approximately $194,000 for the year ended December 31, 2022. The Plan also invests in Monro, Inc. Stock Fund. Monro is the Plan Sponsor, and therefore, these transactions qualify as party-in-interest. Investment loss from investments sponsored by Monro amounted to approximately $317,900 for the year ended December 31, 2022.

NOTE 4 - FEDERAL INCOME TAX STATUS:

The Plan uses a Prototype Non-standardized Profit Sharing Plan with CODA with Empower. The agreement has obtained an opinion letter from the Internal Revenue Service ("IRS"), which states that the document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that is more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS:

The accounting standards related to fair value measurements include a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability, as follows:

- Level 1 valuations are based on quoted prices in active markets for identical instruments that the Plan has the ability to access.

- Level 2 valuations are based on quoted prices for similar, but not identical, instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or other significant observable inputs besides quoted prices.

- Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurement.

NOTES TO FINANCIAL STATEMENTS

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Employer Securities: These investments consist of common stock valued at the closing price reported on the active market on which the individual securities are traded.

Shares of Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of registered investment options held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trusts: Comprised of fully benefit-responsive investment contracts issued by insurance companies, banks and other financial institutions. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth the Plan's financial instruments measured at fair value as of December 31, 2022 and 2021.

		Fair Value Measurements at Reporting Date Using

NOTES TO FINANCIAL STATEMENTS

(a) In accordance with Accounting Standards Codification Subtopic 820-10, "Fair Value Measurement", certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2022.

The following table summarizes investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2021.

Investment	December 31, 2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:				
Wells Fargo Stable Return Fund	$ 2,896,450	N/A	Daily	12 months

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan participates in an investment contract with Empower by investing in the PRIAC Guaranteed Income Fund. The principal investments underlying the guarantee are high-quality fixed income instruments mainly consisting of public bonds, commercial mortgages and private placement bonds, within a general account. The Guaranteed Income Fund is a group annuity contract issued by PRIAC and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2022 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise.

Only an event causing liquidity constraints at PRIAC could limit the ability of the Plan to transact at the contract value to be paid within 90 days or, in rare circumstances, the contract value to be paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value to be paid either within 90 days or over time. As discussed in Note 1, the Plan considers this contract to be fully benefit-responsive. The Guaranteed Income Fund is included at its contract value in the statements of net assets available for benefits. The Guaranteed Income Fund does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.
