Independent Auditor's Report

401(k) Committee
Sysmex America, Inc. Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sysmex America, Inc. Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Sysmex America, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Sysmex America, Inc. Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Sysmex America, Inc. and its wholly owned subsidiaries Sysmex Reagents America and Sysmex R&D Center Americas, Inc. (the Company or Employer), as defined. In 2021 employees who were at least 21 years of age were eligible to participate in the Plan. Effective March 21, 2022, the plan was amended removing the age requirement for plan enrollment eligibility. Employees who meet the eligibility requirements become participants in the Plan on the first day of the month on or after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation, subject to certain limitations, as defined in the Plan, up to the maximum amount allowable by the Internal Revenue Service (IRS). New employees are automatically enrolled at 3% of their pretax annual compensation, which will be increased annually by 1% unless the employee elects otherwise, until it reaches 15% of eligible compensation. The participant may elect to change this percentage or elect out of participation in the Plan at any time upon notification of enrollment. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, which are reported as rollovers. The Company makes dollar for dollar matching contributions up to 3% of eligible compensation. Matching contributions were made for the year ended December 31, 2022, in the amount of \$3,726,126. Additional discretionary contributions may be contributed by the Company at the discretion of the Company's Board of Directors. To receive an allocation of any discretionary contributions a participant must be employed on the last day of the Plan year and have worked 1,000 hours, unless death, disability, or retirement occurs. Effective December 8, 2022, the plan was amended removing the hours requirement for discretionary contribution eligibility. Additional discretionary contributions were made for the year ended December 31, 2022, in the amount of \$3,373,868. The Company makes nondiscretionary contributions equal to 3% of eligible compensation to participants who were active at any time during the Plan year. Nondiscretionary contributions were made for the year ended December 31, 2022, in the amount of \$4,285,247. Contributions are subject to limitations.

Participant accounts: Each participant's account is credited with the participant's elective contributions, the Company's matching contribution, if any, and allocations of the Company's discretionary and nondiscretionary contributions, if any, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Sysmex America, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months or 50% of their account balance. Loan terms range from one to five years or up to 15 years if for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at the prime rate, plus 1%. Interest rates were 4.25% to 8.50% for all loans outstanding at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service, death, disability or retirement, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. In addition, participants may receive a distribution from the Plan in cases of financial hardship. Account balances less than \$5,000 at the date of termination are paid in a lump sum upon termination.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,335 and \$4,033, respectively. Any forfeited nonvested accounts will be used to reduce Company contributions. During 2022, a total of \$184,216 of nonvested accounts were forfeited. During 2022, Company contributions were reduced by \$186,914.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through August 8, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified by or Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Plan Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the Plan Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Plan Trustee that information provided to the Plan Administrator by the Plan Trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2022	2021
Shares of registered investment companies, at fair value	\$ 81,682,601	\$ 109,102,656
Units of common/collective trusts, at fair value	\$ 138,542,178	\$ 158,064,939
Notes receivable from participants	\$ 3,308,770	\$ 3,235,002
Net depreciation in fair value of investments	\$ (48,614,262)	
Dividends	\$ 1,180,342	
Interest income on notes receivable from participants	\$ 157,649	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Sysmex America, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts: Units of common/collective trusts are valued at the NAV of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 81,682,601	\$ -	\$ -	\$ 81,682,601
Total assets in fair value hierarchy	<u>\$ 81,682,601</u>	<u>\$ -</u>	<u>\$ -</u>	<u>81,682,601</u>
Investment measured at NAV (a)				138,542,178
Investments at fair value				<u>\$ 220,224,779</u>
Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 109,102,656	\$ -	\$ -	\$ 109,102,656
Total assets in fair value hierarchy	<u>\$ 109,102,656</u>	<u>\$ -</u>	<u>\$ -</u>	<u>109,102,656</u>
Investment measured at NAV (a)				158,064,939
Investments at fair value				<u>\$ 267,167,595</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Sysmex America, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following summarizes investments at fair value based on NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	Fair Value at December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Units of common/collective trust	\$ 138,542,178	\$ 158,064,939	\$ -	30 days	12 months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment for one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-In-Interest Transactions

Certain plan investments were shares of registered investment companies and units of common/collective trusts managed by entities related to the Plan Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Plan Trustee were \$136,081 for the year ended December 31, 2022.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their company contributions.

Note 7. Tax Status

Effective October 12, 2014, the Plan adopted a prototype nonstandardized profit sharing plan (the prototype plan) sponsored by Principal Life Insurance Co. The prototype plan has received an opinion letter from the IRS as to its qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Sysmex America, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021.
