INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of and Participants in the
Shaw Industries Group, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Shaw Industries Group, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Shaw Industries Group, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan was adopted by the Board of Directors of Shaw Industries Group, Inc. (the Plan Sponsor or the Company) effective April 1, 1986. The Plan was formed under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) as a defined contribution, tax-exempt profit-sharing/savings plan. All employees of the Company with the exception of leased employees, nonresident aliens and employees covered under a collective bargaining agreement are eligible to participate in the Plan. Eligible employees may elect to make tax-deferred or Roth 401(k) contributions to the Plan and the Company matches these employee contributions on a percentage basis. Employees become eligible to participate in the Plan after three months of service. Temporary or co-op employees who are not eligible to make contributions or receive matching contributions until the first day of the month on which or immediately following the date one year of service is achieved. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2022, certain employees of Watershed Geosynthetics, LLC (Watershed Geo) became eligible to participate in the Plan due to the Company's increased ownership of Watershed Geo on September 30, 2021. Effective April 4, 2022, the Company amended the Plan to merge in a portion of the ADP TotalSource Retirement Savings Plan representing participant accounts for those individuals who were employed by Watershed Geo prior to January 1, 2022. Assets of approximately $1.9 million were transferred into the Plan as a result of this merger. The transfer of assets is reflected in the statement of changes in net assets available for benefits.

Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company (Principal), is the trustee and Principal Life Insurance Company Retirement Plan Processing Services is the recordkeeper for the Plan. Prudential Insurance Company of America (Prudential) is the custodian and investment manager for the Shaw Stable Value Fund (the Stable Value Fund).

Contributions

A participant may defer up to 50% of his or her annual salary, subject to certain IRC limits on pretax deferrals. The Plan also allows participants to make Roth contributions, Roth rollover contributions and Roth in-plan conversions. The Company contributes 50% of the employee contribution, not-to-exceed 8% of employee's annual compensation, as a Company match. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective September 15, 2021, the Company elected to amend the Plan to add a true-up on its discretionary matching contribution. The true-up for the year ended December 31, 2022 was remitted to the trust in 2023 and is recorded as an Employer Contribution Receivable as of December 31, 2022.

Any eligible employee hired, other than a former employee rehired by the Company, who has completed the eligibility requirements of the Plan and who fails to make an affirmative election whether to participate in the Plan will be automatically enrolled in the Plan and an election of 6% of the employee's annual compensation will be contributed to the Plan.

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings (losses) on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participant contributions are deducted from payroll and, as directed by the participants, are deposited in any combination of several investment options offered by the Plan as long as the allocations to each of the options are in 1% increments. The Company’s contributions are directed in the same manner as the participant’s contribution. The Plan currently offers mutual funds, common collective trust funds, and a pooled separate account which are offered under a group annuity contract and one stable value fund as investment options for participants.

Notes Receivable from Participants
Participants may not borrow from their fund accounts; however, the loans reflected in the statement of net assets available for benefits as of December 31, 2021 represent loans transferred from plans that were merged in the Plan. These loans were paid in full during the year ended December 31, 2022.

Vesting and Benefit Distribution
Participants are 100% vested and have nonforfeitable interests in their contributions and subsequent investment growth. Participants become 100% vested in the Company’s matching contributions after completion of three years of service. Participants are fully vested upon attainment of age 65 or in the event of death or permanent disability. Upon retirement at age 65, early retirement at age 62, termination of employment, death, or permanent disability, the balance in the participant’s account may remain in the Plan or will either be paid to the participant or his/her designated beneficiary or rolled over to another service provider. Benefit payments are made in a lump sum with the exception of age 72 minimum distributions which can be taken in a lump sum or installment payments. The Plan allows participants to take partial withdrawals from their vested account following their termination of employment. The Plan has established provisions for participants to make in-service withdrawals from their accounts under certain “hardship” conditions, if approved by the Plan administrator, and for in-service withdrawals by participants who have reached the age of 59-1/2. The Plan allows participants to take partial withdrawals from their vested account following their termination of employment.

Administrative Expenses
Administrative expenses include mutual fund redemption fees, certain participant-initiated transactions and Qualified Domestic Relations Order (QDRO) distribution fees that are paid directly from the participant’s account that initiates the transaction. Substantially all other administrative costs of the Plan are paid by the Plan through a plan expense agreement with Principal.

Forfeited Accounts
At December 31, 2022 and 2021, forfeited nonvested accounts were immaterial.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include mutual funds, common collective trust funds, a pooled separate account, and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants as of December 31, 2021 represented participant loans that were recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. These loans were paid in full during the year ended December 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds: Valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust funds: Valued at NAV as determined by the issuer based on the fair market value of the underlying investments.

Pooled separate account (offered under a group annuity contract).

The Stable Value Fund includes a synthetic guaranteed investment contract (GIC) issued by Prudential. The synthetic GIC holds a portfolio of units of a common collective trust fund held in the name of the Plan. The synthetic GIC or wrap contracts have features that provide for variable interest crediting rates which are credited to the contract value of the contracts' underlying holdings. The contract value of the Stable Value Fund represents contributions made under the contract, plus interest earned at the crediting interest rate, less participant withdrawals and fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits
Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the Financial Standards Accounting Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENT – CONTINUED

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. There were no Level 2 or 3 investments.

Fair Value Measurements as of December 31, 2022 and 2021

	2022	2021
Investments, at fair value:		
Mutual funds – Level 1	$ 333,210,850	$ 433,929,000
Total investments, within hierarchy	333,210,850	433,929,000
Investments valued at NAV[(a)(b)(c)]		
Pooled separate account	12,320,375	10,998,328
Common collective trust funds	797,143,938	991,341,772
Total investments valued at NAV[(a)(b)(c)]	809,464,313	1,002,340,100
Total investments, at fair value	$ 1,142,675,163	$ 1,436,269,100

[(a)]In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

[(b)]Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

[(c)]There are no participant redemption restrictions or unfunded commitments for these investments. These investments are eligible to be redeemed daily.

4. INFORMATION CERTIFIED BY PLAN TRUSTEE/CUSTODIAN

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021 and net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal and Prudential.

5. SYNTHETIC GUARANTEED INVESTMENT CONTRACT

The Plan holds an investment in GICs with Prudential as part of the Stable Value Fund. A synthetic GIC simulates the performance of a GIC through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Plan. This synthetic GIC includes underlying investments in a common collective trust fund that is held in trust and owned by the Plan. This contract meets the fully benefit-responsive investment contract criteria, and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although Plan management believes such events are not probable, the contract has certain restrictions that may impact the ability to collect the full contract value; for example, a request by the fund manager to terminate or partially terminate the contracts at market values, termination of the trust, the replacement of the trustee without the consent of the wrapper provider, breach of contract by a counterparty, or legal or regulatory events, such as an adverse ruling by a regulatory agency.

The issuer is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The wrapper agreements generally provide that the crediting rate will not be below 0%. Such interest rates are reviewed on a quarterly basis for resetting. The wrapper contract provides that realized and unrealized gains and losses on the underlying fixed-income portfolio are not reflected immediately in the net assets of the fund, but rather are amortized over the duration of the underlying assets through adjustments to the future interest-crediting rate. Primary variables impacting future crediting rates of the Fund include the current yield, duration, and existing difference between market and contract value of the underlying assets within the wrap contract.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated November 30, 2017, that the Plan and related trust were designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. TAX STATUS – CONTINUED

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

8. PARTY-IN-INTEREST TRANSACTIONS

During 2022 and 2021, the Plan held investments which were units of collective trust funds and a pooled separate account managed by Principal, Plan trustee, and Prudential, custodian of the Stable Value Fund; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Investment advisory and audit services were paid out of the Plan ERISA spending account held by Principal which is kept to facilitate payment of Plan expenses.

9. SUBSEQUENT EVENTS

Effective June 1, 2023, assets in the Prudential Stable Value Fund were transferred to Putnam Advisory Company.

Management has evaluated subsequent events through July 21, 2023, which is the date the financial statements were available to be issued and have determined that there are no additional subsequent events that require disclosure under FASB ASC Topic 855, *Subsequent Events*.
