**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## **Independent Auditor's Report**

To the Plan Administrator and Participants of the  
Retirement Plan for Bargaining Unit Employees  
of Marcegaglia USA, Inc.  
Munhall, Pennsylvania

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements***

We have performed an audit of the financial statements of the Retirement Plan for Bargaining Unit Employees of Marcegaglia USA, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of October 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of October 31, 2022, and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the 2022 Financial Statements***

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion on the 2022 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the 2022 Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — 2022 Supplemental Schedules Required by ERISA***

The 2022 supplemental schedules Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year then ended October 31, 2022 are presented for purposes of additional analysis and are not a required part of the 2022 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter — Report on the 2021 Financial Statements***

We were engaged to audit the statement of net assets available for benefits of the Plan as of October 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements). As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated August 8, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not, express an opinion on the financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

# Retirement Plan for Bargaining Unit Employees of Marcegaglia USA, Inc.

Notes to Financial Statements  
October 31, 2022 and 2021

## 1. Plan Description

The following description of the Retirement Plan for Bargaining Unit Employees of Marcegaglia USA, Inc., (formerly known as the Retirement Plan for Bargaining Unit Employees of Damascus-Bishop Tube Company, Inc.) (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

The sponsoring employer is Marcegaglia USA, Inc. (a wholly owned subsidiary of Marcegaglia Specialties S.r.l., an Italian Corporation). Marcegaglia USA, Inc. (formerly Damascus-Bishop Tube Company, Inc.) is referred to as the Company in these financial statements.

### *General and Eligibility*

The Plan is a non-contributory defined benefit pension plan covering eligible hourly bargaining unit employees of the Company, including individuals who are members of a collective bargaining unit represented by the United Steelworkers of America AFL-CIO, Local Union #8790. Principal Life Insurance Company (Principal) serves as the custodian of the Plan and manages the Plan's investment assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

As part of a 1999 agreement between the Company and the bargaining unit employees, benefits under the Plan were frozen effective June 30, 1999. Employees became covered under the Steelworkers' Pension Trust (a multi-employer plan) effective July 1, 1999.

Employees covered under the Plan are entitled to benefits earned for services rendered through June 30, 1999, after which no additional employees were admitted to the Plan.

### *Pension Benefits*

Eligible employees are entitled to monthly retirement benefits beginning at normal retirement age (65) equal to their years of credited service, subject to a maximum of 40 years, multiplied by the benefit unit (as defined in the plan document) in effect at the time of retirement. The Plan also has provisions for early, deferred vested, disability and survivor benefits for those participants who are eligible to receive such benefits. Benefits are payable in the form of a survivor annuity, a single life annuity or a modified cash refund annuity.

## 1. Plan Description (cont.)

### *Funding Policy*

The Plan, although frozen, continues to be funded under the ERISA minimum funding requirements. The Company has satisfied the minimum funding requirements of ERISA for the years ended October 31, 2022 and 2021.

### *Plan Termination*

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions to or terminate the Plan at any time subject to any current union provisions and the provisions set forth in ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time would depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and types of benefits guaranteed by the PBGC at that time.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

## 2. Summary of Significant Accounting Policies (cont.)

### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted (GAAP) in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein; and disclosure of contingent assets and liabilities. Significant estimates also include the fair value measurements of Plan investments and the actuarial present value of accumulated plan benefits at the date of the financial statements and the changes therein. Accordingly, actual results could materially differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's investment in the Pooled Separate account is presented at fair value in accordance with ASC 820 Fair Value Measurements and Disclosures (see Note 4). The fair value of a financial instrument is the amount that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Disclosures include a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Net appreciation (depreciation) in fair value of investments includes the pooled separate accounts' gains and losses on investments bought and sold as well as held during the year.

### *Employer Contributions*

Employer contributions are recorded based upon the actuarial valuation calculations as determined by the Plan's actuary.

### *Actuarial Present Value of Accumulated Plan Benefits*

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to employee services rendered the valuation date, the date as of which the benefit information is presented. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date of the Plan.

The actuarial present value of accumulated plan benefits has been determined by the Plan's independent actuary. It is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. Actuarial valuations are based on demographic information as of the beginning of the Plan year.

## 2. Summary of Significant Accounting Policies (cont.)

Significant actuarial assumptions used in the valuation of Plan benefits as of November 1, 2021, are as follows:

|                   |                                                                   |
|-------------------|-------------------------------------------------------------------|
| Mortality basis   | <b>Pri-2012 Blue Collar<br/>Mortality Base<br/>MP 2021 Report</b> |
| ASC 960 rate      | <b>5.25%</b>                                                      |
| Normal retirement | <b>Attained age 65</b>                                            |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

### *Expenses*

Certain fees and expenses incurred by the custodian are paid by the Plan (see Note 7). Professional and PBGC fees are paid by the Company.

### *Benefit Payments*

Benefit payments to participants and beneficiaries are recorded when paid.

### *Risks and Uncertainties*

The Plan invests in a pooled separate account (see Note 4). Investment securities are exposed to various risks, such as interest rates, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates, mortality rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

## 4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

### Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Refers to securities not traded on an active market but for which observable market inputs are readily available;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at October 31, 2022 and 2021.

The methods described below may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan's management believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

### *Pooled Separate Account*

The Plan's investments are held in a pooled separate account and managed by Principal. The investments of the Plan are reported at fair value, which is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Financial Statements

## 4. Fair Value Measurements (cont.)

The value of the accumulation units held in pooled separate accounts are based on quoted market prices of the underlying investments which are based on the net asset value of the shares held by the Plan at year end. The value of investments in these accounts will increase or decrease to reflect the investment experience of the underlying investments. The accumulated unit value is used as a practical expedient to estimate fair value.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of October 31, 2022 and 2021. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no material financial liabilities as of October 31, 2022 and 2021.

| Investment Assets at Fair Value<br>as of October 31, 2022 |         |         |         |              |
|-----------------------------------------------------------|---------|---------|---------|--------------|
|                                                           | Level 1 | Level 2 | Level 3 | Total        |
| Pooled separate account                                   | \$ -    | \$ -    | \$ -    | \$3,152,627* |

| Investment Assets at Fair Value<br>as of October 31, 2021 |         |         |         |              |
|-----------------------------------------------------------|---------|---------|---------|--------------|
|                                                           | Level 1 | Level 2 | Level 3 | Total        |
| Pooled separate account                                   | \$ -    | \$ -    | \$ -    | \$3,537,095* |

\*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The fair values of the investments have been estimated using the net asset value of the investment. The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values.

There are no unfunded commitments or redemption requirements relating to the pooled separate accounts. Certain funds such as the Bond Market Index, Equity Income and U.S. Property limits one transfer per 30 day period.

Notes to Financial Statements  
October 31, 2022 and 2021

## **6. Income Tax Status**

The Plan obtained its latest determination letter on March 29, 2017, in which the Internal Revenue Service states that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, the Plan is exempt from income taxes. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than would not be sustained upon examination. The Plan Administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **7. Related Party Transactions**

Plan investments include a pooled separate account managed by Principal. Principal is the Custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions.

Amounts paid for investment advisory and contract administrator fees totaled \$20,760 for the years ended October 31, 2022 and 2021, respectively.

## **8. Subsequent Events**

Subsequent events have been evaluated through the date of the independent auditors' report which is the date the financial statements were available to be issued. Management did not identify any events requiring recording or disclosure in the financial statements.

| <b>Inflation</b>        | 2.25% increase per year.                                                                                                                                                                                                                                                      |
|                         | See Long-Term Capital Market Assumptions link.                                                                                                                                                                                                                                |
| <b>Asset return</b>     | 5.25% for the current plan year.                                                                                                                                                                                                                                              |
|                         | The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link. |
| <b>Expected expense</b> | The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets. This is the best estimate available of upcoming year's expenses.                                                                                       |
| <b>Retirement</b>       | Inactive participants are assumed to retire at Normal Retirement Age as defined in <u>Plan provisions</u> .                                                                                                                                                                   |
| <b>Disability</b>       | None. There are no active participants in this plan.                                                                                                                                                                                                                          |
| <b>Marriage</b>         | 75% married; husbands are 3 years older than wives.                                                                                                                                                                                                                           |
|                         | This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.                                                                                                                             |
| <b>Withdrawal</b>       | None. Due to the size of the plan and limited experience, we're not recognizing a withdrawal assumption prior to retirement.                                                                                                                                                  |
| <b>Form of benefit</b>  | Participants are assumed to receive their benefits on the normal form at the assumed retirement age.                                                                                                                                                                          |

Methods prescribed by law

**Liability measure**

Funding target is the present value of the benefits accrued on the valuation date. Included in Funding Target is the value of any missed required minimum distributions (defined in IRC §401(a)(9) and Treasury Regulation §1.401(a)(9)), equal to back payments with interest at 9.00%.

Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.

**HCE benefit payment restrictions**

A ratio of the plan assets and accrued liability is used to determine if restrictions apply. Assets and accrued liability are as of the valuation date and are reduced by:

- any retiree benefit index or floor
- amounts for HCEs who were previously restricted
- an amount for the retiring HCE

The estimated HCE ratio illustrated in this report is based on the market value of plan assets (excluding late deposits) and funding target as of the valuation date. The funding target uses the non-stabilized interest rates as defined in IRC §430(h)(2)(C)(iv). Other assumptions or methods could be used.

Methods selected by plan sponsor

**Asset method**

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

**Segment rates**

24-month average with no weighting to prior law basis. Use rates where June is the last month included in the average.

| <b>PBGC premium basis</b>  | Variable Rate Premiums are calculated using census, market value of assets and interest rates in effect on the current valuation date. Interest rates are the 24-month average rates used for annual cost but without the interest rate corridor defined in IRC §430(h)(2)(C)(iv). You elected this Alternative interest method for the 11/01/2009 plan year and this method must be used for five years before a change can be made.                                                                                                           |

| <b>Retirees</b>            | Assets and liabilities for current and future retirees are included.                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Vested benefits</b>     | <p>A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.</p> |

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Blue collar base rate table was selected based on information provided by the plan sponsor.</p> <p>Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.</p> |

**Mortality improvement (MI)**

Principal 2017-10 MI scale: this scale is based on MP-2021 study and model issued by SOA with the exception of the following user-selected assumptions:

10-year convergence period on age and cohort  
Long-term rates (LTR) assumptions using sex-distinct and age-based rates developed from Social Security Trustees Reports.

See [Mortality Documentation](#) for rationale and additional information.

**Interest rate used to value liabilities**

5.25%

The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

**Treatment of administrative expenses**

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Eligibility</b> | Qualified married participant fully or partially vested in an accrued benefit.                                                                                                                                                                                                                                       |
| <b>Form</b>        | Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death                                                                                                                                                                                                |
| <b>Amount</b>      | If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day. |

#### Definitions

**Accrual service** The total of an employee's period of service, expressed as whole years and fractional parts of a year, to two decimal places. Such total shall be equal to the period from date of hire to date of termination.

This period shall count a complete month as a fractional part of a year.

**Optional forms of benefit payments**

The optional forms of benefit payments are:

- Monthly annuity payable for life.
- Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50 or 75.

The optional form conversion basis is 9.0% interest and 1971 Group Annuity Mortality Table for males, set back two years for both males and females other than lump sums. For lump sum payments, the conversion basis uses the applicable interest rate and applicable mortality table as set forth in Code Section 417. The applicable interest rate uses the first calendar month preceding the first day of the stability period which is the calendar month.
