Independent Auditor's Report

To the Plan Administrator of
BBS Enterprises, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2022 Financial Statements

We have performed an audit of financial statements of BBS Enterprises, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 31, 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2022, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended October 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section –

- the amounts and disclosures in the 2022 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of BBS Enterprises, Inc. Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BBS Enterprises, Inc. Profit Sharing Plan

Notes to Financial Statements October 31, 2022 and 2021

Note 1: Description of Plan

The following description of the BBS Enterprises, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which is participant-directed, was adopted and effective on January 1, 1993 solely as a profit-sharing plan. The Plan, effective November 1, 2017, is a Safe Harbor 401(k) plan, covering substantially all full-time employees with the exception of union employees, nonresident aliens, leased employees, and residents of Puerto Rico, of BBS Enterprises, Inc. (the Company or the Plan Sponsor). In order to participate in the Plan, employees must have completed one year of service and be at least twenty-one years of age. Employees enter into the Plan on the first day of the Plan year or first day of the seventh month of the Plan year coinciding with or next following the date the eligibility requirements met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which amends required minimum distributions provisions, provide for qualified birth or adoption distributions and amends hardship distribution provisions.

Contributions

Contributions to the Plan include profit sharing contributions allocated to participants based on a formula, as defined in the plan document. Participants direct the investment of these contributions into various investment options offered by the Plan. There were \$30,000 of profit sharing contributions for the year ended October 31, 2022, which is included in the Plan Sponsor contribution receivable in the accompanying statements of net assets available for benefits.

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit the maximum amount of pre-tax contributions allowed under the IRC. Participants may designate all or a portion of their elective deferrals as a Roth 401(k) contribution. The statutory limit for 2022 and 2021 was \$20,500 and \$19,500, respectively. Additionally, employees who have attained age 50 are eligible to deposit catch-up contributions in accordance with, and subject to limitations under, the IRC. The maximum catch-up contribution in both 2022 and 2021 was \$6,500. Participants direct their contributions into various investment options offered by the Plan. The Plan also accepts rollovers from other tax-qualified and tax-advantaged plans. Participants may revoke salary contributions at any time. Participants may increase or decrease the percentage of compensation contributed to the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year.

The Plan Sponsor will make safe harbor matching contributions equal to 3% of compensation, which will be determined by the Company annually. The Plan Sponsor made safe harbor contributions totaling \$318,243 for the year ended October 31, 2022, which is included in the Plan Sponsor contribution receivable in the accompanying statements of net assets available for benefits.

The Plan Sponsor may also make contributions equal to a discretionary percentage of participant compensation, to be determined by the Company each plan year. There were no Plan Sponsor discretionary contributions for the year ended October 31, 2022.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, among other things, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. Certain officers of the Plan Sponsor serve as Trustees of the Plan.

The Company has engaged Pension Financial Services (PFS) to serve as a third-party Plan Administrator of the Plan and Nationwide Trust Company (Nationwide) as Custodian of the Plan. The Custodian receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator, and assists in the administration of the Plan. Nationwide serves as the intermediary for all asset purchases and redemptions and manages certain investment options of the Plan (see Note 7).

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pre-tax, Roth 401(k), and rollover contributions made by the participant and the participant's portion of the Plan Sponsor's contributions and Plan earnings. Earnings, expenses, and gains and losses on investments are allocated based on participant account balances, as defined in the plan document.

Vesting

Participants are immediately vested in their contributions, the Plan Sponsor's safe harbor matching contributions, rollover balances, and any allocated earnings thereon. Participant vesting in the Plan Sponsor's discretionary matching and profit-sharing contributions and income earned thereon are based on years of service during which an employee completes at least 1,000 hours of service during the Plan year with the Plan Sponsor, as defined in the plan document. The vesting percentages are as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested upon termination of the Plan, on reaching the normal retirement age of sixty-five, or upon disability or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% totaling 100% among various investment options, including certain options for which the Custodians or their affiliates serve as investment advisors (see Note 7), as selected by the Plan Administrator.

Benefits Paid to Participants

In general, a participant may withdraw a minimum of \$1,000 and up to 100% of the participant's pre-tax and rollover 401(k) contributions, excluding any earnings thereon, in the event of a participant's heavy and immediate financial hardship, as defined in the plan document. Hardship distributions may not exceed the amount of the participant's financial hardship.

Upon normal retirement, reaching age 59 ½, disability, or death, a participant or beneficiary may receive the value of the account through a lump sum or partial distributions.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account balance through a lump sum distribution or rollover. In general, if the participant's account balance, as defined in the plan document, is greater than \$5,000 (the involuntary cash-out amount), the account balance may not be distributed without the participant's consent. Distributions greater than \$1,000 but less than \$5,000 made without the participant's consent prior to the participant's achievement of the normal retirement age will be rolled over into an individual retirement plan designated by the Plan Administrator. Regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than \$1,000.

Distributions from the Plan will normally be subject to income taxes, and in certain circumstances, may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, subject to the possibility of reinstatement before the end of five consecutive breaks in service, as defined in the plan document. Forfeitures of terminated employees' non-vested accounts from Plan Sponsor contributions shall be used to offset future Plan Sponsor contributions and/or to pay the Plan's administrative expenses and employer contributions, as defined in the plan document. There were \$4,306 of forfeitures for the year ended October 31, 2022. There were no forfeitures used to reduce Plan Sponsor contributions during the year ended October 31, 2022. The outstanding forfeiture balance as of October 31, 2022 and 2021 totaled \$4,340 and \$18, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year, including realized and unrealized gains and losses.

Note 3: Information Certified by Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Nationwide, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2022	2021
Statements of Net Assets Available for Benefits:		
Investments at fair value	\$ 5,298,317	\$ 6,056,024
Investments at contract value	159,479	130,536
Statement of Changes in Net Assets Available for Benefits:		
Investment income:		
Net depreciation in fair value of investments	\$ (1,656,656)	
Interest and dividends	557,080	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2022 and 2021.

Mutual Funds: Valued based on amounts reported in an active market and are classified within Level 1 in the fair value hierarchy table.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of October 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,298,317	\$ -	\$ -	\$ 5,298,317
Total investments at fair value	<u>\$ 5,298,317</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,298,317</u>

Assets at Fair Value as of October 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,056,024	\$ -	\$ -	\$ 6,056,024
Total investments at fair value	<u>\$ 6,056,024</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,056,024</u>

Note 5: Fully Benefit-Responsive Investment Contract

The Nationwide Fixed Select Account is a traditional investment contract through a group annuity contract with the Custodian. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. In accordance with Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): I. Fully Benefit-Responsive Investment Contracts* (ASU 2015-12), contract value is the only relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value of the Nationwide Fixed Select Account represents contributions plus earnings, less participant withdrawals and administrative expenses. The contract issuer, Nationwide, is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The Nationwide Fixed Select Account is credited with daily interest at an effective annual rate of interest. At the beginning of each quarter, Nationwide will calculate an interest rate which will be credited to the guaranteed fund during that quarter. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events, such as plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Note 6: Income Tax Status

The Plan Sponsor has entered into a non-standardized adoption agreement (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Prototype Plan was designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and that the Plan was qualified and that the related trust was tax-exempt as of October 31, 2022.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7: Party-in-Interest Transactions

Nationwide performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. During 2022, \$56,701 of fees were paid by the Plan (see Note 1).

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9: Subsequent Events

The Plan has evaluated all subsequent events through the report date, the date these financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
