INDEPENDENT AUDITOR'S REPORT

Plan Administrator
DFCU Financial 401(k) Plan
Dearborn, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DFCU Financial 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 3.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

(Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DFCU Financial 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the DFCU Financial 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan designed to encourage and assist employees of DFCU Financial (the Company) in saving for retirement. The Plan consists of two main savings opportunities: (1) the voluntary 401(k) plan with employer match and (2) the non-elective employer contribution, formerly known as the DFCU Financial Pension Plan. The plan in whole allows eligible participants to invest their contributions into various investment funds.

All employees of the Company, as defined by the Plan, who are age 21 or older, may participate in the voluntary 401(k) plan with employer match. Substantially all employees of the Company, as defined by the Plan, who are age 21 or older, and have completed one year of service with 1,000 hours worked in the previous year are enrolled in a non-elective, non-contributory, discretionary defined contribution sponsored by DFCU Financial (formerly known as the DFCU Financial Pension Plan).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants in the Plan may elect to make pretax contributions in amounts equal to whole percentages up to 60% of their eligible compensation, subject to certain limitations, as defined in the Plan document. Pretax contributions are excluded from the participant's current earnings for federal income tax purposes. The Plan also allows employee Roth Contributions, or after-tax contributions, up to 100% of their eligible compensation, subject to the same limitations, in addition to pre-tax employee deferral contributions. Employees are automatically enrolled to defer 6% of their pre-tax eligible compensation, unless the employee specifically declines enrollment or alters the contribution amount. The Company makes matching contributions of 100% of the first 4% of eligible compensation that a participant contributes to the Plan. The auto enrollment includes enrollment in the annual automatic increase program which increases a participant's contribution by 1% each year until they reach a contribution level of 10%.

Employees may opt out of the auto increase program.

The non-elective employer contribution is a fixed percentage of 5% of eligible compensation for qualifying employees, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and allocations of Plan earnings. Plan earnings or losses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts among the investment funds offered by the Plan.

Retirement, Death, and Disability

A participant (beneficiary) is entitled to 100% of his or her account balance upon retirement, death, or disability.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately 100% vested in the account balances and earnings thereon for the funds directly contributed. Employer matching contributions and the Company's noncontributory, discretionary defined contribution and earnings thereon will be vested in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than three	0%
Three	100%

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts may be used to pay administrative expenses or to reduce future employer contributions.

Investment Options

Participants direct the investment of their contributions into eligible investment fund options. Certain funds are managed by the Plan Trustee or by affiliates of the Plan Trustee, Fidelity Management Trust Company.

Administrative Expenses

The Company has elected to pay the majority of administrative expenses of the Plan except for loan participant maintenance fees. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain limitations. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear the prime rate of interest at the time the loan is processed. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service, attainment of age 59-1/2, death or any other distributive event as defined in the Plan document, participants or their beneficiaries may elect to receive either a lump-sum amount equal to the value of their account balances or fixed periodic payments, subject to certain limitations. Participants who leave the employ of the Company and have balances in excess of \$5,000 may allow their balances to remain in the Plan. All remaining terminated participants may allow their balances to remain in the Plan for up to one year. Benefits are recorded when paid.

Plan Termination

Although it has not expressed the intention to do so, the Company has reserved the right to terminate the Plan at any time by resolution of its Board of Directors. The value of the participant accounts will be determined as of the effective date of the termination and be distributed as provided by the Plan. In the event of Plan termination, participants become immediately 100% vested in their accounts.

Note 2 - Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The primary difference between the modified cash basis and the accrual basis is that contributions receivable are not reflected in the modified cash basis of accounting. Rather, contributions are recorded when received by the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (see Note 4). Purchases and sales of securities are recorded on a settlement-date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Note 3 - Investments and Notes Receivable from Participants – Unaudited Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

Note 4 - Fair Value Measurements

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on adjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trust: The fair values of participation units in the Fidelity Managed Income Portfolio, a collective trust, are based upon the net asset values per unit as reported by the fund manager. The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (continued)

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2022 Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Mutual Funds	\$ 89,730,476	\$ -	\$ -	\$ 89,730,476

	<u>\$ 89,730,476</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 96,300,280</u>
Fair Value Measurements at December 31, 2021 Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Mutual Funds	\$ 112,568,581	\$ -	\$ -	\$ 112,568,581
Collective trust – stable value fund*	-	-	-	6,320,781
	<u>\$ 112,568,581</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 118,889,362</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient were not classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

Note 5 - Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, liquidity, market, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Income Tax Status

The underlying non-standardized prototype plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code (the Code), and therefore, the related trust was tax exempt. In accordance with Revenue Procedures 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended from the original prototype document, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7 - Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain professional fees related to the administration of the Plan were paid by the Company on behalf of the Plan to Gregory J. Schwartz and Co.

Fees charged by the trustee to administer notes receivable from participants, which consist of a loan initiation fee and quarterly maintenance fees, are paid by the participants. Certain mutual funds and a common collective trust fund are managed or issued by Fidelity Investments, affiliate of the Plan trustee, or managed by Fidelity Management Trust Company, trustee of the Plan, such that the investments qualify as party-in-interest investments. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 - Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2022 to determine the need for any adjustment to and/or disclosures within these financial statements for the year ended December 31, 2022. Plan management has performed their analysis through July 31, 2023, which was the date that the financial statements were available to be issued and has determined that aside from the potential effects of the coronavirus pandemic discussed above, there are no subsequent events to recognize or disclose.
