INDEPENDENT AUDITOR'S REPORT

July 12, 2023

To the Board of Directors of
Walden Savings Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Walden Savings Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WALDEN SAVINGS BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Walden Savings Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers substantially all full-time employees of Walden Savings Bank (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility for Plan Participation and Benefits

The Plan qualifies as a safe harbor plan under IRC 401(k)(12). Each employee becomes eligible to participate in the Plan when they have completed 60 days of service, provided the employee has attained the minimum participation age of 18. The Plan entry date is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. If an employee terminates employment and is later re-hired by the Company, he will resume participation in the Plan upon date of hire.

An employee becomes eligible for the Company's nonelective contribution if they are employed on the last day of the Plan Year and have completed at least 1,000 hours of service during the Plan Year.

Contributions

Each year participants may contribute up to 100% of their compensation up to the maximum annual limitations provided by the Internal Revenue Code (IRC). Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

Newly eligible employees who have otherwise not affirmatively opted out of enrolling in the Plan are automatically enrolled. Employees enrolled as a result of this provision must defer 3% of their compensation to the Plan. The Plan also includes an auto-escalation provision whereby deferrals are increased by 1% each year, to a maximum of 10%, if the employee does not elect otherwise. The Company makes a safe harbor matching contribution to the account of each eligible employee in an amount equal to 100% of deferrals up to 3% of compensation and 50% of deferrals on the next 2% of compensation.

Participants direct the investment of their contributions and the Company's matching contribution into various investing options offered by the Plan.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor contributions, plus actual earnings/losses thereon. Vesting in the Company's matching contributions prior to January 1, 2019 and nonelective contributions is based on years of continuous service. A participant vests ratably at a rate of 20% per year beginning after two years of credited service and is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings. Participant accounts are charged with withdrawals, and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow, subject to approval, from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans may be repaid during fixed terms not to exceed five years except for loans used for the purchase of a principal residence which may be repaid over a maximum of fifteen years. The loans are secured by the balance in the participant's account and carry interest at 1% over prime. Once the rate is established, it remains fixed over the life of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

A participant's account will be distributed upon termination of employment, disability, retirement or death in a lump-sum or installments. In the event of such separation prior to age 65, the terminated participant may elect to defer the distribution until the participant reaches age 65 or to an earlier date, provided that the participant's eligible distribution exceeds \$1,000. However, a participant must begin receiving benefits no later than April 1 of the calendar year following the year the participant reaches age 72. The participant may elect to withdraw part of the participant's 401(k) deferrals or the vested part of their account attributable to matching contributions for the following reasons: satisfying a financial hardship, attainment of age 59-1/2, or attainment of the Plan's normal retirement date (latter of age 65 or 5 years of participation).

Administration Expenses

Individual service fees, such as loan origination fees associated with notes receivable from participants, and the Plan's investment management fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All other administrative expenses of maintaining the plan are paid by the Company.

Forfeitures

Forfeitures under the Plan may be allocated as an additional discretionary contribution to participants, or to pay Plan administrative expenses for the Plan year. At December 31, 2022 and 2021, the balance of the forfeiture account was \$671 and \$942, respectively. During 2022 and 2021, forfeitures of \$702 and \$1,635 were used to pay for additional discretionary contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences may be significant.

Investment Valuation and Income Recognition

Investments in mutual funds and fixed annuities are reported at fair value. Investments in common collective trust funds are reported at Net Asset Value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. At December 31, 2022 and 2021, there was no allowance for doubtful accounts.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and fixed annuities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Great-West Trust Company, LLC, the trustee. Investments are valued at the reported net asset values.

	<u>2022</u>	<u>2021</u>

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Fixed annuities: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The fair value of the investment contract approximates contract value as of December 31, 2022 and 2021.

Common collective trust funds: Valued at their NAV on the last day of the calendar year of the period; as a result, these investments are not classified within the fair value hierarchy. Common collective funds are comprised of units in such common collective trust funds that are not publicly traded. The underlying assets in these funds are valued where applicable on exchanges and price quotes for the assets held by these funds are readily available. When current market prices or quotations are not available, valuations are determined using valuation models adopted by the trustee or other inputs principally from or corroborated by observable market data. The Plan held collective trust funds at December 31, 2022 and 2021 as described below.

Large Cap Value Fund CL R1 – The strategy seeks to outperform the market over time by employing a value-oriented approach to identify potential opportunities for revaluation or fundamental improvement. flexPATH Strategies, LLC has recommended and the Trustee has approved the Putnam Large Cap Value Trust as the underlying fund. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

4. FAIR VALUE MEASUREMENTS (Continued)

Common collective trust funds (Continued)

RetireGuide Growth – The fund may be appropriate for investors seeking primarily capital appreciation. Additional emphasis is on prudent overall diversification by asset class and investment style. Over a complete market cycle (3-5 years), the annual target rate of return for this fund is approximately 8% to 10%, net of fees. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

RetireGuide Growth & Income – The fund may be appropriate for investors seeking primarily capital appreciation and current income. Additional emphasis is on prudent overall diversification by asset class and investment style. Over a complete market cycle (3-5 years), the annual target rate of return for this fund is approximately 8% to 10%, net of fees. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

RetireGuide Moderate Growth & Income – The fund may be appropriate for investors seeking total return through moderate capital appreciation, current income and liquidity. Additional emphasis is on prudent overall diversification by asset class and investment style. Over a complete market cycle (3-5 years), the annual target rate of return for this fund is approximately 6% to 8%, net of fees. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

RetireGuide Moderate Growth – The fund may be appropriate for investors seeking total return through moderate capital appreciation, current income and liquidity. Additional emphasis is on prudent overall diversification by asset class and investment style. Over a complete market cycle (3-5 years), the annual target rate of return for this fund is approximately 6% to 8%, net of fees. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments and no withdrawal restrictions.

Putnam Large Cap Growth Class R – The strategy seeks capital appreciation. The focus is to identify businesses that exhibit both a high level of growth potential and an above-average duration of growth potential and combine investment themes with bottom-up research to select securities. Putnam focuses on identifying management teams that act like owners. There are no unfunded commitments and no withdrawal restrictions.

Mid Cap Value Fee Class R1 – The Fund seeks long-term capital gains and income by investing in the American Century Mid Cap Value Equity Trust (Underlying Fund), for which SEI Trust Company is trustee and American Century Investment Management, Inc. is subadviser. The Underlying Fund invests in a diversified portfolio of equity securities of domestic and foreign companies across the capitalization spectrum with a focus on mid cap securities, and using a value investment strategy that looks for companies that are under-valued at the time of purchase. There are no unfunded commitments and no withdrawal restrictions.

Lord Abbett Small Cap Growth Trust II LH – The Fund seeks to deliver long-term growth of capital by investing primarily in stocks of small U.S. companies. This active growth strategy seeks to own stocks of companies growing revenues substantially faster than the overall market, which can deliver attractive investment returns. There are no unfunded commitments and no withdrawal restrictions.

Western Asset Core Plus Bond Class R1 – The Fund seeks to maximize total return, consistent with prudent investment management and liquidity needs, by investing to obtain an average weighted duration within 30% of the duration of the Bloomberg U.S. Aggregate Bond Index. Under normal market conditions, no less than 80% of the Fund's assets will be invested in debt and fixed income securities. There are no unfunded commitments and no withdrawal restrictions.

4. FAIR VALUE MEASUREMENTS (Continued)

Common collective trust funds (Continued)

PGIM Select Real Estate Fund CIT CL R – Seeks to provide capital appreciation and income by investing primarily in 30 to 45 domestic and international real estate securities in which the portfolio managers have a high level of conviction. There are no unfunded commitments and no withdrawal restrictions.

Mid Cap Growth Fund Fee Class R1 – The Fund seeks to outperform the Russell MidCap Growth Index over full market cycles by investing in the MidCap Growth Equity Fund (Underlying Fund), a collective investment fund managed by BlackRock Institutional Trust Company, N.A. The Underlying Fund seeks long-term capital appreciation by investing primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential. There are no unfunded commitments and no withdrawal restrictions.

First Eagle Small Cap Opportunity CIT – The fund invests, under normal circumstances, in equity securities of small- and micro-cap companies in an attempt to take advantage of what the Adviser believes are opportunistic situations for undervalued securities. Normally, the fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the equity securities of small-cap companies. In certain market environments, the fund may invest up to 10% of its net assets in securities of foreign issuers. There are no unfunded commitments and no withdrawal restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at:

	December 31, 2022			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Common Collective Trust Funds (a)				560,011
Total Assets at Fair Value				\$ 14,356,628

(a) - In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds or fixed annuities managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
