Independent Auditors' Report

**National Federation of Independent Business Board of Directors
National Federation of Independent Business Retirement Savings Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the National Federation of Independent Business Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following description of the National Federation of Independent Business Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on April 1, 1996 to provide retirement benefits for employees of the National Federation of Independent Business (the Plan Sponsor). The Plan is administered by the Investment Committee of the Board of Directors (Investment Committee). The selection of funds made available to employees is determined by the action of the Retirement Plan Administration Committee with the oversight of the Investment Committee. Employees become eligible for and may participate in the Plan upon completion of one month of service and attainment of age twenty-one. An employee who leaves the service of the Plan Sponsor and is subsequently rehired is immediately eligible to reenter the Plan upon rehire if they were a participant in the Plan at the time of departure. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

J.P. Morgan Chase Bank N.A. serves as the recordkeeper of the Plan and maintains and administers the Plan's records and investment allocations for the benefit of participants. Reliance Trust Company, as agent for J.P. Morgan Chase Bank N.A., is the trustee and custodian of the Plan assets.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). The Plan allows participants to make after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation, as defined in the Plan agreement. Participant contributions are permitted up to 90% of participant compensation.

The compensation of employees who become eligible to participate in the Plan on or after September 1, 2005 and who fail to make an elective deferral contribution or an affirmative election not to make an elective deferral contribution, will be automatically reduced by 3% and contributed to the Plan. On January 1 of the Plan year following the year of the employee's entry date and each January 1 thereafter, the employee's automatic deferral contribution will be increased by 1% each year up to a maximum of 10% of the employee's compensation unless the employee elects to defer a different percentage or elects not to make any elective deferral contributions to the Plan.

The Plan Sponsor may make a discretionary matching contribution on behalf of each participant. In 2022 and 2021, the Plan Sponsor provided a matching contribution equal to 100% of the first 1% of a participant's pre-tax elective deferrals contributed to the Plan and 50% of deferrals made in excess of 1% but limited to 6% of the participant's compensation.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2022 and 2021

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant Accounts

Each participant's account is credited or charged with the participant's contributions and allocations of Plan Sponsor contributions, investment earnings and administrative expenses. Allocations are based on participant compensation or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions, rollover contributions and actual earnings thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service. Participants become 25% vested after one year of service and become 100% vested after two years of service. On termination of service due to death, permanent disability, retirement, participants become fully vested in the Plan Sponsor's contributions.

(e) Payment of Benefits

Benefits are payable to each participant at the time the participant reaches the age of 65. After attainment of age 59½, in-service withdrawals are permitted from a participant's pre-tax account, and up to four in-service withdrawals per annum are permitted from the participant's rollover and/or after-tax account.

On termination of service due to death, permanent disability, retirement or other reasons, a participant may elect to receive a lump-sum payment or periodic installments over a specified period equal to his or her vested account balance if the participant's vested account exceeds \$5,000. A participant's entire vested account that does not exceed \$5,000 shall be considered a "small amount" and shall be paid in a single sum as of the earliest of his or her retirement date, the date he or she dies, or the date he or she ceases to be an employee. However, if a participant's vested account is at least \$1,000 but not more than \$5,000, it will be transferred to an Individual Retirement Account (IRA) unless the participant chooses to have it paid in a lump sum.

(f) Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor's contribution portion of their accounts. Such forfeitures are used to reduce the Plan Sponsor's contributions to the Plan or to pay administrative expenses of the Plan. In 2022 and 2021, the Plan Sponsor's contributions were reduced by approximately \$35,000 and \$51,000, respectively, from forfeited nonvested accounts. The balance of the forfeited nonvested accounts as of December 31, 2022 and 2021, was approximately \$18,000 and \$13,000, respectively.

(g) Hardship Withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and are subject to an early withdrawal penalty as determined by the Internal Revenue Service and state of residence, if applicable. Hardship withdrawals are limited to the participant's elective account.

Notes to Financial Statements

December 31, 2022 and 2021

(h) Participant Loans

Participant loans are not permitted under the Plan.

(i) Administrative Expenses

The participants' costs of plan administration are minimal and are deducted quarterly from the participants' accounts. Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Revenue sharing fees related to investment management services are credited back to participant accounts.

(j) Investment Options

Participants direct their contributions, Plan sponsor contributions, rollovers, and any related earnings into various investment options. The mutual funds and underlying assets of the common collective trust are invested in publicly traded equity, debt, and other securities.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Distribution of participant benefits are recognized when such benefits are disbursed by the trustee.

(3) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

**NATIONAL FEDERATION OF INDEPENDENT BUSINESS
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2022 and 2021

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In the event that there is a transfer of an investment between levels of the fair value hierarchy, the transfer is recognized at the beginning of the reporting period in which it occurs. There were no transfers between levels during 2022 or 2021.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NATIONAL FEDERATION OF INDEPENDENT BUSINESS
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2022 and 2021

Common collective trust – The common collective trust is a stable value common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is based on underlying investments of the funds. Participant transactions (purchases and sales) may occur daily. Withdrawals from the collective trust for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 10 days after written notification has been provided and approved and are considered as made immediately after the next valuation date. If the Plan initiates a full or partial redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair value measurements as of December 31, 2022				
using the following inputs				
	Level 1	Level 2	Level 3	Total

(4) Summary of Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate. The following is a summary of underlying information that was certified as complete and accurate by Reliance Trust Company, the trustee and custodian of the Plan as agent for J.P. Morgan Chase Bank N.A., the recordkeeper of the Plan, as of December 31, 2022 and 2021 and for the years then ended.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 85,151,612	99,451,015
Net appreciation (depreciation) in fair value of investments	(21,002,395)	2,012,983
Interest and dividend income	4,857,986	10,227,896

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Income Tax Status

The Plan Sponsor has adopted a pre-approved defined contribution plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the adopted pre-approved plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Party-in-Interest Transactions

Certain Plan investments are managed by the trustees of the Plan and their affiliates; therefore, these transactions qualify as party-in-interest transactions. Fees of \$3,768 and \$5,033 in 2022 and 2021, respectively, were paid by the Plan to these related parties.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2022 and 2021

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits according to the financial statements as compared to the Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 85,275,194	99,540,760
Employer contributions receivable	<u>(123,582)</u>	<u>(89,745)</u>
Net assets available for benefits per Form 5500	<u>\$ 85,151,612</u>	<u>99,451,015</u>

The following is a reconciliation of the net increase in net assets available for benefits according to the financial statements to the Form 5500 for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ (14,265,566)	11,167,302
Change in employer contributions receivable	<u>(33,837)</u>	<u>6,503</u>
Change in net assets available for benefits per the Form 5500	<u>\$ (14,299,403)</u>	<u>11,173,805</u>

(10) Subsequent Events

No other subsequent events were identified through July 31, 2023, the date the financial statements were available to be issued.
