INDEPENDENT AUDITOR'S REPORT

To The Pepper Companies, Inc. Retirement Committee
The Pepper Companies, Inc. Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Pepper Companies, Inc. Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To The Pepper Companies, Inc. Retirement Committee
The Pepper Companies, Inc. Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Pepper Companies, Inc. Retirement and Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) [“ERISA Section 103(a)(3)(C) audit”]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PEPPER COMPANIES, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Pepper Companies, Inc. Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is a defined contribution plan that provides the eligible employees of The Pepper Companies, Inc. and Subsidiaries (the “Employer”) an opportunity to invest a portion of their compensation and the Employer’s contribution in any of several investment funds. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Vanguard Fiduciary Trust Company (“VFTC”) is the trustee (“Trustee”), custodian, and record keeper of the Plan and is a qualified institution pursuant to ERISA.

Eligibility. For the purposes of making employee contributions and receiving matching contributions, an employee becomes eligible to participate in the Plan on the first day of the pay period following the later of (1) the date an employee reaches age 21, and (2) the date on which an employee has been employed for 30 days. An employee is not eligible to participate in the Plan if they are classified as an intern or temporary employee, a leased employee, an independent contractor, or are covered under a collective bargaining agreement.

Contributions. The Plan allows each participant to make before and/or after-tax contributions between 1% and 80% of their compensation and any portion of their annual bonus. The Plan provides for a Qualified Automatic Basic Safe Harbor matching contribution (“QACA”) in which 100% of the first 1% of participant compensation that is deferred as an elective deferral is matched, plus 50% of the next 5%. The Board of Directors may, by resolution adopted at least 60 days prior to the end of each fiscal year, change the matching percentage. Individual participant contributions are subject to maximum elective deferral limits as defined by the Internal Revenue Code (“IRC”). Participants who reach age 50 by the end of the Plan year may make additional catch-up contributions. Subsequent to December 31, 2022, the QACA calculation was amended to 100% of first 2% of participant compensation and 50% of the next 4%.

Unless a participant elects otherwise, within 30 days of becoming eligible to participate in the plan, the participant will be automatically enrolled in the Plan with a default contribution percentage of 6%. Additionally, the default percentage automatically increases by 1% each January 1, up to a maximum deferral rate of 10%.

Forfeited Accounts. Forfeitures of terminated participants’ nonvested account balances can be used to at the employer’s discretion. At December 31, 2022 and 2021, there were \$80,151 and \$13,542, respectively, of forfeited nonvested amounts available to reduce future discretionary employer contributions or to offset Plan expenses. The Employer used forfeitures of \$19,844 to reduce Plan fees for the year ended December 31, 2022.

Vesting. Participants are immediately and fully vested in their contributions, the Employer’s discretionary contributions, and actual earnings and losses thereon. Vesting in the Employer QACA contribution is based on years of continuous service. A participant is 100% vested after two years of credited service.

Participant Accounts. An individual account is established for each participant. Each participant’s account is credited with the participant’s contributions, the Employer’s QACA contributions, the Employer discretionary contributions, and an allocation of the Plan’s earnings (losses), and charged with withdrawals. Allocations are based on each participant’s proportionate share of the Plan’s net assets.

Investment Options. Participants direct the investment of their account balances into any or all of various mutual funds and a collective trust offered by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Notes Receivable from Participants. A participant may borrow the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. No loans are permitted from the portion of the participant's individual account balances attributable to Employer discretionary contributions. Loans have maximum terms of 60 months unless used to purchase a principal residence, have interest rates of 1% over prime, and are secured by the balance of the participant's account.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by other methods as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also receive in-service distributions upon reaching age 59 ½. The Plan does not provide for early retirement.

Recent Accounting Pronouncements. In June 2016, Financial Accounting Standards Board ("FASB") issued ASU 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, to revise the criteria for the measurement, recognition, and reporting of credit losses on financial instruments to be recognized when expected. This update is effective for fiscal years beginning after December 15, 2022, with early adoption permitted. Management is currently evaluating this standard.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE PEPPER COMPANIES, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses, including functions performed by officers or employees of the Employer, are provided by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan. Administrative expenses can also be paid by the Plan using forfeitures. Participants are responsible for all fees associated with initiating a loan.

Concentration of Credit Risk. Substantially all of the Plan's assets are held by the Trustee who executes all investment transactions.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee has certified information included in the accompanying financial statements and supplemental schedule is complete and accurate as follows:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest on participant loans, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Note 4: All investment balances.
- The schedule of assets held at end of year as of December 31, 2022, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

THE PEPPER COMPANIES, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds and Money Market Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund. The stable value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust ("NAV"). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual Funds and Money Market Funds	\$111,025,446	\$ -	\$ -	\$ 111,025,446

Investments Measured Using the Net Asset Value per Share Practical Expedient. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund	\$ 12,006,094	None	Daily	None
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund	\$ 10,136,484	None	Daily	None

NOTE 5 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, the employer, and certain others. Party-in-interest transactions consisted of loans made to participants and certain plan investments that are shares of registered investment companies and units of a collective trust managed by VFTC or the Vanguard Group, an affiliate. Fees paid by the Plan to the Vanguard Group and its affiliates for the administration and advisory services of the Plan amounted to approximately \$194,000, for the year ended December 31, 2022. Audit fees were also paid by the Plan for the year ended December 31, 2022. Certain other professional fees were paid by the Employer.

NOTE 6 – PLAN TERMINATION

Although the Employer has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan document. In the event of Plan termination, all participants will automatically become fully vested in all their accounts and the Trustee will distribute participant assets.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

THE PEPPER COMPANIES, INC. RETIREMENT AND SAVINGS PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2022 through July 27, 2023, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
