Independent Auditor's Report

To the Trustees of the
1st Lake Properties, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 1st Lake Properties, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1ST LAKE PROPERTIES, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following description of 1st Lake Properties, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) salary savings profit-sharing plan. All employees of 1st Lake Properties, Inc. (the Company) who have one year of service and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trustees are responsible for oversight of the Plan, the appropriateness of the Plan's investment offerings, and monitoring performance.

Plan amendment

Effective January 1, 2021, the Plan was amended and restated, and a new custodian, administrator, and record keeper were appointed. Plan assets transferred to the new custodian were transferred into participant directed funds comparable to those offered by the previous custodian.

Contributions

As stipulated in the Plan Document, each year participants may make salary deferral contributions up to the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to may make catch-up contributions. The Company makes a discretionary matching contribution of 50% of participants' deferrals up to 6% of the participants' contribution. In addition, the Company may also make discretionary profit-sharing contributions. Participants may also contribute roll over amounts representing distributions from other qualified retirement plans. Matching contributions totaled \$258,976 and \$265,881 for the years ended December 31, 2022 and 2021, respectively. The Company matching and discretionary contributions are determined by the Board of Directors of the Company and shall not exceed an amount which constitutes an allowable deduction in accordance with the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions, along with an allocation of the Company's contributions, and the Plan's earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants' Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. The Plan provides for a vesting formula in that portion of a participant's account derived from employer contributions as follows:

Years of Service	Percentage Vested and Non-Forfeitable
1 Year	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount determined by the Plan Administrator, provided the aggregate amount of all outstanding loans, including accrued interest thereon, shall not exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan on the date the loan is made, or 50% of the sum of the vested portion of the participant's account. The loans are secured by the balance of the participant's account and bear interest at variable rates.

Payment of Benefits

The full value of a participant's account balance is payable upon early or normal retirement, disability, or death. In addition, participants can withdraw all or part of their account balance, including their salary savings contributions, on or after reaching age 59½, provided the participant is 100% vested at the time. If a participant quits or is terminated, they are entitled to receive the value of their vested benefit as of the date of termination. Method of payment is a lump sum amount equal to the vested value of the participant's accounts.

Forfeitures

Forfeited non-vested accounts are allocated to the participant accounts to reduce the Company's contribution. During the years ended December 31, 2022 and 2021, \$32,088 and \$20,224, respectively, of forfeited non-vested accounts were utilized to reduce employer contributions. At December 31, 2022 and 2021, forfeitures available to reduce future matching contributions were \$35,989 and \$53,892, respectively.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, August 2, 2023, and determined that no subsequent events requiring disclosure occurred. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3. Information Certified by Ascensus as Agent for Ascensus Trust Company and Reliance Trust Company

On January 6, 2021, The Plan exchanged its investment options maintained by its prior custodian Ascensus Trust Company (the former custodian) for similar participant directed investments offered via an investment contract Transamerica Financial life Insurance Company (Transamerica) who maintains a custodial agreement with Reliance Trust Company (the current custodian). The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA required supplemental schedule, obtained by management and agreed to or derived from information certified by the current and former custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at Fair Value		
Mutual Funds	<u>\$ 10,262,082</u>	<u>\$ 12,566,930</u>
Investments, at Contract Value		
Fully Benefit Responsive Investment Contract	<u>\$ 270,270</u>	<u>\$ 338,291</u>
Notes Receivable from Participants	<u>\$ 200,724</u>	<u>\$ 209,407</u>

The Plan's custodians also certified to the completeness and accuracy of \$(2,529,976) and \$532,133 of net (depreciation) appreciation in fair value of the Plan's mutual fund investments, and \$2,865 and \$845,541 of interest and dividends distributions related to the aforementioned investments, and \$9,388 and \$8,944 of interest on notes receivable from participants for the years ended December 31, 2022 and 2021, respectively.

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

1ST LAKE PROPERTIES, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,262,082	\$ -	\$ -	\$ 10,262,082
Total Investments				\$ 10,262,082

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 12,566,930	\$ -	\$ -	\$ 12,566,930
Total Investments				\$ 12,566,930

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6. Investment Contract with Insurance Company

The Plan entered into a traditional benefit-responsive investment contract with Transamerica. The stable value investment option associated with this contract is backed by the general account of Transamerica. While Transamerica declares rates periodically and backs the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment option is not guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although plan participants generally may withdraw assets from the investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Notes to Financial Statements

Note 6. Investment Contract with Insurance Company (Continued)

As described in Note 2, because the contract is deemed fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to the first day of each month, an effective annual rate of interest is established for that month. There is no stated minimum or maximum interest rate.

Note 7. Tax Status

On January 1, 2021, the Plan adopted a non-standardized plan document and adoption agreement to replace the previous plan document and adoption agreement in use since 2008. The new plan document has received an opinion letter. The non-standardized plan document has received an opinion letter from the Internal Revenue Service as to its qualified status. The opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
