## INDEPENDENT AUDITOR'S REPORT

Covia Holdings LLC Savings Plan Committee  
Covia Retirement Savings Plan  
Independence, Ohio

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Covia Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets Held for Investment Purposes at End of Year at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

#### **1 Description of Plan**

The following description of Covia Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

##### ***General:***

The Plan is a defined contribution plan covering all eligible salaried and certain union and non-union hourly employees of Covia Holdings LLC (the “Company”). It is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended January 1, 2021 to change the employer matching contribution formula as described in the Contributions section below.

The Plan was restated as of April 1, 2022 to reflect statutory changes pursuant to the requirements in Internal Revenue Service (“IRS”) Notice 2017-37.

##### ***Eligibility:***

The Plan covers all employees of the Company age 18 or older, excluding probationary employees, leased employees, non-resident aliens, and residents of Puerto Rico. There is no eligibility service requirement for participation in the Plan for full time employees and such employees are eligible to contribute on the first of the month following their hire date. Part time employees must complete a 12-month period of service before becoming eligible.

##### ***Contributions:***

Participants may contribute up to 85% of their annual compensation, as defined, subject to certain Internal Revenue Code (IRC) limitations.

Eligible participants who fail to affirmatively make a deferral election (including opting out of participation) will be auto-enrolled into the Plan at a rate of 3% of annual compensation, as defined, as a pre-tax contribution. For those participants automatically enrolled, the deemed elective deferral rate shall be increased by 1% annually to a maximum of 5%.

Effective January 1, 2021, the Company contributes a safe-harbor match calculated as 100% of the first 6% of eligible compensation for each non-union employee participating in the Plan.

Effective January 1, 2021, the Company shall make a safe-harbor matching contribution on behalf of hourly employees at Ottawa, Illinois covered by the collective bargaining agreement between the Company and Ottawa Local No. 31-G (00) of The United Steel, Paper and International Union Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Works, Affiliated with the AFL-CIO-CLC. Such matching contribution shall be equal to 100% of the first 3%, and 50% of the next 2%, of the participant's compensation contributed as elective deferrals.

### Covia Retirement Savings Plan

#### 1 Description of Plan, Continued

##### ***Contributions, Continued:***

The Company also makes fixed non-elective contributions to hourly employees covered by certain bargaining agreements. Union affiliations affected by this provision are Camden Local 9-0007-01, Cleburne Local 00780, Emmett Local 2816, Hephzibah Local 515, Kasota Local 460G-01, LeSueur/Ottawa Local 460G, McIntyre Local 9-531, Oregon Local 206-08, Portage Local 1406, Tamms Local 773, Troy Grove Local 31G-02, TechniSand Troy Grove/Wedron Local 31G-04, Wedron Local 31G, and Utica Local 31G-06.

The Company may also make discretionary non-elective contributions for non-union employees. Such discretionary non-elective contributions, if exercised by the Company, are based upon the ratio that eligible employees' compensation bears to the compensation of all such eligible employees.

The Plan permits Roth and after-tax contributions and has a qualified automatic contribution arrangement.

Participants may also transfer to this Plan any distributions they received from other qualified plans.

##### ***Participants' Accounts:***

Individual accounts are maintained for each participant. Accounts are credited with the participant's contribution, the Company's matching and non-elective contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is limited to the total in the participant's vested account.

##### ***Vesting:***

Participants vest immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is generally 100% vested after: 1) two years of credited service for the Company's matching contributions for union participants, 2) immediate vesting for the Company's safe-harbor matching contributions for non-union and eligible union participants, 3) three years of credited service for the Company's fixed non-elective contributions and employer discretionary contributions, and 4) immediately for the employer transition contribution. In addition, certain union employees and employees affiliated with previous acquisitions are vested in employer contributions as determined on the basis of those agreements.

##### ***Forfeitures:***

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to reduce future employer contributions and pay Plan expenses. Forfeitures used to reduce employer contributions and expenses for the years ended December 31, 2022 and 2021 were \$404,388 and \$39,441, respectively.

Forfeited non-vested accounts totaled \$63,992 and \$313,989 as of December 31, 2022 and 2021 respectively. Future employer contributions and Plan expenses will be reduced by these amounts.

##### ***Investment Options:***

#### 2 Summary of Significant Accounting Policies

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

## 2 Summary of Significant Accounting Policies, Continued

### ***Valuation of Investments:***

Investments (except for fully benefit-responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the stable value fund is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### ***Administrative Fees:***

Expenses reasonably incurred in the administration of the Plan are paid by the Plan as provided by the Plan document. Certain costs of establishing and administering the Plan have been paid by the Company and, accordingly, are not included as administrative expenses of the Plan.

### ***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### ***Risks and Uncertainties:***

The Plan's investments include investments in mutual funds, common trust funds, and a stable value fund holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

## 2 Summary of Significant Accounting Policies, Continued

### *Subsequent Events:*

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 11, 2023, which is the date the financial statements were available to be issued.

## 3 Tax Status

On June 30, 2020, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

## 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets.
- \* Quoted prices for identical or similar assets or liabilities in inactive markets.
- \* Inputs other than quoted prices that are observable for the asset or liability.
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

#### 4 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

#### ***Mutual Funds:***

The fair value of the mutual funds are based on quoted market prices and are classified in Level 1 of the fair value hierarchy.

#### ***Common Trust Funds:***

The fair value of the common trust funds is based on quoted prices for similar assets or liabilities in active markets and is classified in Level 2 of the fair value hierarchy. Issuances and redemptions of units are recorded daily. In unusual market conditions, the Trustee may impose restrictions on such issuances and redemptions. For the common trust funds, withdrawals and redemptions will normally be processed as soon as practicable following varying requirements of written notice (i.e. 10 calendar days, 12 months, etc.) to the Trustee. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

#### 6 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

#### 7 Benefit-Responsive Contract

The Plan held a stable value fund contract with New York Life Trust Company (“New York Life”) at December 31, 2021 and during part of 2022. The contract met the fully benefit-responsive insurance contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

### Covia Retirement Savings Plan

#### 7 Benefit-Responsive Contract, Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The guaranteed investment contract does not permit New York Life to terminate the agreement prior to the scheduled maturity date.

## INDEPENDENT AUDITOR'S REPORT

Covia Holdings LLC Savings Plan Committee  
Covia Retirement Savings Plan  
Independence, Ohio

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Covia Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets Held for Investment Purposes at End of Year at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

#### **1 Description of Plan**

The following description of Covia Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

##### ***General:***

The Plan is a defined contribution plan covering all eligible salaried and certain union and non-union hourly employees of Covia Holdings LLC (the “Company”). It is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended January 1, 2021 to change the employer matching contribution formula as described in the Contributions section below.

The Plan was restated as of April 1, 2022 to reflect statutory changes pursuant to the requirements in Internal Revenue Service (“IRS”) Notice 2017-37.

##### ***Eligibility:***

The Plan covers all employees of the Company age 18 or older, excluding probationary employees, leased employees, non-resident aliens, and residents of Puerto Rico. There is no eligibility service requirement for participation in the Plan for full time employees and such employees are eligible to contribute on the first of the month following their hire date. Part time employees must complete a 12-month period of service before becoming eligible.

##### ***Contributions:***

Participants may contribute up to 85% of their annual compensation, as defined, subject to certain Internal Revenue Code (IRC) limitations.

Eligible participants who fail to affirmatively make a deferral election (including opting out of participation) will be auto-enrolled into the Plan at a rate of 3% of annual compensation, as defined, as a pre-tax contribution. For those participants automatically enrolled, the deemed elective deferral rate shall be increased by 1% annually to a maximum of 5%.

Effective January 1, 2021, the Company contributes a safe-harbor match calculated as 100% of the first 6% of eligible compensation for each non-union employee participating in the Plan.

Effective January 1, 2021, the Company shall make a safe-harbor matching contribution on behalf of hourly employees at Ottawa, Illinois covered by the collective bargaining agreement between the Company and Ottawa Local No. 31-G (00) of The United Steel, Paper and International Union Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Works, Affiliated with the AFL-CIO-CLC. Such matching contribution shall be equal to 100% of the first 3%, and 50% of the next 2%, of the participant's compensation contributed as elective deferrals.

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

#### 1 Description of Plan, Continued

##### ***Contributions, Continued:***

The Company also makes fixed non-elective contributions to hourly employees covered by certain bargaining agreements. Union affiliations affected by this provision are Camden Local 9-0007-01, Cleburne Local 00780, Emmett Local 2816, Hephzibah Local 515, Kasota Local 460G-01, LeSueur/Ottawa Local 460G, McIntyre Local 9-531, Oregon Local 206-08, Portage Local 1406, Tamms Local 773, Troy Grove Local 31G-02, TechniSand Troy Grove/Wedron Local 31G-04, Wedron Local 31G, and Utica Local 31G-06.

The Company may also make discretionary non-elective contributions for non-union employees. Such discretionary non-elective contributions, if exercised by the Company, are based upon the ratio that eligible employees' compensation bears to the compensation of all such eligible employees.

The Plan permits Roth and after-tax contributions and has a qualified automatic contribution arrangement.

Participants may also transfer to this Plan any distributions they received from other qualified plans.

##### ***Participants' Accounts:***

Individual accounts are maintained for each participant. Accounts are credited with the participant's contribution, the Company's matching and non-elective contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is limited to the total in the participant's vested account.

##### ***Vesting:***

Participants vest immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is generally 100% vested after: 1) two years of credited service for the Company's matching contributions for union participants, 2) immediate vesting for the Company's safe-harbor matching contributions for non-union and eligible union participants, 3) three years of credited service for the Company's fixed non-elective contributions and employer discretionary contributions, and 4) immediately for the employer transition contribution. In addition, certain union employees and employees affiliated with previous acquisitions are vested in employer contributions as determined on the basis of those agreements.

##### ***Forfeitures:***

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to reduce future employer contributions and pay Plan expenses. Forfeitures used to reduce employer contributions and expenses for the years ended December 31, 2022 and 2021 were \$404,388 and \$39,441, respectively.

Forfeited non-vested accounts totaled \$63,992 and \$313,989 as of December 31, 2022 and 2021 respectively. Future employer contributions and Plan expenses will be reduced by these amounts.

No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

##### ***Investment Options:***

#### 2 Summary of Significant Accounting Policies

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

## NOTES TO FINANCIAL STATEMENTS

### Covia Retirement Savings Plan

## 2 Summary of Significant Accounting Policies, Continued

### ***Valuation of Investments:***

Investments (except for fully benefit-responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the stable value fund is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### ***Administrative Fees:***

Expenses reasonably incurred in the administration of the Plan are paid by the Plan as provided by the Plan document. Certain costs of establishing and administering the Plan have been paid by the Company and, accordingly, are not included as administrative expenses of the Plan.

### ***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### ***Risks and Uncertainties:***

The Plan's investments include investments in mutual funds, common trust funds, and a stable value fund holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

## 2 Summary of Significant Accounting Policies, Continued

### *Subsequent Events:*

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 11, 2023, which is the date the financial statements were available to be issued.

## 3 Tax Status

On June 30, 2020, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

## 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets.
- \* Quoted prices for identical or similar assets or liabilities in inactive markets.
- \* Inputs other than quoted prices that are observable for the asset or liability.
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

#### 4 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

#### ***Mutual Funds:***

The fair value of the mutual funds are based on quoted market prices and are classified in Level 1 of the fair value hierarchy.

#### ***Common Trust Funds:***

The fair value of the common trust funds is based on quoted prices for similar assets or liabilities in active markets and is classified in Level 2 of the fair value hierarchy. Issuances and redemptions of units are recorded daily. In unusual market conditions, the Trustee may impose restrictions on such issuances and redemptions. For the common trust funds, withdrawals and redemptions will normally be processed as soon as practicable following varying requirements of written notice (i.e. 10 calendar days, 12 months, etc.) to the Trustee. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

#### 6 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

#### 7 Benefit-Responsive Contract

The Plan held a stable value fund contract with New York Life Trust Company (“New York Life”) at December 31, 2021 and during part of 2022. The contract met the fully benefit-responsive insurance contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

### Covia Retirement Savings Plan

#### 7 Benefit-Responsive Contract, Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The guaranteed investment contract does not permit New York Life to terminate the agreement prior to the scheduled maturity date.
