INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Wholesale Building Products, LLC 401(k) Profit Sharing & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wholesale Building Products, LLC 401(k) Profit Sharing & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Wholesale Building Products, LLC 401(k) Profit Sharing & Trust

- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

Effective January 1, 2022, the G. Proulx, LLC 401(k) Profit Sharing Plan & Trust was amended and renamed the Wholesale Building Products, LLC 401(k) Profit Sharing & Trust.

The following description of Wholesale Building Products, LLC 401(k) Profit Sharing & Trust (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all Plan participants upon request.

General: The Plan is a defined contribution plan covering all eligible employees of Wholesale Building Products, LLC and Affiliated Companies (collectively, the "Company" and/or "Employer") who are of age twenty or older and employed for one year, during which the employee has at least 1,000 hours of service. Current participating employers are as follows: Wholesale Building Products, LLC; G. Proulx Building Products, LLC; and Trebor USA Corporation. The Plan was initially effective June 30, 1994, and has been subsequently amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a specific percentage or dollar amount of their annual compensation, as defined by the Plan, subject to Internal Revenue Service (IRS) regulations. Contributions to the Plan are pre-tax and are deductible from gross income for federal income tax purposes. The plan accepts rollover contributions.

As determined annually by the managing body of the Employer, the Employer may make a discretionary matching contribution, determined as a percentage of employee salary deferrals, during each payroll period. For the year ended December 31, 2022, the Employer made matching contributions of \$ 50,424. The Employer may also make a discretionary profit-sharing contribution, determined as a percentage of compensation or as a dollar amount, to be allocated among the participants based on a separate allocation group, as applicable. No discretionary profit sharing contribution was made by the Employer for the year ended December 31, 2022.

Participants' accounts (self-directed): Each participant's account is credited with the individual contributions, as well as an allocation of the Company's contributions, if any, and Plan earnings or losses, and charged with an allocation of administrative expenses. The earnings or losses, including fair value adjustments, on a participant's account are based on the performance of the investment funds. In addition, interest charged on individual participant loans is credited directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions, the Employer's matching and profit-sharing contributions, and earnings thereon.

Notes receivable from participants: Participants may borrow from their account balance a minimum of \$ 1,000 up to a maximum, which is the lesser of 50% of their vested account balance, reduced by any outstanding loan balance, or \$ 50,000. The loans are secured by the participant's account balance and bear interest computed on the basis of the prime rate plus 2%, (5.25% to 9.00%) at December 31, 2022. Principal and interest is paid ratably through payroll deductions. At December 31, 2022 and 2021, participants' loans totaled approximately \$ 324,000 and \$ 397,000, respectively.

Note 1 - Description of the Plan (continued)

Payment of benefits and distributions: Benefit payments and distributions of a participant's account are made upon the normal retirement age of 65, termination from service with the Company, death, disability, or hardship. In service distributions can be made only if the participant has attained age 59½ and have incurred a hardship, or is in certain active military duty, as described in the plan document. Distributions may be made in lump-sum or installments.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: The Plan's investments are primarily held in pooled separate accounts. The Plan's investments are stated at their estimated fair value, except for fully benefit-responsive investment contracts, if any, which are reported at contract value. The difference between fair value and the cost of investments is reflected as appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits. See Note 4 for a discussion of fair value measurements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation or depreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned, and dividends are recorded as of the ex-dividend date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan Administrator/Trustee to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Actual results may differ from those estimates.

Administrative expenses: Certain administrative expenses are paid directly from Plan assets, which amounted to \$ 51,980 for the Plan year ending December 31, 2022. Certain uncompensated functions are performed by employees of the Company.

Date of management review: Subsequent events have been evaluated by management through July 27, 2023, the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

John Hancock Life Insurance Company (U.S.A.), the trustee of the Plan assets, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021; the related investment activity and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs are unobservable inputs for the investments and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Pooled separate accounts (PSA) are generally privately managed through investment companies and may not be publicly quoted. PSA's are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSA's are valued based on the net asset value (NAV) of the underlying mutual funds or securities. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

The Plan's investments are reported at estimated fair value in the accompanying statements of net assets available for benefits. The investments, at fair value, are classified as follows:

	Level 1	Level 2	Level 3	Investments Valued at NAV	Total
At December 31, 2022:					
Pooled separate accounts	\$ <u>3,347,382</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>219,449</u>	\$ <u>3,566,831</u>
At December 31, 2021:					
Pooled separate accounts	\$ <u>3,696,735</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>186,098</u>	\$ <u>3,882,833</u>

Note 5 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Note 4. In addition, there have been benefit and withdrawal distribution payments of \$ 310,641 to Plan participants during the year ended December 31, 2022.

Note 6 - Tax Status

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, a non-standardized pre-approved profit sharing plan with CODA, was in compliance with the applicable requirements of Internal Revenue Code Section 401(k) (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from Federal income tax. Participants are not subject to federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them.

The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7 - Parties in Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the Trustee are considered party-in-interest transactions.

As noted in Note 3, Plan investments are managed and held by John Hancock Life Insurance Company, (U.S.A.). These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.
