Independent Auditors' Report

Plan Administrator
Accurate Perforating Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Accurate Perforating Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Accurate Perforating Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Accurate Perforating Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Accurate Perforating Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Accurate Perforating Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Accurate Perforating Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACCURATE PERFORATING COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

General:

Accurate Perforating Company, Inc. 401(k) Plan (the Plan) is sponsored by Accurate Perforating Company, Inc. for its employees and the employees of Accurate Metal Fabricating Company and 36th and Kedzie Building Corporation, affiliates through common ownership of Accurate Perforating Company, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees become eligible to participate in the Plan on the first day of each quarter subsequent to completing 90 days of service and reaching 18 years of age.

Contributions:

The Plan is a defined-contribution Section 401(k) salary deferral plan. A participant may contribute to the Plan up to the maximum percentage of compensation allowable by law. The Plan also allows rollover contributions whereby participants may contribute amounts representing distributions from other qualified plans. The Plan allows an employer discretionary match contribution for employees not covered by a collective bargaining agreement. Employees must be employed as of the last day of the Plan year to be eligible for the employer match contributions. During the year ended December 31, 2022, the Company made no such discretionary employer match contribution.

For the employees of the Company covered by a collective bargaining agreement with UAW Local 6, the Company matched each dollar contributed by the participant up to a maximum of \$25 per week during the year ended December 31, 2022.

For the employees of the Company covered by a collective bargaining agreement with PWU Local 18, the Company matched each dollar contributed by the participant up to a maximum of \$10 per week during the year ended December 31, 2022.

For the employees of the Company covered by a collective bargaining agreement with Teamsters Local 781, the Company matched each dollar contributed by the participant up to a maximum of \$10 per week during the year ended December 31, 2022.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Contributions: (continued)

In addition, the Company may make annual discretionary profit-sharing contributions in an amount to be determined at Plan year-end by the Company. Employees must be employed as of the last day of the Plan year and complete one year of service to be eligible for profit-sharing contributions. During the year ended December 31, 2022, the Company made no such discretionary profit-sharing contribution.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among the investment options.

Vesting:

Participants are immediately vested in their employee contributions plus actual earnings thereon. Discretionary profit-sharing contributions and matching contributions, together with corresponding earnings on each, shall vest 100% after one year of service for all non-collectively bargained participants. For those participants covered by a collective bargaining agreement with UAW Local 6 and PWU Local 18, employer matching contributions and corresponding earnings shall vest 100% after three years of service. Participants become fully vested upon reaching normal retirement age, death, or disability.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon retirement at age 65, permanent disability or resignation from the Company. In-service distributions are also allowed for participants who attain the age of 59 ½ and hardship distributions are permitted. A participant's account balance becomes fully vested upon death or disability. Upon resignation or retirement, participants are entitled to receive the vested portion of their account balance.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Loans to participants:

Loans are available to Plan participants at the prime interest rate plus 1% at the time the loan was initiated. The prime rate was 7.50% and 3.25% at December 31, 2022 and 2021, respectively. The minimum loan is \$1,000 and the maximum amount is equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period or 50% of their vested account balance. All loans must be repaid in ratable payments on at least a quarterly basis, over a five-year period unless the loan is for the purchase of a principal residence for which the term of the loan may be as long as thirty years. Loan defaults are treated as distributions. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Forfeitures:

If a participant terminates employment and is less than 100% vested in the employer account, then the participant may forfeit the nonvested portion of the employer account. A forfeiture will occur in the Plan year that a distribution of the entire vested account is received or if a distribution is not received after five consecutive one-year breaks in service. Forfeitures may be used to pay Plan expenses or to reduce employer contributions to the Plan.

2. Summary of significant accounting policies

Basis of presentation:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and money market funds are valued at the market value of shares held by the Plan at year-end.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition: (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balances and the loans are secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on outstanding balances range from 4.25% to 7.25% at December 31, 2022 and 4.25% to 6.50% at December 31, 2021. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2022 and 2021, no allowance for uncollectible loans was necessary.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company. Administrative expenses incurred by the Plan totaled \$29,728 for the year ended December 31, 2022.

Expense offset arrangements:

Fees incurred by the Plan for the investment management services and recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of December 31, 2022 and 2021 and the reported amounts of changes in net assets available for benefits during the year ended December 31, 2022. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through August 1, 2023, the date the financial statements were available to be issued.

3. Risks and uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company (the Trustee).

The Trustee certified the fair value of investments of \$11,205,091 and \$11,218,280 as of December 31, 2022 and 2021, respectively. Notes receivable from participants of \$119,045 and \$92,138 were also certified by the Trustee at December 31, 2022 and 2021, respectively.

For the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought, sold and held during the year) depreciated in value in the amount of \$2,921,299. Dividend and interest income was \$777,306 for the year ended December 31, 2022. Interest on participant loans was \$5,646 the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair value measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at the market value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31,	2022	2021
	Level 1	
Mutual funds	\$ 10,414,183	\$ 10,801,974
Money market funds	790,908	416,306
Total assets at fair value	\$ 11,205,091	\$ 11,218,280

6. Tax status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

7. Party-in-interest transactions

Plan investments are shares of mutual funds and money market funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$29,728 for the year ended December 31, 2022.

8. Plan termination

While the Company has not expressed any intent to terminate the Plan, they are free to do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Independent Auditors' Report

Plan Administrator
Accurate Perforating Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Accurate Perforating Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Accurate Perforating Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Accurate Perforating Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Accurate Perforating Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Accurate Perforating Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Accurate Perforating Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACCURATE PERFORATING COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

General:

Accurate Perforating Company, Inc. 401(k) Plan (the Plan) is sponsored by Accurate Perforating Company, Inc. for its employees and the employees of Accurate Metal Fabricating Company and 36th and Kedzie Building Corporation, affiliates through common ownership of Accurate Perforating Company, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees become eligible to participate in the Plan on the first day of each quarter subsequent to completing 90 days of service and reaching 18 years of age.

Contributions:

The Plan is a defined-contribution Section 401(k) salary deferral plan. A participant may contribute to the Plan up to the maximum percentage of compensation allowable by law. The Plan also allows rollover contributions whereby participants may contribute amounts representing distributions from other qualified plans. The Plan allows an employer discretionary match contribution for employees not covered by a collective bargaining agreement. Employees must be employed as of the last day of the Plan year to be eligible for the employer match contributions. During the year ended December 31, 2022, the Company made no such discretionary employer match contribution.

For the employees of the Company covered by a collective bargaining agreement with UAW Local 6, the Company matched each dollar contributed by the participant up to a maximum of \$25 per week during the year ended December 31, 2022.

For the employees of the Company covered by a collective bargaining agreement with PWU Local 18, the Company matched each dollar contributed by the participant up to a maximum of \$10 per week during the year ended December 31, 2022.

For the employees of the Company covered by a collective bargaining agreement with Teamsters Local 781, the Company matched each dollar contributed by the participant up to a maximum of \$10 per week during the year ended December 31, 2022.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Contributions: (continued)

In addition, the Company may make annual discretionary profit-sharing contributions in an amount to be determined at Plan year-end by the Company. Employees must be employed as of the last day of the Plan year and complete one year of service to be eligible for profit-sharing contributions. During the year ended December 31, 2022, the Company made no such discretionary profit-sharing contribution.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among the investment options.

Vesting:

Participants are immediately vested in their employee contributions plus actual earnings thereon. Discretionary profit-sharing contributions and matching contributions, together with corresponding earnings on each, shall vest 100% after one year of service for all non-collectively bargained participants. For those participants covered by a collective bargaining agreement with UAW Local 6 and PWU Local 18, employer matching contributions and corresponding earnings shall vest 100% after three years of service. Participants become fully vested upon reaching normal retirement age, death, or disability.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon retirement at age 65, permanent disability or resignation from the Company. In-service distributions are also allowed for participants who attain the age of 59 ½ and hardship distributions are permitted. A participant's account balance becomes fully vested upon death or disability. Upon resignation or retirement, participants are entitled to receive the vested portion of their account balance.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Loans to participants:

Loans are available to Plan participants at the prime interest rate plus 1% at the time the loan was initiated. The prime rate was 7.50% and 3.25% at December 31, 2022 and 2021, respectively. The minimum loan is \$1,000 and the maximum amount is equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period or 50% of their vested account balance. All loans must be repaid in ratable payments on at least a quarterly basis, over a five-year period unless the loan is for the purchase of a principal residence for which the term of the loan may be as long as thirty years. Loan defaults are treated as distributions. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Forfeitures:

If a participant terminates employment and is less than 100% vested in the employer account, then the participant may forfeit the nonvested portion of the employer account. A forfeiture will occur in the Plan year that a distribution of the entire vested account is received or if a distribution is not received after five consecutive one-year breaks in service. Forfeitures may be used to pay Plan expenses or to reduce employer contributions to the Plan.

2. Summary of significant accounting policies

Basis of presentation:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and money market funds are valued at the market value of shares held by the Plan at year-end.

ACCURATE PERFORATING COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition: (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balances and the loans are secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on outstanding balances range from 4.25% to 7.25% at December 31, 2022 and 4.25% to 6.50% at December 31, 2021. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2022 and 2021, no allowance for uncollectible loans was necessary.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company. Administrative expenses incurred by the Plan totaled \$29,728 for the year ended December 31, 2022.

Expense offset arrangements:

Fees incurred by the Plan for the investment management services and recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of December 31, 2022 and 2021 and the reported amounts of changes in net assets available for benefits during the year ended December 31, 2022. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through August 1, 2023, the date the financial statements were available to be issued.

3. Risks and uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company (the Trustee).

The Trustee certified the fair value of investments of \$11,205,091 and \$11,218,280 as of December 31, 2022 and 2021, respectively. Notes receivable from participants of \$119,045 and \$92,138 were also certified by the Trustee at December 31, 2022 and 2021, respectively.

For the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought, sold and held during the year) depreciated in value in the amount of \$2,921,299. Dividend and interest income was \$777,306 for the year ended December 31, 2022. Interest on participant loans was \$5,646 the year ended December 31, 2022.

5. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair value measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at the market value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31,	2022	2021
	Level 1	
Mutual funds	\$ 10,414,183	\$ 10,801,974
Money market funds	790,908	416,306
Total assets at fair value	\$ 11,205,091	\$ 11,218,280

6. Tax status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

7. Party-in-interest transactions

Plan investments are shares of mutual funds and money market funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$29,728 for the year ended December 31, 2022.

8. Plan termination

While the Company has not expressed any intent to terminate the Plan, they are free to do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
