INDEPENDENT AUDITORS' REPORT

Slosburg Company 401(k) Retirement Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of accompanying financial statements of Slosburg Company 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Slosburg Company 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Slosburg Company 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Slosburg Company 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Slosburg Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Slosburg Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and reportable transactions as of or for the year ended December 31, 2021, and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Slosburg Company 401(k) Retirement Plan Committee. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and context of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SLOSBURG COMPANY 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE A – DESCRIPTION OF PLAN

The following description of the Slosburg Company 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all eligible persons of Slosburg Company and affiliated entities (Company) who are 21 years of age or older and who have obtained one-fourth of one year of service. The Plan is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year the Company contributes to the Plan the total amount of the salary reduction the participant elects to defer and Company contributions as specified in the Plan. Participants may also make rollover contributions which are amounts distributed from other qualified defined benefit and defined contribution plans. For 2021 and 2020, the Company matched \$0.25 for every \$1.00 of employee deferrals up to five percent of their deferral.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the specific dollar limits determined by the Internal Revenue Service. Participants may modify the amount of their salary deferral contributions at any time, to be effective the first of the following month. Participants may direct the investment of their contributions (and the Company's contributions) into various investment options offered by the Plan.

3. Participant Accounts

Each participant's account is credited with the contributions of the participant and the Company. Participants may allocate their funds amongst an array of investment choices provided to them by the Plan Administrator. Investment earnings accumulate within each participant's account according to the allocation of funds selected by the participant and the rate of return, thereon. The benefit to which a participant is entitled is the vested portion of the accumulated balance of participant and Company contributions and investment earnings accumulated thereon.

4. Vesting

Participants are immediately vested in their elective contributions and rollovers, plus actual earnings thereon. Vesting for the employer matching contributions and related earnings is based on the number of the participant's years of continuous service until the participant reaches six years of service at which point the balance of those contributions and the related earnings are then fully vested.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE A – DESCRIPTION OF PLAN – Continued

5. Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates of 4.25% to 6.50% in 2021 and 2020. The loan interest rate is set at one percent above prime rate. Notes receivable from participants are valued at unpaid principal balances. Interest income is recognized as principal and interest is paid through bi-weekly payroll deductions.

Fees related to the administration of notes receivable are charged directly to the participant's accounts. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Payment of Benefits

Upon termination of employment, due to retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or annual installments as provided by the Plan. For termination of employment for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the account is over \$5,000, the participant may elect to keep the vested portion of his or her account in the Plan, without future matching benefits. If the account is between \$1,000 and \$5,000, the Company may elect to make a direct rollover of the vested interest into an independently or third-party managed IRA when the participant does not elect to receive a lump-sum distribution.

7. Forfeited Accounts

The non-vested portion of participant withdrawals is placed into a separate account by the Directed Trustee. This account may be used to pay Plan administrative fees or to reduce Company contributions. In 2021 and 2020, respectively, Company contributions were not reduced from payments made out of the forfeited non-vested account. Forfeitures were used to pay \$805 and \$1,395, in administrative fees in 2021 and 2020, respectively. Additionally, forfeitures were used to reduce Sponsor contributions by \$21,987 and \$29,590, for the years ending December 31, 2021 and 2020, respectively. As of December 31, 2021 and 2020, unallocated forfeitures were \$1,579 and \$0, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting and in conformity with accounting principles generally accepted in the United States of America.

SLOSBURG COMPANY 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

2. Administrative Expenses

Plan fees are recorded as administrative expenses and are expensed when they are incurred. Certain expenses of maintaining the Plan, such as the annual audit, are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in a net appreciation of fair value of investments.

3. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan and related trust are designed from a prototype which was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator does not believe that the Plan has any uncertain tax positions and therefore, no provisions have been made. The Plan could still be subject to Department of Labor or Internal Revenue Service audits for the years ending December 31, 2020, 2019 or 2018, respectively.

4. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

5. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements and Note F for further discussion of fully benefit-responsive guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

6. Payments of Benefits

Benefits are recorded when paid.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Their accounts shall be distributed to participants in accordance with provisions of the Plan.

NOTE D – FINANCIAL INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from United of Omaha Life Insurance Company (Directed Trustee) that all information relating to the pooled separate accounts and guaranteed investment contracts are complete and accurate. Information as to the value of the investments in these funds, including their investment income and related information in the supplemental schedules, is presented in reliance solely upon this certification.

The Directed Trustee has certified the following information as of December 31,:

	<u>2021</u>	<u>2020</u>
Investments in pooled separate accounts, fair value	\$ 7,203,376	\$ 6,640,046
Investments in guaranteed insurance contract, contract value	1,692,479	1,453,554

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE E – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for the Plan's contract with United of Omaha Life Insurance Company. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The administrative committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 are used for investments for which Level 1 inputs were not available. Level 3 would be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The pooled separate accounts (PSA) contain a mix of mutual funds, collective trusts and managed accounts which are all valued daily. While some investments in the pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of the separate accounts themselves are classified as Level 2 investments since they are not publicly quoted and the investments may be redeemed at their net asset values (NAV) as of the measurement date. The NAV is based on the value of the underlying assets owned by the PSA, minus any liabilities, divided by the number of shares outstanding in the account.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE F – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2003, the Plan entered into a fully benefit-responsive guaranteed investment contract with United of Omaha Life Insurance Company (Directed Trustee). The Directed Trustee maintains the contributions in a maturity account (which is held for a fixed period of time as part of the Directed Trustee's general assets), to which it adds interest. The interest rate is declared at the beginning of each month for a five-year investment term and guaranteed for deposits received during that month. The interest rates that are declared are based on current market conditions and what quality assets the Directed Trustee can purchase to support the corresponding liability. The credited and actual weighted average interest rate yield for 2021 and 2020 was 1.30% and 1.45%, respectively. Administration expenses were charged against the contract at a rate of .30% and .40% of assets annually for 2021 and 2020, respectively.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract specifies certain events and conditions which may lead to the discontinuance of the contract. These could include premature termination of the contract, layoffs, Plan termination, mergers, etc. In the event the contract is discontinued, the Plan may be limited in transacting at contract value if its participants elect to receive lump-sum distributions for their portion of the contract balance. When this election is made the contract specifies the issuer may make fair value adjustments, as defined by the contract, prior to issuing the disbursements. Plan administration does not believe that the contract will be discontinued in the foreseeable future.

NOTE G – PARTIES IN INTEREST

Several officers of the Company provide various services to the Plan including administrative functions. Services are provided by the Company at no cost to the Plan.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE G – PARTIES IN INTEREST – Continued

As described in Note F, participants of the Plan may elect to allocate a portion of their fund balance to an investment contract insured by United of Omaha Life Insurance Company (Directed Trustee), who also managed the Plan's investments for the years ended December 31, 2021 and 2020. Several of the mutual funds offered to participants are also managed by the Directed Trustee. Therefore, Plan transactions with these particular investments are deemed party-in-interest transactions. Fees paid by the Plan to United of Omaha Life Insurance Company for investment management services were \$6,950 and \$9,626 the years ended December 31, 2021 and 2020, respectively.

NOTE H – RECONCILIATIONS OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying financial statements do not correspond to the filed Form 5500 for December 31, 2021. The summary of differences is as follows:

	Participant Contribution <u>Receivable</u>	Employer Contribution <u>Receivable</u>	Participant Contribution	Employer Contribution
