INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance of
Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan
Portland, Maine

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 1. Plan Description

The following description of the Baker Newman & Noyes, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of Baker Newman & Noyes, LLC (the “Company”), excluding interns and temporary employees. Employees are eligible to participate in deferral contributions upon reaching age 21. Participants are eligible to receive Company matching contributions upon completion of one year of service, as defined. In addition, Company profit sharing contributions may be made to participants who have completed one year of service, are employed by the Company on the last day of the Plan year, and have completed 1,000 hours of service during the Plan year.

Contributions

Each year, participants may contribute up to 75% of eligible compensation as Pre-tax or Roth deferrals, as defined in the Plan. Highly compensated employees, as defined, may contribute up to 40% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified Plans, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an automatic enrollment and automatic deferral increase feature. Automatic deferrals begin at 3% and increase 1% each year, to a maximum of 6%. Employees may adjust or decline salary reduction contributions to the Plan at any time.

The Company matches 25% of participant deferrals, up to a maximum of 6% of eligible compensation. The Company’s profit sharing contribution is determined annually by the Principals of the Company. Allocations are made to designated employee groups, as defined. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts

Each participant’s account is credited with the participant’s contribution, any Company matching contributions, and allocations of the Company’s profit sharing contribution, plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1. Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's matching and additional discretionary contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested in Company matching and profit sharing contributions after five years of credited service.

Notes from participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms range from one to five years unless the note is for purchase of a primary residence, in which case the term may exceed five years. Notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 2%. The interest rates ranged from 5.25% to 8.25% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution or installment payments equal to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are permitted upon reaching age 59 ½. Mandatory distributions are required for vested balances of \$5,000 or less when a participant separates from service.

Administrative costs

Plan administrative expenses may be paid by the Company or the Plan on a discretionary basis.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$16,856 and \$20,827, respectively. Forfeited balances of terminated participants' nonvested accounts may be used to reduce employer contributions or pay Plan expenses. Employer contributions for the year ended December 31, 2022 and 2021, were reduced by forfeited non-vested amounts of \$22,187 and \$20,363, respectively.

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2. Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Interest-bearing cash

At December 31, 2022 and 2021, the Plan's self-directed brokerage accounts include interest-bearing cash consisting of funds held in a deposit account maintained by TD Ameritrade. This account is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

Valuation of investments and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of benefits

Benefit payments are recorded when paid.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The collective investment fund owned by the Plan at December 31, 2022 and 2021, is valued using the NAV practical expedient and is excluded from the fair value hierarchy.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end. The fair values of corporate stocks are based on the closing price reported on the active market on which the individual securities are traded.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 3. Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

The fair values of corporate debt instruments are based on inputs that are observable for valuing the asset or liability, either directly or indirectly (i.e., interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

While the underlying asset values are quoted prices, the net asset value (NAV) of a unit in these funds is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are reflected in the computation of the NAV and are realized by the participant upon withdrawal. No distributions of income and gain or loss are made to participants.

Investments measured using the net asset value per share practical expedient

The following table, which includes the KeyBank EB Managed Guaranteed Investment Contract Fund, a stable value collective investment fund, summarizes investments for which fair value is measured using the net asset value per share practical expedient at December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
KeyBank EB Managed GIC Fund	\$1,757,455	None	Daily	12 months

KeyBank EB Managed GIC Fund	\$3,280,392	None	Daily	12 months

Note 4. Stable Value Collective Investment Fund

The Plan has investments in the KeyBank EB Managed Guaranteed Investment Contract Fund. The Fund invests in traditional guaranteed investment contracts, synthetic guaranteed investment contracts, and a short-term collective investment fund. Each fixed maturity synthetic guaranteed investment contract has a wrap contract that provides book value accounting for the asset. Each constant duration synthetic guaranteed investment contract has a wrap contract that amortizes gains and losses of the underlying securities over the portfolio duration. The wrap contracts assure that book value and benefit responsive payments will be made for participant directed withdrawals. These contracts are considered to be benefit-responsive and are presented at fair value.

Note 4. Stable Value Collective Investment Fund (Continued)

The average yields for this fund are as follows:

	<u>2022</u>	<u>2021</u>
Based on annualized earnings	2.05%	1.43%
Based on interest rate credited to participants	2.07%	1.39%

The objective of the KeyBank EB Managed Guaranteed Investment Contract Fund is to seek a reasonable level of income together with stability of principal. The percentage of contributions allocated to the stable value collective investment fund is determined by the participants.

Note 5. Related Party and Party-in-Interest Transactions

Officers or employees of the Company perform certain administrative functions. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants directed their investments in funds issued by the Trustee and managed by Capital Research and Management Company, Inc., an affiliate of the Trustee. Investments in funds issued by the Trustee are considered related party transactions. Fees paid to Capital Research and Management Company, Inc. by the Plan for investment management and administrative services were \$5,014 and \$5,700 for the years ended December 31, 2022 and 2021, respectively.

Other administrative expenses include those paid to the Plan's investment advisor, Steward Partners Investment Advisors, and these are considered party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

Note 7. Tax Status

The Plan was adopted under a prototype non-standardized plan sponsored by Capital Group Retirement Plan Services. Capital Group Retirement Plan Services received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that its master prototype plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been restated, however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Note 7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8. Trustee's Certification
