Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

McMANUS, DOSEN & CO.
Certified Public Accountants

TO THE PLAN ADMINISTRATOR
NORMAN NOBLE, INC. 401(K) PROFIT SHARING PLAN

We have conducted a Department of Labor (DOL) limited-scope audit of Norman Noble, Inc. 401(k) Profit Sharing Plan (the Plan) for the year ended December 31, 2022, and have issued our report thereon dated June 27, 2023. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we communicate to you with the following information related to our audit.

Our Responsibility under U. S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 30, 2023, our responsibility as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to the asset information prepared and certified to by Charles Schwab Bank, the custodian, in accordance with 29 CFR 2520.103-5, other than comparing the information with the related information included in the financial statements. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility for the supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified to by the custodian, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to management.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Norman Noble, Inc. 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan adopted an Accounting Standards Update issued by the Financial Accounting Standards Board in 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Estimates and Disclosures in Financial Statements

Accounting estimates are an integral part of the financial statements and are based upon management's knowledge about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the fair values of the common/collective trusts that do not have market prices is based on valuations performed by Charles Schwab Bank. We evaluated the methods of measuring fair value for the Plan's investments in determining that they are appropriate.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of fair value measurements in Note 4 to the financial statements involves judgment. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements identified by us.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 27, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. These discussions occurred in the normal course of our professional relationship with Norman Noble, Inc. 401(k) Profit Sharing Plan and our responses were not a condition to our retention.

INDEPENDENT AUDITOR'S REPORT

TO THE PARTICIPANTS AND PLAN ADMINISTRATOR
NORMAN NOBLE, INC. 401(K) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Norman Noble, Inc. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Norman Noble, Inc. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Norman Noble, Inc. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Norman Noble, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for the year ended December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Norman Noble, Inc. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Norman Noble, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 Sch. H Schedule of Assets for the period ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021 AND THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF PLAN

The following description of the Norman Noble, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Norman Noble, Inc. (the "Company") who work at least 1,000 hours per year and attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Company's matching contributions, and an allocation of the Company's profit sharing contributions, and Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, a participant may direct contributions among investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – Participants may make pre-tax and after-tax contributions in any percentage of their compensation as defined by the Plan up to the maximum amount set by law. The Plan allows for catch-up contributions for participants who attain the age of 50 before year end. The Company may make discretionary matching and profit sharing contributions. During 2022 and 2021, the Company's discretionary matching contributions were \$.50 for each \$1 contributed by participants up to 6% of the participants' compensation. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participants' accounts and bear interest at rates ranging from 4.25% to 8.00% at December 31, 2022. Principal and interest is paid ratably through weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participants' accounts. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum upon the occurrence of any of the following events:

Retirement - A participant, upon retirement from employment with the Company, at either normal retirement date or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability - In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death - Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Distributions – Upon attaining the age of 59½, a participant may take in-service distributions.

Termination of Employment - Upon termination of employment with the Company for any reason other than death or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to the participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Hardship – A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals after maximum participant loans have been withdrawn. The participant will not be permitted to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participants' share of Company matching and profit sharing contributions is based on years of continuous service according to a six-year graduated scale. The participant will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited non-vested accounts to reduce the employer's discretionary contributions or pay Plan expenses. At December 31, 2022 and 2021, forfeited unallocated accounts totaled \$15,606, and \$6,081 respectively. During 2022, \$43,149 of forfeited non-vested accounts were used to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (See Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2022 or 2021. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants in accordance with Plan provisions.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the custodian of the Plan.

Plan assets certified by the custodian at December 31, 2022 and 2021 includes the following:

	December 31,	
	2022	2021
Investments, at fair value:		
Mutual funds	\$ 27,104,561	\$ 34,453,396
Common/collective trusts	3,801,746	3,755,299
Cash	23,607	64,443
Notes receivable from participants	1,122,778	1,012,307

Plan income certified by the custodian for the year ended December 31, 2022 includes the following:

Net depreciation in fair value of investments	\$ (6,590,246)
---	----------------

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end, as reported on the active markets in which the investments are traded.

Common collective trusts – Valued at the net asset value of shares held by the Plan at year-end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trusts' underlying assets, less their liabilities. The practical expedient is not used when it is determined to be probable that the trusts will sell the investments for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Total
<u>December 31, 2022</u>		
Cash	\$ 23,607	\$ 23,607
Mutual funds	27,104,561	27,104,561
Total investments in the fair value hierarchy	<u>\$ 27,128,168</u>	27,128,168
Investments measured at net asset value		<u>3,801,746</u>
Total investments at fair value		<u>\$ 30,929,914</u>

	Level 1	Total
<u>December 31, 2021</u>		
Cash	\$ 64,443	\$ 64,443
Mutual funds	<u>34,453,396</u>	<u>34,453,396</u>
Total investments in the fair value hierarchy	<u>\$ 34,517,839</u>	34,517,839
Investments measured at net asset value		<u>3,755,299</u>
Total investments at fair value		<u>\$ 38,273,138</u>

5. COMMON/COLLECTIVE TRUSTS

The Plan has an investment in New York Life Anchor Series (the Fund) which are common/collective trust funds. Participants may ordinarily direct permitted withdrawals or transfers of all of a portion of their account balances within the Fund to non-competing investments. In order for participants to transfer their account balances to competing investments, they are required to first transfer their account balances to non-competing investments for 90 days, after which they may transfer their account balances to competing investments. The Fund requires a twelve month advance notice in the case of a full or partial withdrawal of Plan assets from the Fund.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Charles Schwab Bank. Charles Schwab Bank is the custodian of the Plan as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. TAX MATTERS

The Company adopted a volume submitter profit sharing plan with cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued. FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through July 31, 2023, which is the date the financial statements were available to be issued.
