INDEPENDENT AUDITOR'S REPORT

To the Management of the
Bailey Company, Inc., The Thrift Plan for the Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **The Bailey Company, Inc., The Thrift Plan for the Employees**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **The Bailey Company, Inc., The Thrift Plan for the Employees** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements refer to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **The Bailey Company, Inc., The Thrift Plan for the Employees** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Bailey Company, Inc., The Thrift Plan for the Employees** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **The Bailey Company, Inc., The Thrift Plan for the Employees** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by

management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Bailey Company, Inc., The Thrift Plan for the Employees** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes, Assets Required to be Reported Both Acquired and Disposed of Within the Plan Year, and Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. NOTE 1 - DESCRIPTION OF PLAN

The following description of **The Bailey Company, Inc., The Thrift Plan for the Employees** provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

1. **General** - The Plan is a defined contribution plan covering all full-time employees of The Bailey Company (The Company) with at least six months of service subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is financed by employer contributions, employee contributions and earnings from investments. The Board of Trustees is responsible for all aspects of the administration and operation of the Plan.
2. **Contributions/Funding Policy** - The Company contributes to the Plan from current profits. Amounts are determined at the option of the Company's Board of Directors. Participants may contribute up to the maximum amount allowed under current tax regulations.
3. **Participant Accounts** - Each Participant's account is credited with the Participant's contribution and an allocation of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated participant's nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. **Vesting** - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100 percent vested after six years of credited service. However, prior to fulfillment of the requirement outlined above, all employer contributions due on the employee's behalf shall be forfeited once the participant incurs five consecutive one-year breaks-in-service.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. **Basis of accounting** - The accompanying financial statements have been prepared using the modified cash basis of accounting.
- B. **Investment valuation and income recognition** - The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note 9 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend-date. Realized gains and losses include the Plan's gains and losses on investments sold during the year. Unrealized gains and losses include the Plan's gains and losses on investments held during the year and as of the year end.

- C. **Use of estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- D. **Payment of benefits** - Benefits are recorded when paid.
- E. **Subsequent events** - The Plan has evaluated subsequent events through July 25, 2022, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENT INCOME, REALIZED GAINS/LOSSES, AND UNREALIZED GAINS/LOSSES NET OF PLAN ADMINISTRATIVE EXPENSES; SCHEDULE OF ASSETS HELD FOR INVESTMENT PURPOSES AT END OF THE YEAR; SCHEDULE OF INVESTMENT ASSETS BOTH ACQUIRED AND DISPOSED OF WITHIN THE PLAN YEAR; AND SCHEDULE OF REPORTABLE TRANSACTIONS

As allowed by the U.S. Department of Labor (DOL) and the Internal Revenue Service (IRS), Great-West Life and Annuity Insurance Company has elected not to include historical cost on their statements and in any information provided to the Plan. The DOL and IRS allow Plans with participant-directed investment programs to exclude historical cost data from the Form 5500 and the audited financial statements. Consequently, we have combined the investment income, realized gains/losses and unrealized gains/losses net of plan administrative expenses into one figure under "Additions" on the Statement of Changes in Net Assets Available for Benefits due to the fact that Transamerica combines these items on their statements and we do not have any information that separately identifies these categories.

Historical cost has been omitted for the participant-directed investments on the Schedule of Assets Required to be Reported Both Acquired and Disposed of Within the Plan Year. Also, the DOL and IRS allow omission of participant-directed investment transactions that would otherwise be reported on the Schedule of Reportable Transactions from the Form 5500 and audited financial statements. We have omitted these transactions from this schedule.

NOTE 4 - PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect. However, in the event of termination and in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than for the exclusive benefit of the employees or their eligible dependents. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Participants should refer to the Agreement and Declaration of Trust for a complete description of the Plan's termination provisions.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**THE BAILEY COMPANY, INC.
THE THRIFT PLAN FOR THE EMPLOYEES**

DECEMBER 31, 2021

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has advised that the Plan and Trust qualify under applicable sections of the Internal Revenue Code. The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related Trust is tax-exempt as of the financial statement date. Consequently, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - EMPLOYER CONTRIBUTIONS RECEIVABLE

Employer contributions receivable represents the total of employer contribution that were applicable to the periods prior to January 1st which were received during a period of time following the close of the year.

NOTE 7 - EMPLOYEE CONTRIBUTIONS RECEIVABLE

Employee contributions receivable represents the total of employee contributions that were applicable to the periods prior to the close of the year.

NOTE 8 - CERTIFIED INVESTMENTS

Certain information related to investments, plan administrative expenses and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, dividends and plan administrative expenses for the years ended December 31, 2021 and 2020, was obtained and derived from information supplied to the plan administrator and certified complete and accurate by Great-West Life & Annuity Insurance Company at December 31, 2021 and 2020.

NOTE 9 - FAIR VALUE MEASUREMENTS

The Fund's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

THE BAILEY COMPANY, INC. THE THRIFT PLAN FOR THE EMPLOYEES

DECEMBER 31, 2021

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that The Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual and exchange traded plans: Valued at the net asset value (NAV) of shares held by the Plan at year end. The underlying assets are traded in the active markets.

NOTE 12 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' accounts and the amounts reported in the statement of net assets available for benefits.

The employer contributing to the Plan is located in Nashville, Tennessee with branches in surrounding states. Consequently, concentration of the employer in this area subjects the Plan to the risks associated with the economy of the lift truck industry in this area.

NOTE 13 - CONCENTRATION RISK

During the year, The Bailey Company, Inc., contributed 100% of all employer contributions made to the Plan. A withdrawal by this employer would terminate the Plan.

NOTE 14 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid all expenses related to operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. Of note, Great-West Life and Annuity is the Plan's investment custodian and benefits payer.

NOTE 15 - SUBSEQUENT EVENT

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to instability in financial markets. As a result, the Plan's investment portfolio may incur fluctuations in fair value in response to changing market conditions. However, as the value of the Plan's individual investments may fluctuate in response to changing market conditions, the amount of losses in fair value, if any, that will be recognized in subsequent periods cannot be determined at this time.
