INDEPENDENT AUDITORS' REPORT

Board of Trustees
Local Number 262 of the Plumbers and Pipefitters

Employees Supplemental Retirement Plan
Anchorage, Alaska

Opinion

We have audited the accompanying financial statements of Local Number 262 of the Plumbers and Pipefitters Union, A.F.L. – C.I.O. of Southeastern Alaska Employees Supplemental Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Local Number 262 of the Plumbers and Pipefitters Union, A.F.L. – C.I.O. of Southeastern Alaska Employees Supplemental Retirement Plan as of September 30, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we —

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of Local Number 262 of the Plumbers and Pipefitters Union, A.F.L. – C.I.O. of Southeastern Alaska Employees Supplemental Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- a. **General** – The Plan is a defined contribution plan covering those employees of employers subject to the collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees (the Trustees) is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.
- b. **Contributions** – Each month the signatory employers contribute to the Plan based on hours worked by covered employees. Participants direct the investment of their contributions into various investment options offered by the Plan.
- c. **Participant accounts** – Each participant's account is credited with the monthly contributions made by the employer and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expense that is based on a flat rate as approved by the Trustees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** – Participants are immediately 100% vested in the contributions plus actual earnings thereon.
- e. **Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's account in a lump-sum amount, a single life annuity, or a joint and survivor annuity.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

- a. **Basis of accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting.
- b. **Investment valuation and income recognition** – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

- c. **Payment of benefits** – Benefit payments to participants are recorded upon distribution.
- d. **Use of estimates** – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- e. **Expenses** – Certain expenses of maintaining the Plan are paid by the Plan and are included in these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.
- f. **Subsequent events** – The Plan has evaluated subsequent events through June 15, 2023, the date the financial statements were available to be issued.

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Level 1 – The fair value of mutual funds is based on quoted net asset value (NAV) of the shares held by the Plan at year end.

Level 2 – The Plan had no investments that are classified as Level 2 for either year ended September 30, 2022 and 2021.

Level 3 – The Plan had no investments that are classified as Level 3 for either year ended September 30, 2022 and 2021.

Local Number 262 of the Plumbers and Pipefitters Union, A.F.L. – C.I.O. of Southeastern Alaska Employees Supplemental Retirement Plan Notes to Financial Statements

Note 4 – Fair Value Measurements (Continued)

Investments measured at net asset value (NAV):

Pooled separate accounts are valued daily using net asset values received directly from the fund companies for the calculation of unit values. The net asset values are independently compared through the National Securities Clearing Corporation via FundLinx pricing matrix system for validation purposes. These funds do not have a ticker symbol on an active market but have easily observable market data.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value:

Investment Assets at Fair Value as of September 30, 2022			
	Level 1	Level 2	Level 3
			Total
Investments measured at fair value:			
Mutual funds	\$ 3,731,698	\$ -	\$ -

Investments measured at NAV:

Pooled separate accounts			14,165,340
			\$ 17,897,038

Investment Assets at Fair Value as of September 30, 2021			
	Level 1	Level 2	Level 3
			Total
Investments measured at fair value:			
Mutual funds	\$ 5,351,655	\$ -	\$ -

Investments measured at NAV:

Pooled separate accounts			18,799,413
			\$ 24,151,068

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 4 – Fair Value Measurements (Continued)

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There have been no changes between levels during the years ended September 30, 2022 and 2021.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

Note 5 – Guaranteed Investment Contract with MassMutual Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with MassMutual Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at September 30, 2022 and 2021, was \$5,702,621 and \$5,345,199, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- (1) amendments to the plan document (including complete or partial plan termination or merger with another plan);
- (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
- (3) activities that cause a significant withdrawal from the Plan; or
- (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

Note 6 – Pension Plan

The Plan's participation in the multi-employer defined benefit plan for the annual periods ended September 30, 2022 and 2021, is outlined in the table below. The EIN column provides the Employer Identification Number. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2021 and 2020 is for the Plan's year end as noted below. The zone status is based on information that the Plan received from the Alaska United Food and Commercial Workers Pension Plan and is certified by that fund's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented. The last column lists the expiration dates of the collective bargaining agreements to which the plans are subject. There have been no significant changes that affect the comparability of 2021 and 2020 contributions.

Pension Fund	EIN	Pension Protection Act Zone Status		FIP/RP Status Pending/ Implemented	Contributions		Surcharge Imposed	Expiration Date of Collective Bargaining Agreement
		2021	2020		2022	2021		
Alaska United Food and Commercial Workers Pension Plan for the years ended December 31, 2021 and 2020	91-6123694	Red	Red	Yes	\$ 4,579	\$ 4,490	Yes	9/30/22

The Plan did not provide more than 5% of the total contributions for the above plan per the Alaska United Food and Commercial Workers Pension Plan's Form 5500.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan may be terminated by one of the following means: (a) an instrument in writing executed by the Trustees when there is no longer in force and effect a collective bargaining agreement, or (b) an instrument in writing executed by all of the employers and Local Union No. 262 of the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada (the Union).

Upon termination of the Plan, the Trustees shall, after paying or making provisions for the payment of all liabilities of the Plan, distribute and apply to each participant, their separate account as of the date of plan termination plus their allocable share of all surplus funds that have not been allocated. In no event shall any part of the corpus or income of the Plan be used for or diverted to purposes other than for exclusive benefit of the participants. Under no circumstances shall any portion of the Plan revert directly or indirectly to the benefit of any contributing employer or union.

Note 8 – Related-party Transactions

The Plan rents office space and receives administrative services from the Union. The amounts paid during the fiscal years ended September 30, 2022 and 2021, were \$35,560 and \$34,536, respectively.

Note 9 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated December 17, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Trustees and the Plan's tax council believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Party-in-interest Transactions

Certain Plan assets are units in investment funds managed by MassMutual. The Union provides certain accounting and administrative services to the Plan. MassMutual is the Plan's trustee and recordkeeper, and the Union is the plan administrator and, therefore, these transactions qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the trust and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
