Robert Sickel
Pine Belt Enterprised Retirement Plan
1088 Roue 88
Lakewood, NJ 08701

Dear Robert:

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Pine Belt Enterprises Retirement Plan (the Plan) as of and for the year ended December 31, 2022 and have issued our report thereon dated August 10, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 8, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding other matters noted during our audit – See section Other Significant Matters, Findings, or Issues.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

During our audit planning, we identified the following potentially significant risks:

Management override of internal control has been identified as a significant and fraud risk of material misstatement to the financial statements as a whole, as required by professional standards. While the Plan's operations are record kept by Fidelity Workplace Services LLC, we reviewed the detail of the Plan's activity for unusual transactions and non-standard journal entries. We performed analytical procedures to identify financial relationships inconsistent with our understanding of the Plan's operations, and we also selected random samples for our Plan level and participant level testing to incorporate an element of unpredictability in our audit procedures.

The definition of compensation has also been identified as a significant and fraud risk with regards to the value of each participant's compensation utilized in the calculation of the related employee's deferral contributions as well as the employer contributions. Our procedures included analyzing the various components to compensation and determining how those compensation items were considered with regards to contribution calculations and adherence to the definition of compensation as identified in the Plan document.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended December 31, 2022.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are the fair value of the Plan's investments at December 31, 2022.

Management's estimate of the fair value of each of the Plan's investments is based on quoted market prices for identical assets in active markets, as provided by the qualified institution that certified the investment information as of December 31, 2022. We evaluated the key factors and assumptions used to develop the fair value estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to fair value estimates and the relevant risks with regards to the fair value of the Plan's investments.

The presentation of the fair value estimates includes identification of the leveling inputs utilized in the valuation techniques as well as the relevant descriptions of the valuation methodologies used for those fair value measurements. The financial statement disclosures also note the relevant interest rates, market, foreign exchange, and credit risks associated with investment securities and the reasonable possibility that changes in the fair value estimates will occur in the near term, affecting participant account balances. We evaluated the presentation of the fair value measurements and the related investment risks and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. There were no significant unusual transactions noted during our audit.

Identified or Suspected Fraud

We have not identified any instances of fraud or obtained information indicating any suspected fraud.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures.

None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report.

Representations Requested from Management

We have requested certain written representations from management, and that letter was signed prior to the issuance of our audit report.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other matters noted as a result of our audit testing include the following:

- During payroll testing, management was unable to provide support of approved pay rates for 5 individuals. Withum recommends management document and maintain approved pay rates in the employee personnel file.
- Withum noted management reviews and approves payroll prior to it being submitted, however there is no formal documentation evidencing the review and approval. Withum recommends management formally document their review and approval process of payroll.
- Withum noted there was a forfeiture balance at year end. Withum recommends utilizing all forfeitures to pay administrative costs. Any forfeitures not used to pay administrative costs shall be applied to reduce the contributions of the Employer immediately following the Plan Year.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in the Plan's annual reports, does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read a draft of the Form 5500 that was substantially complete prior to dating of our auditor's report in order to identify material misstatements, if any, within the audited Plan financial statements.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the individuals charged with governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Pine Belt Enterprises Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Pine Belt Enterprises Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pine Belt Enterprises Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements basis section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pine Belt Enterprises Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine Belt Enterprises Retirement Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pine Belt Enterprises Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine Belt Enterprises Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplementary schedule H, part IV, line (4i) - schedule of assets (held at end of year) - modified cash basis as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the Pine Belt Enterprises Retirement Plan (the "Plan") is provided for general information purposes only. Participants of the Plan should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Pine Belt Enterprises, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan enables all employees who have completed six months of employment to participate via systematic savings through payroll deductions. Participants may join the Plan on the first day of the month following the date of eligibility. The Plan excludes employees covered under a collective bargaining agreement, residents of Puerto Rico and leased employees from participation.

Participants are eligible to receive safe harbor matching contributions at the same time.

Participants are eligible to receive a discretionary matching contribution after completing at least 1,000 hours of service and being employed on the last day of the Plan year.

Administration

The Plan is administered by the Company under the terms of the Plan dated November 1, 2009 and as amended from time to time.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds with varying investment objectives and a money market account as investment options. Each participant's account is credited with the participant's pre-tax contributions, the employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments and any allocated administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee Contributions

An employee participating in the Plan may annually contribute through payroll deductions up to 90% of compensation, not exceeding the limits determined by the Internal Revenue Service ("IRS") and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS. A participant may suspend contributions or may increase or decrease his or her level of participation at any time. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company makes a safe harbor matching contribution to all eligible participants in an amount equal to 3% of eligible compensation, plus 50% of the next 2% of eligible compensation. For the Plan year ended December 31, 2022, the Company made a safe harbor matching contribution of \$308,425.

In addition, the employer may contribute to the Plan a discretionary matching contribution on eligible compensation and/or a discretionary non-elective contribution in an amount determined annually by the Company. The Company has not made any discretionary contributions for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in safe harbor contributions. Participants generally vest in employer discretionary matching contributions upon reaching normal retirement age, becoming disabled, upon death or as follows:

Discretionary Matching Contributions	
Years of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Discretionary Non- Elective Contributions	
Years of Service	Vested Percentage
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The minimum loan amount is \$1,000. Loan terms cannot exceed five years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prevailing rate at the time the loan is taken, which is currently 4.25% - 8.00%. Principal and interest are paid ratably through payroll deductions. The outstanding balance becomes due upon termination of employment.

Distributions and Withdrawals

Prior to age 65, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, in-service withdrawals, death, disability, or termination of employment. Hardship withdrawals must be submitted to the Plan administrator in writing. In-service withdrawals are permitted upon reaching age 59 ½. After attaining retirement age, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, his or her participant contributions and earnings thereon and vested Company contributions and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America ("U.S. GAAP"). Under the modified cash basis, certain transactions, primarily participant deferrals and employer contributions, are recorded when received or paid rather than when earned or owed under U.S. GAAP.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various funds. Those funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits-modified cash basis.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments and are not readily determinable.

Forfeitures

Forfeitures of employer contributions will be used to reduce Plan expenses; any remaining amounts may be used to reduce employer contributions. At December 31, 2022 and 2021 there were \$1,304 and \$1,228 respectively, of forfeitures available. Forfeitures were not utilized to pay Plan expenses or employer contributions for the year ended December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

3. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce the Company contribution, shall be allocated on a pro rata basis to the participants' accounts.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies/Money Market Fund: Shares of registered investment companies and the money market fund are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company, the trustee, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the trustee:

6. TAX STATUS

The Company adopted a volume submitter profit sharing plan and received a favorable advisory letter from the IRS on June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management should evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee as defined in the Plan. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions. The Plan has paid administrative expenses of \$675 during the year ended December 31, 2022.

8. SUBSEQUENT EVENTS

Subsequent events occurring after the date of the statement of net assets available for benefits - modified cash basis were evaluated through August 10, 2023, which is the date the financial statements were available to be issued. The Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.
