Savings Plan for Hourly Employees of
Empire Iron Mining Partnership,
Tilden Mining Company L.C. and
The Cleveland-Cliffs Iron Company
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free

from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan, which first became effective on January 1, 1994, is a defined contribution plan covering eligible hourly employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company ("the Company"). Employees have an opportunity to save a portion of their earnings on a systematic and regular basis. Participation in the Plan is voluntary. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All hourly employees of the Company covered under the Basic Labor Agreement are eligible to participate in the Plan.

Contributions

Cash or Deferred Option ("401(k)") - Participants may contribute up to 35 percent before-tax of their eligible compensation and up to 100 percent, in increments of 1 percent, of bonus payments through authorized payroll deductions to be contributed to the Plan by the Company. In addition, catch-up contributions are allowed to be made by eligible participants.

Employees hired or rehired on or after January 1, 2016 (and who are not entitled to regain eligibility to become a participant under the Company's Program of Hospital and Medical Benefits) will receive a 401(k) contribution of \$0.50 per hour worked and for lost time from scheduled work due to union business hours to a restricted Retiree Health Care Account. Effective October 1, 2018, the contribution increased to \$0.60 per hour worked. Effective October 1, 2022, the contribution increased to \$0.75 per hour worked. Union business hours are capped at a maximum of 40 hours per week. Contributions to the Retiree Health Care Account are in lieu of retiree health and life benefits and will be initially invested in an appropriate age-based, target-date fund.

Contributions are subject to limitations on annual additional contributions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts

Each participant's account is credited with the participant's elective contributions and earnings and losses thereon.

Participants, upon termination, can elect to transfer their contributions and related earnings to another qualified plan. The Plan also provides that new participants may transfer their contributions and related earnings to the Plan from their previous employers' qualified plans.

Vesting

Participants are fully vested at all times in their respective contribution accounts. Contributions to the Retiree Health Care Account will be immediately vested.

Notes Receivable from Participants

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts a minimum of \$1 thousand, up to a maximum equal to the lesser of \$50 thousand or 50 percent of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence, which are repaid over a period not to exceed 10 years.

The loans are secured by the balance in the participant's account and bear interest at rates commercially reasonable that are published on the first day of the month preceding the month the loan was granted. Principal and interest are paid ratably through monthly payroll deductions. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Loans become due and payable in the event of layoff in excess of twenty-four months, termination, retirement or death. If the loan is not repaid when due, the loan balance will be treated as a taxable distribution from the Plan.

The Retiree Health Care Account portion of the employee's 401(k) balance will not be eligible for loans, hardship withdrawals or early distributions.

Other Plan Provisions

Normal retirement age is 65.

Payment of Benefits

When service ends with the Company (retirement, permanent layoff, disability, termination, or death), participants may elect to receive annual distributions from the Plan, receive a lump sum payment or defer the distribution until any time prior to reaching age 72. Benefit payments to participants are recorded upon distribution.

Hardship Withdrawals

The portion of participants' accounts attributable to pre-tax contributions may be withdrawn by participants less than 59-1/2 years of age prior to termination only in the event of financial hardship in accordance with Internal Revenue Service ("IRS") rules.

Investment Options

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan in the Collective Trust (see Note 4). Investment decisions for Fidelity funds are at the discretion of Fidelity Management & Research Company, manager of the Fidelity funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's transactions are reported on the accrual basis of accounting. All investment securities are stated at fair value as measured by quoted prices in active markets. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The stable value investment contract financial instrument is valued, and its net asset value ("NAV") per unit is computed at the close of the New York Stock Exchange ("NYSE"), normally 4 p.m. ET, each day the NYSE is open for business (valuation date). There are no unfunded commitments and the redemption frequency is daily.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Valuation of Investments

Investments held by a defined contribution plan are required to be reported at fair value.

Fidelity Management Trust Company ("the Trustee") determines the fair value of the assets of each plan in the Collective Trust (see Note 4) and the fair value of the individual participants' accounts every business day. The calculation of fair value is based upon each fund and respective plan in the Collective Trust as determined by the Trustee. Investments in wrapper contracts are fair valued using a discounted cash flow model which considers recent

fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities. There are no unfunded commitments and the redemption frequency is daily.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options through the use of mutual funds and common collective trusts. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Fees

Trustee and certain administrative fees are paid from Plan assets. Costs of administering the Plan are paid by the Company.

Plan Termination

The Company has the right to amend or terminate the Plan in the future subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to the benefit that can be provided by the participant's account.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Subsequent Events

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 31, 2023, which is the date the financial statements were available to be issued.

3. Tax Status

The IRS has determined and informed the Company by letter, dated April 26, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator (defined in Note 4 below) and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions. However, currently no audits for any tax periods are in progress.

4. Collective Trust

On July 14, 1992, Fidelity Management Trust Company, was appointed as record keeper and Trustee for the Plan. On March 1, 2011, Clearstead Advisors, LLC became the investment advisor for the Plan. On January 1, 2022,

Fiducient Advisors LLC was appointed investment advisor for the Plan. The Employee Benefits Administration Department of Cleveland-Cliffs Inc. is the Plan Administrator.

The assets of the Plan are maintained by the Trustee in the Cliffs and Associated Employers Defined Contribution Plan Collective Trust ("Collective Trust") pursuant to the Trust Agreement Between Cleveland-Cliffs Inc. and Associated Employers and Fidelity Management Trust Company, dated as of September 1, 1992 and amended thereafter.

The Collective Trust includes the assets of the following plans:

- Cleveland-Cliffs Inc. and Its Associated Employers Salaried Employees Savings Plan
- Northshore Mining Company and Silver Bay Power Company Retirement Savings Plan (effective January 1, 2016)
- Savings Plan for Hourly Employees of Empire Iron Mining Partnership, Tilden Mining Company L.C. and The Cleveland-Cliffs Iron Company
- Savings Plan for Minnesota Represented Hourly Employees
- Ore Mining Companies Salaried Employees' Retirement Income Plan

The following table presents the fair values of investments of the Collective Trust:

5. Fair Value of Financial Assets

ASC 820, *Fair Value Measurements and Disclosures*, establishes a three-level valuation hierarchy for classification of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect our own views about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized below:

- Level 1 — Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds, Common Stock and Self-Directed Accounts

The fair value of the mutual funds, common stock and self-directed accounts are based on quoted market prices. The self-directed accounts allow participants to invest in options not offered directly through the Plan. These instruments are classified in the Level 1 category of the hierarchy.

Common Collective Trust Funds

The Managed Income Portfolio II is valued on the last calendar day of the period, which is based on prices from one or more third party pricing vendors or brokers to value its investments. The Managed Income Portfolio II may impose restrictions on issues and redemptions of units in unusual market conditions. Fidelity Commingled Pool Funds are valued on the last calendar day of the period, which is based on prices from one or more third party pricing vendors or brokers to value its investments. Fidelity Commingled Pool Funds may have restrictions on issues and redemptions of units in unusual market conditions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the investments of the Collective Trust measured at fair value on a recurring basis:

(In Thousands)				
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 375,749	\$ —	\$ —	\$ 375,749

Investments measured at NAV ⁽¹⁾	—	—	—	57,297
	<u>\$ 514,016</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 571,313</u>

⁽¹⁾ Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investment amounts presented in Note 4.

6. Information Prepared and Certified by Trustee

The investment information included in these financial statements has been certified complete and accurate or derived from information certified complete and accurate by the Trustee in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Net Realized and Unrealized Gain (Loss) on Investments	\$ (30,924)	\$ 10,200	

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, which is affiliated with Fidelity Management Trust Company, the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest.
