INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Veeco Instruments Savings and Security Program Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Veeco Instruments Savings and Security Program Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Veeco Instruments Savings and Security Program Plan

Notes to Financial Statements December 31, 2022 and 2021

Note A- Description of the Plan

The following description of the Veeco Instruments Savings and Security Program Plan (the “Plan”) provides general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Fidelity Investments Institutional Operations Company, Inc. and Fidelity Management Trust Company (collectively “Fidelity”), the Plan’s investment manager and trustee, respectively, offer various investment options for the participants to invest their contributions, the allocation of employer contributions and Plan earnings.

[1] General

The Plan is a defined contribution plan covering all domestic employees of Veeco Instruments Inc. (“Veeco”) upon reaching the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

[2] Contributions

The Plan is funded by contributions to a trust fund in amounts representing participants’ elected deferred contributions of up to 60% of their compensation at December 31, 2022, as defined, providing that such contributions do not exceed the participants’ statutory maximum allowable contribution limit (\$20,500 for 2022 plus catch-up contributions for participants who have attained age 50 by December 31st up to a maximum of \$6,500, for the year ended December 31, 2022), as set by the Internal Revenue Service each year. The Plan permits participants to make both pre-tax and after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans.

Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan requires Veeco to make matching contributions on behalf of participants of 50% of the participants’ contributions up to 6% of the participants’ eligible compensation, as defined, for the year up to a maximum of \$9,150 for the year ended December 31, 2022.

[3] Participant Accounts

An individual account is maintained for each participant. Each participant’s account is credited with his or her contributions and an allocation of both Veeco’s plan sponsor contributions and Plan earnings/(losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements December 31, 2022 and 2021

Note A- Description of the Plan (continued)

[4] Vesting

Participants are immediately vested in their elected deferred contributions plus actual earnings thereon. Vesting in the employer contributions and actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested over five years of credited service as shown below, at age 65, in the event of a permanent disability, or in the event of death while employed.

Years of Service	Vesting
less than 2	0%
2	20%
3	50%
4	75%
5	100%

The Plan was amended in June of 2020 to provide 100% vesting of employer contributions for a group of employees in a division upon the sale of that division.

[5] Payment of Benefits

The value of a participant's account is payable to the participant upon retirement or disability. It is payable to the participant's beneficiary if death occurs during employment. Upon termination of service, a participant is entitled to receive benefits equal to the value of his or her vested account. If the participant's total account balance exceeds \$1,000, he or she may request to have all or a portion of the account paid in a lump sum or installment, as defined by the Plan. If a participant's total account value is \$1,000 or less, it is automatically paid in a lump sum.

[6] Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan allows participants to borrow up to 50% of their vested balance up to a maximum loan of \$50,000, unless qualified under the Disaster Relief Act, in which case the maximum dollar limit is \$100,000. The minimum loan amount is \$1,000.

The loan term may not exceed five years, unless it is for the purchase of a principal residence, in which case the maximum term is ten years, or if the loan is qualified under the Disaster Relief Act, in which case the maximum term is six years, or such shorter term required by law. Such loans are secured by the balance in the participant's account and bear a fixed rate of interest at the prime rate plus two percent determined when the loan is issued. Once determined, the interest rate is fixed for the loan term.

The interest rates on loans outstanding at December 31, 2022 range from 5.25% to 8.25%. Loan repayments are deposited back into the participant's account through payroll deductions. Interest paid by the participant is also credited to his or her account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

As a result of the CARES Act, qualifying participants were eligible to take a loan up to \$100,000 or 100% of the participant's vested balance, whichever is less, for the period March 27, 2020 to September 22, 2020. Further, repayment on existing loans that were due from March 27, 2020 through December 31, 2020 could have been suspended until January 1, 2021 for eligible participants with the repayment amount re-amortized and the due date of the loan extended for up to one year.

Note A- Description of the Plan (continued)

[7] Administrative and Operating Expenses

Expenses of maintaining the Plan are paid by Veeco as plan sponsor and the participants. Certain Plan expenses may be paid through revenue-sharing agreements with investment funds. Administrative expenses relating to certain participant directed activities, mainly associated with loans, are paid directly out of participants' accounts. For the year ended December 31, 2022, expenses paid by the Plan were \$103,880.

[8] Forfeitures

If employment ends for any reason other than retirement on or after age 65, death, or permanent disability, the full current value of any unvested portion of the participant's account will be forfeited and used to reduce future Veeco contributions and other expenses. During the year ended December 31, 2022, Veeco used \$300,000 in amounts forfeited to offset its contributions. At December 31, 2022 and 2021, the balance of forfeited non-vested accounts, and earnings thereon, available to offset future Veeco contributions totaled approximately \$37,000 and \$95,000, respectively. The amount forfeited may be restored to the employee's account if certain provisions in the Plan document are met.

Note B – Summary of Significant Accounting Policies

[1] Basis of Accounting

The financial statements are prepared on the accrual method of accounting.

[2] Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

[3] Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any unrealized gains and losses are computed based on differences between market and cost as of closing of the reporting period. Any realized gains and losses are computed based on differences between the fair market value on the date of sale and the cost on the purchase date, on a first-in, first-out basis. The investment income is determined and allocated to the Plan by Fidelity.

[4] Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (continued)

[5] Subsequent Events

The Plan has evaluated all significant events through August 3, 2023, the date the accompanying financial statements were available to be issued.

Note C- Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits at December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) at December 31, 2022.

Note D- Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: (1) Quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for investment assets measured at fair value are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Veeco Instruments Savings and Security Program Plan

Notes to Financial Statements December 31, 2022 and 2021

Note D- Fair Value Measurements (continued)

Stable Value Collective Trust Fund – Common Collective Trusts: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value; this practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Veeco Instruments Savings and Security Program Plan

Notes to Financial Statements
December 31, 2022 and 2021

Note D- Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During the year ended December 31, 2022, there were no transfers between any levels.

Note E - Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a common trust managed by Fidelity Investments Institutional Operations Company, Inc. Since Fidelity Management Trust Company is the Plan Trustee, the transactions related to these investments qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder. Fees paid by the Plan for the investment management services for the year ended December 31, 2022 were \$82,647 and are included in net change in the fair value of investments.

Note F-Plan Termination

Although it has not expressed any intent to do so, Veeco has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G-Tax Status

The Plan has adopted a Volume Submitter Plan sponsored by Fidelity Management & Research Company. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Veeco Instruments Savings and Security Program Plan

Notes to Financial Statements December 31, 2022 and 2021

Note H- Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note I - Mutual Fund Fees

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.
