Independent Auditors' Report

To the Participants and Plan Administrator of
Covington & Burling Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Covington & Burling Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits—modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule (modified cash basis), Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Covington & Burling Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Covington & Burling Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees and partners based in offices of Covington & Burling LLP (the Firm) located in the United States. In addition, the Plan also covers certain employees and partners in the Firm's international offices. The Plan was established January 1, 1960 to provide certain benefits for employees eligible to participate, and was most recently restated effective January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Partners, counsel, legal associates and staff of the Firm are generally eligible to become a participant upon the latest to occur of the following: (a) the date as of which the individual completes an hour of service; (b) the date as of which the individual attains age 21; or (c) the date as of which the individual becomes an employee of the Firm. However, except to the extent an agreement with the Firm provides otherwise, certain individuals are excluded from participation, including leased employees, nonresident aliens and temporary, contract or seasonal employees (including summer associates and summer interns).

Firm Contributions

For nonlawyer staff grades 13 and above, other than senior advisors, the Firm will contribute 10% of the participant's base salary, overtime pay and annual merit bonuses each plan year after two years of service. For paralegals and nonlawyer staff grades 12 and below, other than senior advisors, the Firm will contribute 10% of the participant's base salary, overtime pay and annual merit bonuses earned between January 1 and December 31 of the plan year if they were employed prior to the start of the plan year and remain employed on December 31 of that plan year. For counsel and senior advisors, the Firm will contribute 10% of the participant's base salary each plan year after two years of service. Participants who meet the two year service requirement as of July 1st of a plan year receive a firm contribution in the amount of 10% of eligible compensation earned after June of the plan year. Certain participants who are attorneys or paralegals are credited with prior service credit, not to exceed two years, if they worked in a position that required a law degree or they worked as a paralegal. Associates as well as individuals hired as staff attorneys, litigation analysts or litigation project analysts, are not eligible to receive a Firm contribution. Firm contributions to the Plan are made after the end of June, September and December of each year. For partners other than certain senior partners, a discretionary amount, determined annually by the Firm's Management Committee, is contributed on their behalf.

Participant Contributions

Employees and partners may voluntarily contribute tax-deferred and taxable amounts to the Plan. Employees other than partners may make tax-deferred, post-tax (Roth) and/or voluntary taxable contributions not less than 1% and not exceeding 80% of the participant's total compensation for each payroll period during the plan year in which such election to contribute is in effect. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Partners may elect to contribute their net distributable income in an amount not exceeding \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively as tax deferred, Roth and/or voluntary taxable contributions. In addition to tax-deferred, Roth and/or voluntary taxable contributions, participants who will be at least age 50 by December 31 of the plan year and elect to make the maximum contribution, may make catch-up contributions up to \$6,500 for the years ended December 31, 2022 and 2021.

Covington & Burling Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Firm and participant contributions are limited to the lesser of \$61,000 and \$58,000 for the years ended December 31, 2022 and 2021, respectively, or 100% of the participant's total compensation for the calendar year (exclusive of catch-up contributions).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who are automatically enrolled in the Plan and do not elect otherwise will have their deferral rate increased by 1% on an annual basis.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, rollover contributions, the Firm's contribution, if eligible, and the participant's allocation of any discretionary contribution, if any, plan earnings and distributions. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Participants select how to invest salary deferral and employer contributions and rollover accounts in investment options available through the Plan. The Plan also allows participants to convert their tax-deferred accounts to a Roth account.

Vesting

All participants vest immediately in their elective deferral contributions. Nonlawyer staff grades 12 and below are fully vested in Firm contributions after completing two years of service. All paralegals become fully vested in Firm contributions after completing three years of service. All other participants are fully vested when the Firm contribution has been made on their behalf. Upon reaching the age of 65, all employees are fully vested in their Firm contributions. All forfeitures arising under the Plan are applied to reduce future contributions from the Firm. Forfeitures applied against Firm contributions during the years ended December 31, 2022 and 2021 were \$282,104 and \$188,260, respectively.

Payment of Benefits

Upon retirement, a participant may elect to receive payment pursuant to an annuity contract, through installment payments, or a lump sum cash payment. If the participant becomes disabled because of illness or accident, any payment in installments due may be paid to the participant, beneficiary or to any other person deemed by the Retirement Plan Committee to have incurred expenses for the participant. Additionally, upon death of a participant prior to normal or early retirement, a death benefit equal to the participant's vested account balance is payable to the participant's beneficiary. If the beneficiary is a nonspouse beneficiary, the benefit is paid in one lump sum unless the beneficiary selects another form of payment. If the beneficiary is the participant's spouse, the benefit may be paid in the form of a life annuity. A participant, whose employment terminates for any reason other than death and prior to normal or early retirement, is entitled to receive a lump sum payment of the value of the vested portion of his/her account balance at the time of termination.

Notes Receivable From Participants

Participants may borrow from their vested account balances up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms are not to exceed five years unless the purpose of the loan is for the purchase of a primary residence for which the loan term may not exceed 15 years. The loans are secured by the vested balance in the participant's account and bear interest at the U.S. Prime Rate plus 1.0% as of the beginning of the month in which the loan originated.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, additions are included in the year in which they are collected and deductions are included in the year in which they are disbursed; however, earnings on investments include adjustments to fair value.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Net depreciation or appreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized depreciation or appreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income is recorded when received.

Risk and Uncertainties

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements, and the reported amounts of assets, liabilities, additions and deductions and the disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

Covington & Burling Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

In preparing these modified cash basis financial statements, the Firm has evaluated events and transactions for potential recognition or disclosure through July 24, 2023, the date the accompanying modified cash basis financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The Plan follows the modified cash basis of accounting for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The plan sponsor is responsible for the determination of fair value. Accordingly, the plan sponsor performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

Covington & Burling Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds are valued based on quoted market prices of shares held by the Plan at year-end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

Common collective trust funds are the Schwab Managed Retirement Trust Funds, which determine their fair value using the net asset value (NAV) of the funds as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 926,048,798	\$ -	\$ -	\$ 926,048,798
Total assets in the fair value hierarchy	<u>\$ 926,048,798</u>	<u>\$ -</u>	<u>\$ -</u>	926,048,798
Investments measured at net asset value (a)				<u>200,952,224</u>
Total investments at fair value				<u>\$ 1,127,001,022</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,152,840,115	\$ -	\$ -	\$ 1,152,840,115
Total assets in the fair value hierarchy	<u>\$ 1,152,840,115</u>	<u>\$ -</u>	<u>\$ -</u>	1,152,840,115
Investments measured at net asset value (a)				<u>223,091,218</u>
Total investments at fair value				<u>\$ 1,375,931,333</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis.

4. Investment Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan as of and for the years ended December 31, 2022 and 2021, respectively, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2022 and 2021, and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis for the years then ended, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022.

5. Investment Contracts

The Plan has entered into fully benefit-responsive investment contracts with Ameriprise Trust Company (Columbia Trust Stable Government I-0 Fund), New York Life Insurance Company (NYLIC) (Pooled Separate Account No. 25) and Putnam Fiduciary Trust Company (Putnam Stable Value). These three investments are combined into one investment vehicle called the Pooled Stable Value Fund in which participants may elect to invest. All participant contributions are divided pro rata between the three funds. The Plan's trustee maintains the contributions in general accounts, and the accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are all contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Notes to Financial Statements

December 31, 2022 and 2021

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the individual guaranteed investment contracts. Contract value, as reported to the Plan's trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

In general, certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include, but are not limited to, the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In general, there are very limited circumstances in which the issuers may unilaterally terminate the investment contracts and settle an amount different from contract value. Such events may include the termination of the trust holding the fund assets, the fund loses its qualified status under the Internal Revenue Code (IRC) or is otherwise terminated, the replacement of the trustee of the fund without the consent of the wrapper provider, a breach of the contract by a counterparty or a legal or regulatory event such as an adverse ruling by a regulatory agency. In particular, the guaranteed investment contract with NYLIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan Administrator does not believe that the occurrence of any such event is likely.

6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

8. Tax Status

The Plan obtained its latest determination letter on February 1, 2018, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since obtaining its latest determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Concentrations

The Plan held one investment that made up approximately 17% and 22% of total net assets available for benefits as of December 31, 2022 and 2021, respectively.
