Independent Auditors' Report

To the Plan Administrator and Plan Trustees of
the B&H Construction 401(k) Plan
Goldsby, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of B&H Construction 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE A--DESCRIPTION OF THE PLAN

The following description of B & H Construction 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering all employees of B & H Construction (the "Company") who have completed one year of service, 1,000 hours, and are age eighteen or older, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees may enter the Plan on the first day of the following month coinciding with the date on which the employee satisfies the applicable eligibility requirements.

Contributions: Participants may elect to contribute a percentage of their eligible compensation up to the lesser of the participant's eligible compensation or the maximum amount allowed by the Internal Revenue Service (IRS). The IRS' limit was \$20,500 for 2022. Plan participants age 50 and older were eligible to make catch-up contributions of an additional \$6,500 during 2022. The Plan also permits participants to make rollover contributions from other qualified plans. The participants eligible to make the catch-up contributions may do so only after making the total elective deferral contributions allowed by the IRS.

The Company matches contributions on pre-tax and Roth elective deferrals equal to 100% of a participant's salary reduction up to 3% of the participant's compensation plus 50% of salary deferrals on the next 2%. The maximum matching contribution would be 4%. In addition, the Company may make a discretionary profit-sharing contribution which is determined annually by management. A participant must complete a year of service and be actively employed at the end of the year to share in the allocation of the profit-sharing contribution.

Participant Accounts and Investment Options: Each participant's account is credited with the participant's contribution, the Company's contribution, and the income and appreciation or depreciation of the investments attributable to each type of investment. Allocations are based on a participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Company's safe harbor contributions and any earnings thereon. Profit sharing contributions are vested at the following rate:

More than 2 years but less than 3 years	20%
More than 3 years but less than 4 years	40%
More than 4 years but less than 5 years	60%
More than 5 years but less than 6 years	80%
More than 6 years	100%

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Forfeitures: Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees and are used to offset administrative costs and future contributions of the Company. During 2022 participants incurred approximately \$22,000 in forfeitures. As of December 31, 2022, approximately \$6,300 of unused forfeitures is held as cash.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant may only have one outstanding loan at any one time.

The notes receivable from participants are secured by the balance in the participant's account and bear interest at reasonable rates determined by the Plan Administrator. Principal and interest are paid ratably through weekly payroll deductions. A loan is considered in default as of the last day of the calendar quarter following the calendar quarter in which an unpaid installment payment was due.

Payment of Benefits: Upon termination of employment for reasons other than death, disability, or retirement, the participant is entitled to receive a lump sum payment equal to his or her vested interest.

Upon retirement at age 65, retirement due to disability or the death of the participant, the participant or participant's designated beneficiary is entitled to receive the participant's entire account balance.

If the participant's vested benefit in the Plan exceeds \$1,000, the participant must consent to the distribution before it can be made. Participants that have a vested benefit that does not exceed \$1,000 will receive a lump sum payment as soon as practicable following the event entitling the participant to a distribution. Certain early distributions made upon termination of employment may be subject to a penalty. At December 31, 2022, net assets available for benefits included approximately \$708,000 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Hardship withdrawals are permitted up to the amount of the participant's account balance attributable to their contributions made to the Plan. Hardship withdrawals are only permitted for certain specific uses as defined in the Plan agreement.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

As described in FASB ASC 962-325-50-3, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The guaranteed investment contract (GIC) held by the Plan (the John Hancock Stable Value Fund) has no stated maturity dates, has a contract value that is payable on demand, and has a variable interest rate which is reset on a monthly basis, during which a new interest rate is applied to the total outstanding balance of the investment. Based on this, the contract value of the GIC is considered to approximate its fair value and therefore the GIC is presented at its contract value in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Essentially all of the administrative expenses of the Plan are paid by the Plan Sponsor.

Income Tax Status: The Internal Revenue Service has determined and informed the Company in a letter dated April 2, 2012, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Subsequent Events: Subsequent events have been evaluated through July 25, 2023, which is the date the financial statements were available to be issued.

NOTE C--INVESTMENT CONCENTRATIONS, RISKS AND UNCERTAINTIES

As of December 31, 2022, approximately 33% of Plan assets consists of two mutual fund investments.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS

FASB ASC 820-10-35-39 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE D--FAIR VALUE MEASUREMENTS--CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using net asset value (NAV) per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAVs of the underlying investments are quoted in an active market.

Guaranteed investment contract: Valued at contract value (see Note F).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy.

NOTE E--INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, John Hancock Life Insurance Company ("John Hancock"), the Plan's custodian, has certified that the following data included in the accompanying financial statements and supplementary schedule of assets (held at end of year) is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i--schedule of assets (held at end of year) as of December 31, 2022.

B & H CONSTRUCTION 401(K) PLAN

DECEMBER 31, 2022

NOTE E--INFORMATION CERTIFIED BY THE CUSTODIAN--CONTINUED

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information per John Hancock's certified statements to the related information included in the financial statements and supplementary schedule.

NOTE F--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial termination of the Plan or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or 4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract does not permit John Hancock to terminate the agreement prior to the scheduled maturity date.

NOTE G--TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by John Hancock or its subsidiaries, which also serves as the Plan's custodian and, therefore, these transactions qualify as party-in-interest transactions under ERISA.

Certain assets of the Plan consist of notes receivable due from participants which are considered party-in-interest transactions under ERISA.
