INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Orion Systems Integrators 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Orion Systems Integrators 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Orion Systems Integrators 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Orion Systems Integrators 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Orion Systems Integrators 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Orion Systems Integrators 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

General

The following description of the Orion Systems Integrators 401(k) Profit Sharing Plan and Trust (the "Plan") of Orion Systems Integrators LLC (the "Company" or "Plan Sponsor") and certain related affiliates provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

The Plan is a defined contribution Plan, established October 1, 2003 in accordance with the provisions of Internal Revenue Code Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan

The Company is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Eligibility

Employees of the Company and certain affiliated entities included in the Plan are eligible to participate except for those covered by a collective bargaining agreement, nonresident aliens and residents of Puerto Rico. Eligible employees are able to participate in the Plan once they are at least twenty-one years of age.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, their respective share of interest and dividend income earned, and appreciation of the Plan investments. The participant's account is reduced by withdrawals, depreciation on investments, fees, and any forfeitures.

Contributions

Participants can contribute up to 85% of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$20,500 in 2022. Certain participants (age 50 or older) can also make catch-up contributions up to \$6,500 per year, increasing the maximum allowance to \$27,000 for 2022. The Plan has an automatic enrollment feature for all newly eligible employees to be automatically enrolled in the Plan as a participant at a contribution rate of 3%, unless the participant elects otherwise. Automatic increases to employee deferrals occur at a rate of 1% annually up to a maximum of 6%, unless the participant elects otherwise.

The Company provides matching contributions at a rate of 20% of each participant's elective contribution up to 15% of compensation or \$500, whichever is less. The Company has the option to make a nonelective contribution to the Plan which would be allocated to all employees eligible to participate in the Plan. A participant must be employed by the Company on December 31 to receive this contribution. For the year ended December 31, 2022, the Company elected not to make a nonelective contribution.

Investment Options

Participants direct their contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, hardship, death, total disability, or termination of employment prior to retirement age.

Orion Systems Integrators 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2022 and 2021

A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible.

Vesting and Forfeitures

Participants are immediately vested, in full, in their elective deferrals, rollover contributions and actual earnings and losses thereon. Participants are fully vested in employer contributions upon completion of six years of service, based on the vesting schedule below.

<u>Years of Services</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Unvested employer contributions shall be forfeited after a five-year break in service, or upon the distribution of the entire vested portion of a former participant's account, if earlier. Forfeitures can be used to reduce employer contributions or pay Plan administrative expenses. At December 31, 2022 and 2021, balances in the forfeiture account amounted to \$96,965 and \$37,579, respectively. During 2022, \$35,573 of forfeitures were used for employer matching contributions.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans bear interest at 2% above the prime rate at the time of the loan, and principal and interest are repaid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a home, which have a repayment period of up to thirty years.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan reserves the right to have certain Plan expenses be paid directly from Plan assets. Administrative expenses such as custodial and audit fees, are paid by the Company. Expenses paid by the Company are excluded from these financial statements. Expenses for record keeping and investment advisory fees are paid by the Plan. Income from the Plan's revenue sharing agreement of \$99,899 was used to pay administrative expenses during the year ended December 31, 2022.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default after a six-month period of non-payment, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets. The interest rate charged on notes receivable from participants ranged from 5.25% to 8.25% at December 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Certain investment related fees have been offset with total investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the most observable level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximized the use of observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the closing prices of the mutual fund shares held by the Plan as reported on the active market on which the funds are traded.

Common/Collective Trusts: Valued at the net asset values of the underlying investments as adjusted for the trusts' related liabilities and administrative expenses charged. There are no redemption restrictions or unfunded commitments of the Plan related to these trusts for the year ended December 31, 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Orion Systems Integrators 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, on a recurring basis as of December 31:

	2022	
	Level 1	Total
Registered investment companies	\$ 5,645,595	\$ 5,645,595
Investments measured at net asset value*		21,960,061
Total investments at fair value		<u>\$ 27,605,656</u>

	2021	
	Level 1	Total
Registered investment companies	\$ 6,435,320	\$ 6,435,320
Investments measured at net asset value*		22,315,241
Total investments at fair value		<u>\$ 28,750,561</u>

*In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee of the Plan, Reliance Trust Company, has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income from notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

5. PARTY-IN-INTEREST TRANSACTIONS

Participants are parties-in-interest to the Plan, therefore notes receivable from participants qualify as party-in-interest transactions. These transactions are exempt transactions pursuant to Section 408(b)(1) of ERISA. Personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

6. TAX STATUS

The Plan adopted a prototype profit sharing 401(k) Plan which obtained its latest opinion letter on October 6, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Orion Systems Integrators 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. In addition, there have been no tax-related interest or penalties for periods presented in these financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

Net assets available for benefits per Form 5500	<u>\$ 27,844,880</u>	<u>\$ 29,059,562</u>

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2022 per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ (1,276,168)
Contributions receivable at:	
December 31, 2022	(188,839)
December 31, 2021	<u>250,325</u>
Changes in net assets available for benefits per Form 5500	<u>\$ (1,214,682)</u>

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the date of the financial statements through August 9, 2023, which is the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events require recognition or disclosure in these financial statements.
