INDEPENDENT AUDITOR'S REPORT

To the 403(b) Committee
Santa Fe Christian Schools 403(b) Plan
Solana Beach, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Santa Fe Christian Schools 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Santa Fe Christian Schools 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Santa Fe Christian Schools 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Santa Fe Christian Schools 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Santa Fe Christian Schools 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Santa Fe Christian Schools 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Santa Fe Christian Schools 403(b) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Santa Fe Christian Schools 403(b) Plan (the "plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Santa Fe Christian School (the "School", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code ("IRC"), was established effective January 1, 2002, and restated effective July 12, 2019, to adopt the TIAA Volume Submitter Plan Document #20 (Note 7). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the School upon employment, as defined by the Plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws and the IRC.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2022.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is responsible for the administration and operation of the plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF ("TIAA"), and as agent for TIAA, FSB (collectively the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All School employees who work more than 20 hours per week and are not considered student employees are eligible to make elective deferrals to the Plan. Employees who have attained 21 years of age and completed one year of service are eligible to receive Employer matching contributions. Employees are credited with a year of service for eligibility purposes upon completion of a minimum of 1,000 hours of service during a consecutive twelve-month period.

Participant accounts

Each participant's account is credited with (1) the participant's contributions, (2) allocations of the School's contributions, if any, and (3) Plan earnings less an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participant contributions

Participants may make elective deferrals to the plan, through payroll deductions, at a selected percentage of their eligible pre-tax or Roth after-tax compensation, as defined in the plan documents, up to the annual maximum amount allowed by the IRC. Participants who have attained the age of 50 or who have completed 15 years of service with the School may make catch-up contributions. Participants are also allowed to make rollover contributions to the plan from other qualified retirement plans. Participants direct the investment of contributions to their respective accounts into the investment options offered by the plan.

Employer contributions

The School is allowed to make an Employer matching contribution equal to 100% of elective deferrals up to 3% of compensation by employees who have 1 to 9 years of service, up to 4% of compensation for employees who have 10 to 14 years of service, up to 5% of compensation for employees who have 15 to 19 years of service, and up to 6% of compensation for employees who have 20 or more years of service. The School is also allowed to make Employer discretionary matching contributions to the plan. For the year ended December 31, 2022, no additional discretionary matching contributions have been made by the School that are not outlined in the Plan's adoption agreement.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Employer contributions, plus actual earnings thereon, are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

A participant also attains full vesting due to death, permanent disability, or reaching early retirement age as defined by the Plan.

Notes receivable from participants

Participants may borrow no less than \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants (or "loans") must be repaid within five years, unless the participant's loan is used to acquire a principal residence, in which case the repayment period may be longer. Loans are secured by the respective participant's vested interest in their account balance. Loans bear interest at a rate commensurate with rates charged by persons in the business of lending money for loans that would be made under similar circumstances. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. The rates of interest on outstanding loans ranged from 4.25% to 8.00% with various maturities through November 2027.

Payment of benefits

Distributions and withdrawals are payable upon termination, death, disability, retirement or upon attaining age 59.5. Upon termination, unless otherwise elected, if a participant's vested account balance is equal to or less than \$1,000, the balance is immediately distributed as a lump-sum payment. Upon termination, if a participant's vested account balance is greater than \$1,000, the participant may leave their account in the Plan or is entitled to receive a distribution in a reasonable amount of time after termination of service in the form of a lump sum, partial payment, installment payments, or purchases of annuity contracts. Hardship distributions are allowed in the Plan and may only be taken from participant deferral contributions under certain conditions, as defined.

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and can be used to pay Plan expenses or to reduce future Employer contributions. The forfeiture account held a balance of \$10,318 and \$5,109 as of December 31, 2022 and 2021, respectively. Forfeitures of \$151 were used to reduce Employer matching contributions during the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and in accordance with the provisions of ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. See Note 4 for discussion of fair value measurements. Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses. See Note 5 for discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021, respectively. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan document.

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Contributions from the Employer are recorded in the year earned by the Participant. The Plan records receivables for contributions based upon the contributions recognized less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Certain expenses of maintaining the plan are paid directly by the School and excluded from the financial statements. Fees related to the administration of the Plan are allocated to participants and certain transaction fees for distributions and loans are charged directly to participants. Administrative expenses are recorded when due.

Subsequent events

The plan has evaluated subsequent events through August 10, 2023, the date the financial statements were available to be issued. There are no subsequent events that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

Santa Fe Christian Schools 403(b) Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)
(continued)

- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Santa Fe Christian Schools 403(b) Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 11,633,246</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,633,246</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 13,975,582</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,975,582</u>

5. INVESTMENT CONTRACT WITH TIAA

The TIAA Stable Value Fund is a fully benefit-responsive investment contract (the "contract"). Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value is the relevant measurement attribute for net assets available for benefits held in this fund. The fund is included in the financial statements at contract value as reported to the Plan by TIAA. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants or with TIAA are probable at this time.

Notes to Financial Statements
December 31, 2022 and 2021

5. INVESTMENT CONTRACT WITH TIAA (continued)

Subject to the terms of the contract, the contract holder or TIAA may discontinue the Contract. Payment of the contract accumulation may be made from 90 days up to two years after such discontinuance is processed, as described in the contract.

6. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the plan to discontinue its contributions at any time and to terminate the plan, subject to the provisions of ERISA. If the plan were to be terminated, all participants become immediately 100% vested in their entire account balance.

7. TAX STATUS

As stated in Note 1, effective July 12, 2019, the Plan was amended and adopted the TIAA's Volume Submitter Plan Document #20 (the "volume submitter plan"). The Internal Revenue Service has issued an opinion letter dated August 7, 2017, that the volume submitter plan was designed in accordance with applicable sections of the IRC and is available for use by employers for the benefit of their employees. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting and other administrative services are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds. There were no amounts in excess of fees in the current year.

Notes to Financial Statements
December 31, 2022 and 2021

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Custodians utilize omnibus accounts at unaffiliated banks to facilitate transactions for the Plans it services and commingles funds in transit to or from the Plan. The unaffiliated banks charge fees for this service and the Custodians retain, as compensation for services provided to the Plan, any excess interest over the fees charged on amounts earned while certain transactions are pending ("float"). If the bank fees exceed the earnings, the Custodians will pay the excess fees. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.
