You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**Part I Service Provider Information (continued)**

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| <b>1</b> Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator of the  
Universal Weather and Aviation, LLC 401(k) Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements**

We have performed audits of the financial statements of the Universal Weather and Aviation, LLC 401(k) Plan (the "Plan"), formerly the Universal Weather and Aviation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as December 31, 2022 and 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **INDEPENDENT AUDITOR'S REPORT, CONTINUED**

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters - Supplemental Schedules Required by ERISA**

The supplemental schedules, *Schedule H, Line 4a – Schedule of Delinquent Participant Contributions* for the year ended December 31, 2022 and *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# UNIVERSAL WEATHER AND AVIATION, LLC 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of the Plan

The following description of the Universal Weather and Aviation, LLC (the "Company") 401(k) Plan (the "Plan"), formerly the Universal Weather and Aviation, Inc. 401(k) Plan, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan was formed and adopted by the Company effective February 1, 1974. The Plan provides eligible employees the option of making pre-tax or Roth contributions to accumulate additional funds toward retirement and provides for discretionary company contributions to be made, either on a matching or non-matching basis. The Plan has been adopted by the following related employers: Impact Weather, Inc. and Air Culinaire Worldwide, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

#### Administration

The Company administers the Plan. The trustee for the Plan's assets is Fidelity Management Trust Company (the "Trustee"). The recordkeeper for the Plan is Fidelity Workplace Services, LLC (the "Recordkeeper").

#### Eligibility

Participation in the 401(k) portion of the Plan is voluntary and is available to all eligible employees of the Company, and the related employers, who have attained the age of 21 and have completed one month of service. All employees eligible for participation in the Plan participate in the profit-sharing portion of the Plan. Excluded from the class of eligible employees are residents of Puerto Rico, union employees, leased employees, and non-resident aliens who do not receive United States of America source income from the Company.

#### Contributions

Each year participants may elect to defer up to 80% of their eligible pre-tax annual compensation not to exceed the limit set forth in the Internal Revenue Code ("IRC") Section 402g (\$20,500 in 2022 and \$19,500 in 2021). Participants may make catch-up contributions, which are pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50<sup>th</sup> birthday. Participants may also make Roth contributions to the Plan in accordance with applicable tax laws. Participants' catch-up contributions are limited to 80% of their eligible pre-tax annual compensation not to exceed the limits set forth in the IRC (\$6,500 in 2022 and 2021). If a participant receives a qualified distribution, as defined in the IRC, the participant may roll over these funds into the Plan. Participants direct the investments of their contributions into various investment options offered by the Plan in 1% increments.

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation. The Company will notify the employees of their right to choose not to have such contributions automatically made on their behalf.

The Company may make discretionary matching contributions on behalf of each participant. Such contributions are determined each pay period. Effective August 29, 2021, the Company resumed the employer matching contribution program and matched 75% of the participants' elective deferrals up to 6% of the participant's eligible compensation. The Company made discretionary matching contributions to the Plan of \$2,074,819 and \$444,555 during 2022 and 2021, respectively.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching contributions and Plan earnings and charged with an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

### 1. Description of the Plan, continued

#### Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and any earnings on such contributions. A participant becomes 100% vested in all Company contributions upon either death or disability while working for the Company, or upon normal retirement at the age of 65. For all other purposes, a participant vests in their Company contribution accounts according to the criteria described below:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 3 years       | 0%                       |
| 3 years or more         | 100%                     |

#### Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years. However, if the loan is for the purchase of a principal residence, it may be repaid over a period of 10 years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably by means of payroll withholding according to the terms of the loan. Only one loan is permitted to be outstanding at any one time. Participant notes receivable outstanding at December 31, 2022 and 2021 totaled \$1,374,982 and \$1,179,659, respectively, and bore interest at rates ranging from 4.25% to 8.00% per year during the year ended December 31, 2022 and from 4.25% to 6.50% during the year ended December 31, 2021, respectively.

#### Forfeitures

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant (or his or her designated beneficiary in the event of death) upon distribution of the vested value of his or her account. Forfeitures are used to fund employer contributions or to pay Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts available to pay administrative expenses and/or to reduce future employer contributions totaled \$70,546 and \$167,888, respectively. Forfeited non-vested amounts of \$88,628 and \$153,949 were used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively. Forfeited non-vested amounts of \$98,566 and \$92,006 were used to pay Plan administrative expenses for the years ended December 31, 2022 and 2021, respectively.

#### Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount or annual installments, as defined in the Plan document. In addition, participants are permitted in-service distributions from the vested portion of their Plan accounts at any time after having attained age 59 ½. Also, participants may request a distribution of their deferral contributions account upon incurring a financial hardship as defined in the Plan document.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

#### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

### 2. Summary of Significant Accounting Policies, continued

#### Investment Valuation and Income Recognition, continued

Investments in registered investment companies ("mutual funds") are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end. The Plan's interests in collective trusts are based on the fair value of the individual collective trust's underlying investments, as based on information reported by the investment advisor using the audited financial statements of the collective trusts at year end. Common stocks, mutual funds, unit trust funds, and corporate bonds, that are included in the self-directed brokerage accounts, are stated at fair value as determined by quoted market prices.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

#### Benefit Payments

Benefits are recorded when paid.

#### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable, distributions, and accounts from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

### 3. Fair Value Measurements

Accounting Standards Codification Topic 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- |                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Level 1</b> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Level 2</b> | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability;</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| <b>Level 3</b> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## NOTES TO FINANCIAL STATEMENTS

### 3. Fair Value Measurements, continued

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts which include common stocks, mutual funds, unit trust funds, and corporate bonds:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Collective trusts:* Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### 5. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Company that is designed to comply with provisions of the Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. The prototype plan provider received an opinion letter from the IRS dated June 30, 2020 as to the prototype plan's qualified status.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the DOL and IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### 7. Partial Plan Termination

During the year ended December 31, 2021, the Company sold an operating division resulting in the termination of certain employees. The Sponsor voluntarily elected to treat the event as a partial plan termination, as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting in the employer's discretionary contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions. All affected participants were fully vested in their account balance at the date of the partial plan termination.

### **NOTES TO FINANCIAL STATEMENTS**

#### **8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance and distributions will commence in accordance with the provisions of ERISA.

#### **9. Party-in-Interest Transactions**

Certain Plan investments are in accounts managed by the Trustee and the Plan issues notes receivable from participants. Administrative expenses associated with Plan administration, recordkeeping and investment management fees are paid by the Plan to Trustee. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

#### **10. Delinquent Participant Contributions**

During the year ended December 31, 2022, the Company determined that certain employee deferrals and loan repayments aggregating \$680 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures have been taken. The lost earnings for 2022 contribution, estimated at less than \$1.

#### **11. Subsequent Events**

Plan management has evaluated all subsequent events through August 1, 2023, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.

## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator of the  
Universal Weather and Aviation, LLC 401(k) Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements**

We have performed audits of the financial statements of the Universal Weather and Aviation, LLC 401(k) Plan (the "Plan"), formerly the Universal Weather and Aviation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as December 31, 2022 and 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **INDEPENDENT AUDITOR'S REPORT, CONTINUED**

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters - Supplemental Schedules Required by ERISA**

The supplemental schedules, *Schedule H, Line 4a – Schedule of Delinquent Participant Contributions* for the year ended December 31, 2022 and *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# UNIVERSAL WEATHER AND AVIATION, LLC 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of the Plan

The following description of the Universal Weather and Aviation, LLC (the "Company") 401(k) Plan (the "Plan"), formerly the Universal Weather and Aviation, Inc. 401(k) Plan, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan was formed and adopted by the Company effective February 1, 1974. The Plan provides eligible employees the option of making pre-tax or Roth contributions to accumulate additional funds toward retirement and provides for discretionary company contributions to be made, either on a matching or non-matching basis. The Plan has been adopted by the following related employers: Impact Weather, Inc. and Air Culinaire Worldwide, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

#### Administration

The Company administers the Plan. The trustee for the Plan's assets is Fidelity Management Trust Company (the "Trustee"). The recordkeeper for the Plan is Fidelity Workplace Services, LLC (the "Recordkeeper").

#### Eligibility

Participation in the 401(k) portion of the Plan is voluntary and is available to all eligible employees of the Company, and the related employers, who have attained the age of 21 and have completed one month of service. All employees eligible for participation in the Plan participate in the profit-sharing portion of the Plan. Excluded from the class of eligible employees are residents of Puerto Rico, union employees, leased employees, and non-resident aliens who do not receive United States of America source income from the Company.

#### Contributions

Each year participants may elect to defer up to 80% of their eligible pre-tax annual compensation not to exceed the limit set forth in the Internal Revenue Code ("IRC") Section 402g (\$20,500 in 2022 and \$19,500 in 2021). Participants may make catch-up contributions, which are pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50<sup>th</sup> birthday. Participants may also make Roth contributions to the Plan in accordance with applicable tax laws. Participants' catch-up contributions are limited to 80% of their eligible pre-tax annual compensation not to exceed the limits set forth in the IRC (\$6,500 in 2022 and 2021). If a participant receives a qualified distribution, as defined in the IRC, the participant may roll over these funds into the Plan. Participants direct the investments of their contributions into various investment options offered by the Plan in 1% increments.

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation. The Company will notify the employees of their right to choose not to have such contributions automatically made on their behalf.

The Company may make discretionary matching contributions on behalf of each participant. Such contributions are determined each pay period. Effective August 29, 2021, the Company resumed the employer matching contribution program and matched 75% of the participants' elective deferrals up to 6% of the participant's eligible compensation. The Company made discretionary matching contributions to the Plan of \$2,074,819 and \$444,555 during 2022 and 2021, respectively.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching contributions and Plan earnings and charged with an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of the Plan, continued

#### Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and any earnings on such contributions. A participant becomes 100% vested in all Company contributions upon either death or disability while working for the Company, or upon normal retirement at the age of 65. For all other purposes, a participant vests in their Company contribution accounts according to the criteria described below:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 3 years       | 0%                       |
| 3 years or more         | 100%                     |

#### Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years. However, if the loan is for the purchase of a principal residence, it may be repaid over a period of 10 years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably by means of payroll withholding according to the terms of the loan. Only one loan is permitted to be outstanding at any one time. Participant notes receivable outstanding at December 31, 2022 and 2021 totaled \$1,374,982 and \$1,179,659, respectively, and bore interest at rates ranging from 4.25% to 8.00% per year during the year ended December 31, 2022 and from 4.25% to 6.50% during the year ended December 31, 2021, respectively.

#### Forfeitures

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant (or his or her designated beneficiary in the event of death) upon distribution of the vested value of his or her account. Forfeitures are used to fund employer contributions or to pay Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts available to pay administrative expenses and/or to reduce future employer contributions totaled \$70,546 and \$167,888, respectively. Forfeited non-vested amounts of \$88,628 and \$153,949 were used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively. Forfeited non-vested amounts of \$98,566 and \$92,006 were used to pay Plan administrative expenses for the years ended December 31, 2022 and 2021, respectively.

#### Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount or annual installments, as defined in the Plan document. In addition, participants are permitted in-service distributions from the vested portion of their Plan accounts at any time after having attained age 59 ½. Also, participants may request a distribution of their deferral contributions account upon incurring a financial hardship as defined in the Plan document.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

#### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

## NOTES TO FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies, continued

#### Investment Valuation and Income Recognition, continued

Investments in registered investment companies ("mutual funds") are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end. The Plan's interests in collective trusts are based on the fair value of the individual collective trust's underlying investments, as based on information reported by the investment advisor using the audited financial statements of the collective trusts at year end. Common stocks, mutual funds, unit trust funds, and corporate bonds, that are included in the self-directed brokerage accounts, are stated at fair value as determined by quoted market prices.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

#### Benefit Payments

Benefits are recorded when paid.

#### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable, distributions, and accounts from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

### 3. Fair Value Measurements

Accounting Standards Codification Topic 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- |                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Level 1</b> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Level 2</b> | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability;</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| <b>Level 3</b> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

# UNIVERSAL WEATHER AND AVIATION, LLC 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

### 3. Fair Value Measurements, continued

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts which include common stocks, mutual funds, unit trust funds, and corporate bonds:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Collective trusts:* Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### 5. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Company that is designed to comply with provisions of the Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. The prototype plan provider received an opinion letter from the IRS dated June 30, 2020 as to the prototype plan's qualified status.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the DOL and IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### 7. Partial Plan Termination

During the year ended December 31, 2021, the Company sold an operating division resulting in the termination of certain employees. The Sponsor voluntarily elected to treat the event as a partial plan termination, as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting in the employer's discretionary contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions. All affected participants were fully vested in their account balance at the date of the partial plan termination.

## **UNIVERSAL WEATHER AND AVIATION, LLC 401(K) PLAN NOTES TO FINANCIAL STATEMENTS**

### **8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance and distributions will commence in accordance with the provisions of ERISA.

### **9. Party-in-Interest Transactions**

Certain Plan investments are in accounts managed by the Trustee and the Plan issues notes receivable from participants. Administrative expenses associated with Plan administration, recordkeeping and investment management fees are paid by the Plan to Trustee. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

### **10. Delinquent Participant Contributions**

During the year ended December 31, 2022, the Company determined that certain employee deferrals and loan repayments aggregating \$680 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures have been taken. The lost earnings for 2022 contribution, estimated at less than \$1.

### **11. Subsequent Events**

Plan management has evaluated all subsequent events through August 1, 2023, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
