INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Atrion Corporation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Atrion Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Plan management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATRION CORPORATION 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Atrion Corporation 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”) for the benefit of eligible employees of the Company and its subsidiaries (Atrion Medical Products, Inc., Halkey-Roberts Corporation, and Quest Medical, Inc.). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan’s document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible participants will automatically defer three percent of their compensation, unless they elect otherwise, and their contributions will be invested into the default investment option designated by the Administrative Committee, unless they elect otherwise. All participants’ deferral rates shall be increased by one percent of compensation each January 1 thereafter until a maximum deferral rate of six percent is reached, unless the participant elects otherwise. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company matches 100 percent of the first one percent of eligible participants’ contributions deferred, as defined, and 50 percent of the next five percent (up to a total of six percent) of participants’ contributions deferred up to a maximum of three and one-half percent of participants’ compensation, as defined. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s discretionary contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully vested in their deferral and rollover accounts at all times plus actual earnings thereon. Company matching contributions have a two-year vesting schedule for employees hired after December 31, 2007. Matching contributions were 100 percent vested at all times for employees hired prior to January 1, 2008.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant’s account, and only two loans may be taken at a time. Refinancing of loans is not permitted. The loan interest rate is set at one percent above the prime rate, as defined, which range from 4.25 percent to 8.50 percent. Loans are repayable through payroll deductions (principal and interest) over periods ranging up to 60 months unless the loan qualifies as a primary residence loan, which term may not exceed 15 years. The interest rate is the prime rate for a loan made under similar circumstances plus one percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant with vested interest in his or her account greater than \$5,000 can elect a lump sum or rollover distribution. Participants with vested interest less than \$5,000 will automatically receive a single lump sum payment.

Forfeited Amounts

At December 31, 2022, and 2021, forfeited non-vested accounts total \$1,747 and \$1,510, respectively. These accounts may be used to pay administrative expenses or reduce future employer contributions. For the year ended December 31, 2022, employer contributions were reduced by \$47,036 from forfeited non-vested accounts and there were no forfeited non-vested amounts used to reduce administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. In 2022, the Plan received \$20,000 in administrative credits from T. Rowe Price Retirement Plan Services, Inc. ("TRPRS") which is included in other income in the Statement of Changes in Net Assets.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2022 and 2021:

	2022	2021
TRP Stable Value Fund SCH E	\$ 7,984,666	\$ 9,094,540

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2022, and 2021 and for year ended December 31, 2022:

	2022	2021
Investments at fair value	\$ 51,662,906	\$ 61,900,464
Notes receivable from participants	\$ 1,377,046	\$ 1,469,727
Net depreciation in fair value of investments	\$ 13,574,788	
Dividends	\$ 2,986,929	
Interest income on notes receivable from participants	\$ 67,376	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV provided by the administrator of the trust. The NAV is based on market value of the underlying assets held by the trust less its liabilities. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. The NAV is used as a practical expedient to estimate fair value.

Stable value collective trust fund (“SVCTF”): Invests primarily in guaranteed investment contracts and structured or synthetic investment contracts. The SVCTF is valued at the NAV unit computed at the close of the New York Stock Exchange each day. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2022 and 2021, with the exception of common collective trust which are measured at fair value using the NAV practical expedient. The fair value for the common collective trust is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2022	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	\$ 7,984,666	\$ 9,094,540	\$ -	Daily	12 months
Common collective trust	2,914,128	3,238,192	\$ -	Daily	90 days
Investments measured at NAV	<u>\$ 10,898,794</u>	<u>\$ 12,332,732</u>			

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are issued and managed by TRPRS. TRPRS is the custodian and record-keeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments. Fees incurred by the Plan for recordkeeping services are included in administrative expenses.

Investment related services are provided by TRPRS. TRPRS is the investment advisor of the Plan and, therefore, these transactions qualify as a party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for these services are included in net depreciation in fair value of investments.

Contract and compliance services are provided by TRPRS. TRPRS is the contract administrator of the Plan and, therefore, these transactions qualify as a party-in-interest transactions which are exempt from the prohibited transaction rules. Fees and commissions for these services are paid by the Company.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact taken by the Plan, and recognize a tax liability at the Company level if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 16, 2023, the date the financial statements were available to be issued, and determined there were no items to disclose.
