Report of Independent Auditors

To the Participants and Plan Administrator
Meta Platforms, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meta Platforms, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Meta Platforms, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on January 1, 2006 by Meta Platforms, Inc. (the Company) to provide benefits to eligible employees, as defined in the plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration – The Company has appointed a 401(k) Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the Trustee and Custodian of the Plan, and an affiliate of Fidelity as third-party administrator to process and maintain the records of participant data.

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Administrative expenses paid by the Company include recordkeeping and trustee fees. Expenses that are paid by the Company are excluded from these financial statements.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States (US GAAP) requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with US GAAP.

Payment of benefits – Benefits are recorded when paid.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's Trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Mutual funds and interest-bearing cash: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Brokerage Link account: This investment of the Plan is almost entirely composed of 1) mutual funds, which are valued at the NAV of shares held by the Plan at year end, and 2) common stock and interest-bearing cash, which are valued at the closing price reported on the active market on which the individual securities are traded, or at the NAV of shares held by the Plan at year end. This investment also includes other investment products, which are classified as either Level 1 or Level 2 because the Plan uses quoted market prices or alternative pricing sources and models utilizing market observable inputs to determine their fair value.

Common/collective trusts: Units held in common/collective trusts (CCTs) are valued using the NAV practical expedient of the CCT as reported by the CCT issuers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The investment objectives and underlying investments of the common/collective trusts vary, with some geared toward target retirement dates and some holding investments approximating various domestic equity, international equity, and bond market indices. The investments are redeemable daily at NAV by participants and have no commitment provisions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**

Investments measured at NAV				7,175,756,849
Investments				$ 7,866,529,513

NOTE 3 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Fidelity, the Trustee and Custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. However, they are exempt from the prohibited transaction rules under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant eligibility – All employees of the Company and any Related Employers (identified on the Plan's Participating Employer Addendum) designated by the Plan Administrator are eligible to participate in the Plan upon employment. However, the following employees or classes of employees are not eligible to participate: (i) residents of Puerto Rico; (ii) employees who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan; (iii) leased employees; (iv) employees who are non-resident aliens with no income from a U.S. source, except for those employees normally assigned to work for a US office of the Employer and who receive any income during the Plan Year from the Employer which constitutes US source income but are on a temporary assignment outside the US or during an Employer approved alternative work arrangement due to a public health emergency or other crisis; (v) employees who participate in a simple IRA; (vi) individuals employed by Oversight Board, LLC; (vii) employees who are classified by Meta or participating subsidiaries as an "intern" or "co-op" employee, unless they have reached the earlier of: 1) age 21 and completed at least 1,000 hours of service during an eligibility computation period (12-month period measured from your date of hire) or 2) age 21 and have completed at least 500 hours of service during each of three consecutive 12-month periods beginning on or after January 1, 2021; (viii) persons who are not classified as employees for tax purposes; (ix) Employees whose Social Security Number has not been entered into Workday and approved/validated by Meta; and (x) employees employed through a liaison office outside the US.

Participant contributions – Participants may elect to have the Company contribute pre-tax, Roth, and after-tax deferrals on their eligible compensation to the Plan up to the amount allowable under the plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits the automatic enrollment of eligible employees in the Plan unless the employee affirmatively elects otherwise. The automatic enrollment percentage is 10% on regular pay and bonuses for newly-eligible employees. Additionally, any participant auto-enrolled who does not make a change to the enrollment will have the deferral elections of regular pay automatically increased annually by 1% each year. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company makes contributions to the Plan in the form of discretionary matching contributions and other employer contributions, as defined in the plan document. The Company makes a dollar-for-dollar match, up to 50% of the IRS employee deferral limit. Effective January 1, 2018, the Company designated catch-up contributions as eligible for matching. No other types of employer contributions to the Plan have been made.

Vesting – Participants are immediately vested in their entire account, including employer contributions.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and allocation of the Company's contribution, if any. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If no investment option is selected by participant, the contributions are directed to the appropriate target-date fund based on the participant's age.

Payment of benefits – Upon termination of employment, the participants or beneficiaries may elect to leave their account balance in the Plan, elect installment payments under a systematic withdrawal plan, receive partial payments, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of vested participant account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow a minimum of $1,000 and up to the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made over the outstanding balance of loans on the date the loan is made, or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2022 carry interest rates ranging from 4.25% to 8.00%.

NOTE 5 - TAX STATUS

The Non-Standardized Pre-Approved Plan with a Cash Or Deferred Arrangement has received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Plan has been amended since this letter was received. The Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions.

During 2023, the Department of Labor (DOL) notified the Plan sponsor of its intent to conduct a routine review of the Plan for the 2020-2022 plan years and through July 12, 2023. The review is ongoing and all requested materials have been submitted to the DOL.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 7 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity, the Trustee and Custodian of the Plan.

NOTE 8 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors or the Committee and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 9 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through August 14, 2023, the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments.
