INDEPENDENT AUDITORS' REPORT

Board of Trustees and Participants
Production Sheet Metal Workers' Local 10 Retirement Plan
St. Paul, Minnesota

Opinion

We have audited the financial statements of Production Sheet Metal Workers' Local 10 Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Production Sheet Metal Workers' Local 10 Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Production Sheet Metal Workers' Local 10 Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Trustees and Participants
Production Sheet Metal Workers' Local 10 Retirement Plan

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Production Sheet Metal Workers' Local 10 Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Production Sheet Metal Workers' Local 10 Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Production Sheet Metal Workers' Local 10 Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRODUCTION SHEET METAL WORKERS' LOCAL 10 RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following brief description of the Production Sheet Metal Workers' Local 10 Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was formed in January 1963 under collective bargaining agreements between various employers and Local Union 10 of the Sheet Metal Workers' International Association (the Union). The agreements provide for employers of production sheet metal workers to contribute to the Plan for each compensable hour. Contribution rates vary according to the bargaining agreement in effect with individual employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participation in the Plan is immediate upon receipt of a contribution from a participating employer. Participation pertaining to the elective deferral portion of the Plan commences on the first day of any calendar month upon the earlier of completion of any probationary period with the employer or the first anniversary of the date on which the employee first performed an hour of service for the employer.

Participants are automatically enrolled at 3% of Plan compensation if the participant does not have an elective contribution agreement completed in advance of the first date which elective contributions are permitted.

Participant Accounts

Each participant's account is credited with his or her employer's contribution, any employee contributions made, and an allocation of Plan earnings and expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The participant directed accounts are valued on a daily basis.

Vesting

Participant accounts are fully (100%) vested and nonforfeitable at all times.

Payment of Benefits

Upon a six-month break in service or retirement or disability, a participant may elect to (1) receive a single lump sum, (2) receive installments for a period of time selected by the participant, or (3) apply the participant's total account to purchase an annuity contract providing payments for a period of time selected by the participant. Hardship distributions are allowed in certain circumstances as specified in the Plan document.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

The Plan allows the participants to receive a partial distribution of their balance by initially receiving a full account distribution from the Plan and rolling back into their accounts the portion of funds the participant desires to maintain within their account balance. The Plan's distribution rules are aligned for elective deferrals and employer contribution by permitting Participants' employer contribution accounts to be distributed immediately following termination.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets, liabilities, and changes therein, at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. Delinquent contributions and payroll audit findings are individually analyzed for collectability. As of December 31, 2022 and 2021, all outstanding contributions receivable amounts are reported net of contributions considered uncollectible by the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 10, 2023, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value that framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective fund is valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual Funds	\$ 30,418,805	\$ -	\$ -	\$ 30,418,805
Collective Fund	-	1,039,080	-	1,039,080
Total Assets in the Fair Value Hierarchy	<u>\$ 30,418,805</u>	<u>\$ 1,039,080</u>	<u>\$ -</u>	<u>\$ 31,457,885</u>
2021				
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual Funds	\$ 38,106,437	\$ -	\$ -	\$ 38,106,437

Total Assets in the Fair Value Hierarchy	<u>\$ 38,106,437</u>	<u>\$ 915,065</u>	<u>\$ -</u>	<u>\$ 39,021,502</u>

NOTE 4 PLAN TERMINATION

Although the Union and participating employers have not expressed any intent to do so, they reserve the right to terminate the Plan and provide for the distribution of the fund to participants and beneficiaries under the Plan.

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on March 4, 2016, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Alerus Financial, N.A. (Alerus) is the custodian for the Plan, as well as the recordkeeper and investment consultant. Fees of \$102,866 and \$103,841 were paid by the Plan to Alerus for the years ended December 31, 2022 and 2021, respectively.

NOTE 8 CONCENTRATIONS

In 2022, there were three employers that represented more than 54% of total Plan contributions. In 2021, there were four employers represented 65% of total Plan contributions. The following table shows contributions reported by employer for years ended December 31, 2022 and 2021.

NOTE 9 DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2022, certain participating employers were late remitting participant contributions to the Plan. According to Prohibited Transaction Exemption (PTE) 76-1, the failure of a participating employer to make a contribution to the Plan when the contribution is due nor the failure of the Plan to collect such a delinquent contribution does not constitute a prohibited transaction under code Section 4975 if the Plan is making a systematic, reasonable, and diligent effort to collect delinquent contributions the Plan has procedures for the collection of delinquent contributions and assesses liquidating damages in accordance with PTE 76-1. As such, the late participant contributions are not reported as a prohibited transaction. The total amount of known late participant contributions was \$9,417 and \$-0- for the years ended December 31, 2022 and 2021, respectively.
