INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Lucas Tree 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lucas Tree 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of Plan

The following description of the Lucas Tree 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan. All employees of John Lucas Tree Expert Co. (the Company) are eligible for participation in the Plan upon completion of one year of service and attainment of age 18. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan was most recently restated effective July 1, 2021 to allow participation of employees of an acquirer of the Company and credit them with prior service and to incorporate prior amendments. The Plan was amended effective July 29, 2022 to allow participation of employees of another acquirer of the Company and credit them with prior service. The Plan was also amended in 2022 to formally adopt the distribution and loan provisions of the *Coronavirus Aid, Relief, and Economic Security Act* which were effective beginning January 1, 2020.

Contributions

Each participant may elect to defer pretax compensation, as defined in the Plan, up to the maximum amounts allowed by the Internal Revenue Service (IRS). The Company's matching contribution is 100% of the first 3% and 50% of the next 2% of compensation that a participant defers. The matching contribution formula complies with the Safe Harbor provisions of the Internal Revenue Code (the Code). The Company may also elect to make a discretionary contribution in any plan year. Any discretionary contribution will be allocated to eligible employees in proportion to their respective amount of compensation to total compensation of eligible participants as defined in the Plan agreement. No discretionary contributions were made for 2022 or 2021.

Forfeitures are used to offset administrative expenses of the Plan. The forfeiture balances at December 31, 2022 and 2021 were \$5,734 and \$5,628, respectively.

At the participant's option, employee and matching contributions may be invested in certain funds offered by the Plan. Participants should refer to each fund's prospectus for further details on the funds' objectives.

Distributions

Participants are entitled to a distribution of their vested benefits at normal retirement age (age 65) or upon separation from service. The Plan also allows for certain in-service withdrawals. The Plan provides for the automatic cash-out of separated employees with account balances up to \$1,000.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of Plan (Continued)**

Vesting

Participants are immediately vested in their contributions and safe harbor employer matching contributions. Vesting in discretionary employer contributions is based on years of continuous service. The vesting schedule that applies to the discretionary contributions is a 4 year graded schedule with 100% vesting after 4 years of service.

Notes Receivable From Participants

The amount of any note shall be at least \$1,000 and shall not exceed the lesser of \$50,000 or 50% of the vested balance in the participant's account. All notes are repaid according to a fixed repayment schedule not to exceed 5 years, unless it is a note taken exclusively to purchase the participant's primary residence. The notes are secured by the balance of the participant's account. Principal and interest are paid ratably through payroll deduction. Interest rates are based on the prime rate at the time the note is established.

Administrative Expenses

All administrative expenses are paid by the Plan. Certain fees incurred by the Plan for investment management and administrative services are included in net (depreciation) appreciation in fair value of investments on the statement of changes in net assets available for benefits as they are paid through revenue sharing rather than direct payment.

2. **Summary of Significant Accounting Policies**

The following are the significant accounting policies of the Plan:

Method of Accounting

The accrual basis of accounting is utilized for reporting purposes.

Contributions

Contributions from employees are recorded during the period in which the Company makes payroll deductions. Employer matching contributions are recorded in the same period as the corresponding employee contributions. Other employer contributions are recorded when the Company commits to making the contribution.

Payment of Benefits

Benefits are recorded when paid.

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments, other than the group annuity contract, are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements. The group annuity contract is carried at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses related to investments are reported as net appreciation (depreciation) in fair value of investments.

Notes Receivable From Participants

Participant loans are valued at their unpaid principal balance plus any accrued and unpaid interest. No allowance for credit losses has been recorded at December 31, 2022 or 2021. If a participant ceases to make loan payments, the Plan Administrator may deem the participant loan to be a distribution, whereby the loan balance is reduced and a benefit payment is recorded.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

For the purpose of recognition and disclosure in these financial statements, management of the Plan has evaluated subsequent events through August 17, 2023, which is the date these financial statements were available to be issued.

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

3. **Information Certified and Fair Value Measurements**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly known as Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, respectively), except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the custodians meet the requirements of qualified institutions as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's investments, notes receivable from participants, investment (loss) income, interest income on notes receivable from participants, and investment and notes receivable transactions as of and for the years ended December 31, 2022 and 2021 were certified as complete and accurate.

Group Annuity Contract

The Plan has a group annuity contract with Empower Annuity Insurance Company of America (formerly known as Great-West Life & Annuity Insurance Company) that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The Key Guaranteed Portfolio Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under each contract, plus earnings based on the crediting rate, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield earned by the Plan for the Key Guaranteed Portfolio fund was 1.10% and 0.80% for 2022 and 2021, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) Certain amendments to the Plan document (including complete or partial Plan termination or merger with another plan);
- (b) Bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or
- (c) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

3. **Information Certified and Fair Value Measurements (Continued)**

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Fair Value Measurements

The Plan has adopted a framework for measuring fair value under generally accepted accounting principles for all financial instruments that are being measured and reported on a fair value basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuation methodologies include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining the appropriate levels, the Plan performs an analysis of the assets and liabilities that are subject to fair value measurements. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

The tables below set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Mutual funds	<u>\$11,833,311</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$11,833,311</u>

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

3. Information Certified and Fair Value Measurements (Continued)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2021</u>				
Mutual funds	<u>\$13,079,592</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$13,079,592</u>

The mutual funds are valued at the closing price reported in the active market in which the security is traded. There have been no changes in methodology during 2022 or 2021.

4. Tax Status

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable. Effective January 1, 2020, the Company has adopted a volume submitter 401(k) profit sharing plan sponsored by Summit Financial Corporation. The IRS issued an opinion letter dated November 30, 2014 stating that the volume submitter plan satisfies Section 401(a) of the Code as of the date of the opinion letter. Effective July 1, 2021, the Company has adopted a non-standardized pre-approved 401(k) profit sharing plan sponsored by HUB International Limited. The IRS issued an opinion letter dated June 30, 2020 stating that the pre-approved plan satisfies Section 401(a) of the Code as of the date of the opinion letter. The Plan has subsequently been amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

LUCAS TREE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

6. Related Party Transactions

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, respectively), the custodians, manage several investment funds available to the Plan. Empower Retirement, LLC, an affiliated entity of the custodians, also provides recordkeeping services which are paid by the Plan. In addition, the Plan pays fees to the Plan's independent auditors, Baker Newman & Noyes LLC and the Plan's broker, Commonwealth Financial Network. Transactions with these entities qualify as party-in-interest. Total fees paid by the Plan to these entities for the years ended December 31, 2022 and 2021 aggregated \$28,574 and \$27,820, respectively.

7. Reconciliation to Form 5500

The following is a reconciliation of the significant differences between the financial statements and Form 5500 as of and for the years ended December 31, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$12,223,410	\$13,441,897
Deemed distributed loans and accrued interest	(41,938)	(14,589)
Employee contributions receivable	—	(6,913)
Employer contributions receivable	<u>—</u>	<u>(4,562)</u>
Net assets available for benefits per Form 5500	<u>\$12,181,472</u>	<u>\$13,415,833</u>
Net (decrease) increase in net assets available for benefits per the financial statements	\$ (1,218,487)	\$ 1,889,565
Change in deemed distributed loans and accrued interest	(27,349)	1,896
Change in employee contributions receivable	6,913	1,391
Change in employer contributions receivable	<u>4,562</u>	<u>767</u>
Net (loss) income per Form 5500	<u>\$ (1,234,361)</u>	<u>\$ 1,893,619</u>

Notes receivable from participants are reflected as a receivable on the financial statements which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption "participant loans."
