Report of Independent Auditors

To the Administrator of CenterPoint Properties Trust 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CenterPoint Properties Trust 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 “supplemental schedule”, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CenterPoint Properties Trust 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following description of the CenterPoint Properties Trust 401(k) Plan (the "Plan") is intended to provide only general information. CenterPoint Properties Trust (the "Employer" and "Plan Sponsor") has established procedures to advise all eligible employees of the provisions of the Plan through a Summary Plan Description. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is administered by the Employer. The assets of the Plan are managed and administered under the terms of an agreement between the Employer and the trustee, Reliance Trust Company (the "Trustee"). The Trustee is responsible for the investment of such assets and the accounting for all related receipts and disbursements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

All employees who have reached age 18 are eligible to participate in the Plan. Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan agreement, subject to Internal Revenue Service ("IRS") limits. Participant contributions may also include rollovers, which represent transfers of participant account balances previously held in the former employer's qualified plans. Participants are permitted to designate a portion or all of their deferral contributions as Roth Deferral Contributions. Roth Deferral Contributions are subject to the same IRS limits as pretax contributions.

Each year, the Employer will determine the amount, if any, of matching contributions that will be contributed to the Plan. One year of service with the Employer is required for a participant to be eligible to receive a matching contribution. For the year ended December 31, 2022, the Employer continued to elect to make a matching contribution equal to 50% of the participants' contributions, up to 8% of each participant's pretax annual compensation. The Employer may also make additional discretionary contributions, as determined by management. No additional discretionary contributions were made in 2022.

In no event shall the contributions credited to a participant's account for any Plan year, either separately or when combined with the Employer contributions, exceed the allowable deduction for federal income tax purposes.

Automatic Enrollment Contributions

Unless an employee elects otherwise after receiving notice, the employee will be automatically enrolled in the Plan to contribute 6% of eligible compensation, as soon as administratively feasible on or after the Participant's Entry Date, as defined in the Plan agreement. If the participant fails to affirmatively elect a different percentage, the participant's contribution percentage increases 1% annually not to exceed 8% of eligible compensation.

CenterPoint Properties Trust 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with that participant's contributions and allocations of a) the Employer matching contribution and b) Plan investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The net investment gain or loss for each of the investment assets is allocated daily to each participant's elective accounts in the proportion to which each such account bears to the total of all such asset accounts.

Vesting

All participant and Employer contributions and earnings thereon are fully and immediately vested.

Notes Receivable from Participants

Within the limits of IRS regulations, which change from time-to-time, a loan may be requested for any reason by a participant. The minimum loan is \$1,000. The maximum loan is generally limited to the lesser of:

- (1) 50% of the participant's vested account balance, or
- (2) \$50,000, minus the highest outstanding loan balance in the prior 12 months.

The loan repayment period is set at a maximum of 5 years except in the case of a loan for the purpose of acquiring a principal residence, in which case the loan may be repaid over the maximum period per the Plan agreement. Participants may only have one loan outstanding at any time. The Plan Sponsor sets the rate of interest, which, in general, is intended to approximate the prevailing interest rates that may be charged by lending institutions for loans made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. The loan is collateralized by the remaining balance in the respective participant's account. Upon termination with the Employer, the loan is due immediately. Outstanding loan balances may be paid off in full at any time while employed by the Employer; partial pre-payments are not permitted.

Payment of Benefits

Upon termination of service due to death, disability, and retirement or due to other reasons, a participant may elect to receive a lump sum amount or installments equal to the value of the participant's vested interest in his/her account. In-service distributions are permitted when a participant reaches age 59 ½ and are required by law no later than April 1 following the calendar year the participant reaches 72 years old. Effective January 1, 2023, the age for required minimum distributions increases to 73 under the SECURE 2.0 Act of 2022. In addition, hardship distributions are permitted if certain criteria are met.

Administrative Expenses

Loan processing fees are paid by the participant and deducted from their Plan assets. The loan fees are reflected as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Certain professional fees and other administrative expenses incurred in connection with the Plan are paid by the Employer and are not reflected in the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments and Income Recognition

Refer to Note 4 for disclosures provided for fair value measurements of Plan investments.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of investments are reflected on a trade date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Participant loans are stated at unpaid principal plus unpaid accrued interest. At December 31, 2022 and 2021 there were no loans in default that exceeded the participant's vested account balances. Interest income is recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of registered investment funds and common/collective trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Trustee

Investments

The investment assets of the Plan at December 31, 2022 and 2021 were held, and all transactions for the year ended December 31, 2022, were executed by the Trustee under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investment and notes receivable from participants information included in the accompanying financial statements and the supplemental schedule. Information included in the

CenterPoint Properties Trust 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

accompanying financial statements relating to investments and notes receivable from participants and the corresponding income (loss) was prepared by or derived from information prepared by the Trustee of the Plan and furnished to the Plan Sponsor. The Plan Sponsor has obtained a certification from the Trustee as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest income on notes receivable from participants, dividend income, and net depreciation in fair value of investments as shown in the accompanying Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits, respectively.

4. Fair Value of Investments

The FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

- Level 1 – Quoted market prices in active markets that the Plan has the ability to access for identical assets
- Level 2 – Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuations in which all significant inputs are observable in the market; and
- Level 3 – Valuations using significant inputs that are unobservable in the market and include the use of judgment by the Plan about the assumptions market participants would use in pricing the assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any inputs that are significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Funds

The shares of registered investment funds are valued at quoted market prices on an exchange in active markets or net asset values as computed by the applicable fund company, which represent the net asset values of shares held by the Plan at year end, and are classified as Level 1 investments.

CenterPoint Properties Trust 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Common/Collective Trust Funds

These funds are valued using the net asset value, referred to as NAV, provided by the administrator of the fund. Units of the fund are valued each day on which the New York Stock Exchange (NYSE) is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per unit is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. Participant transactions (purchases and sales) may occur daily. There are no significant redemption restrictions or unfunded commitments on these investments. In accordance with GAAP, since the common/collective trust funds are measured using the NAV per share practical expedient, these investments are not classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Description</u>	<u>Investments at Fair Value as of December 31, 2022</u>			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments at fair value:				
Registered investment funds	\$ 34,940,360	\$ 34,940,360	-	-
Total investments at fair value	\$ 34,940,360	\$ 34,940,360	\$ -	\$ -
Investments measured at NAV (1):				
Common/collective trust funds	\$ 1,227,541			
Total	\$ 1,227,541			
Total Plan investments	\$ 36,167,901			

<u>Description</u>	<u>Investments at Fair Value as of December 31, 2021</u>			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments at fair value:				
Registered investment funds	\$ 41,724,881	\$ 41,724,881	\$ -	\$ -
Total investments at fair value	\$ 41,724,881	\$ 41,724,881	\$ -	\$ -
Investments measured at NAV (1):				
Common/collective trust funds	\$ 1,925,238			
Total	\$ 1,925,238			
Total Plan investments	\$ 43,650,119			

(1) In accordance with GAAP, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation to the amounts in the statement of net assets available for benefits.

CenterPoint Properties Trust 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

5. Plan Termination

Although the Employer has reserved the right to amend or terminate the Plan, it was established with the intention that the Plan and the payment of contributions will be indefinite. Each participant or beneficiary, as the case may be, is entitled to receive any amounts credited to his or her accounts in the Plan, provided, however, that the Employer is not required to effect such distribution until written evidence of approval of such termination and distribution has been received from the Commissioner of the IRS. Presently, there is no intention on part of the Employer to terminate the Plan.

6. Tax Status

The Plan is based on a Prototype Non-standardized Profit Sharing Plan with a qualified cash or deferred arrangement (“CODA”) from Automatic Data Processing Inc., which received an IRS opinion letter, dated October 6, 2020. As such, the Plan Sponsor does not intend to file for a determination letter with the IRS. Although the Plan has been amended since the date covered by the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been recorded by the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. Party-in-Interest Transactions

Certain participants have loans outstanding to the Plan. Transactions involving these investments qualify as party-in-interest transactions. At December 31, 2022 and 2021, the Plan held an investment of \$1,227,541 and \$1,925,238, respectively in a common/collective trust managed by the Trustee of the Plan, as such the investment and investment transactions associated qualify as party-in-interest transactions.

Administrative expenses paid by the Plan for the year ended December 31, 2022 of \$18,886 qualify as a party-in-interest transaction. Administrative service fees, trustee service fees, investment fees, and compliance service fees are paid by the Employer to the Trustee. Any costs of the plan administration that are not paid by the Plan are paid by the Plan Sponsor.
