Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Phase 2 Company 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Phase 2 Company 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Phase 2 Company 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Phase 2 Company 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Phase 2 Company 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Phase 2 Company 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHASE 2 COMPANY 401(K) PLAN
Notes to Financial Statements

Note A – Description of Plan

The following description of the Phase 2 Company 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Phase 2 Company (Plan Sponsor). All eligible employees who have completed one year of service, as defined by the Plan, are eligible to make salary deferrals to the Plan, and receive Employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, subject to the section 402(g) limitation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company’s matching contributions are discretionary and determined on a year to year basis. In 2022 the Company contributed \$107,360 in matching contributions (net of forfeiture credit applied), which represented a 50% match of employee contributions up to 4% of compensation deferred, which includes accrued receivables of employer matching contributions for the plan year ended December 31, 2022 of \$107,360.

Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds and a fixed interest investment option. Participants should consult the Plan Administrator for the complete list of investment options.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the employer matching contribution, and allocations of (a) the Plan Sponsor’s discretionary contribution, if any, and, (b) Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor’s matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests 20% per year and is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive installment payments or a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Hardship withdrawals are permitted.

PHASE 2 COMPANY 401(K) PLAN
Notes to Financial Statements

Note A – Description of Plan (continued)

Forfeited Accounts

Forfeited nonvested accounts totaled \$7,834 and \$539 at December 31, 2022 and 2021, respectively, and will be used to pay future plan expenses or reduce employer matching contributions. The Plan used \$512 of forfeitures for the year ended December 31, 2022 to reduce the plan sponsor's matching contributions, and used \$11 to pay for plan expenses.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the participant's loan fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at an appropriate rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Subsequent Events

The Plan Sponsor has evaluated events through July 28, 2023, which is the date the financial statements were available to be issued, for consideration of subsequent events to be included in the December 31, 2022 financial statements.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments and earnings are stated at fair value as reported by Principal Life Insurance Company and Principal Trust Company, the custodians of Plan assets. Participant loans receivable are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Dividends and earnings include the gains and losses on investments bought and sold as well as held during the year and dividends earned on those investments.

Payment of Benefits

Benefits are recorded when paid.

PHASE 2 COMPANY 401(K) PLAN
Notes to Financial Statements

Note C – Investments and Investment Concentrations

For the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought, sold, and held during the year, and reinvested dividends) decreased in value by \$1,823,536. As of December 31, 2022 95% of the Plan's assets held for investment are issued by the Principal Life Insurance Company.

Note D – Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access including quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Pooled Separate Accounts: Shares of common/collective trust funds are valued at quoted market prices for similar assets in active markets.
- Common/collective Trusts: Shares of common/collective trust funds are valued at quoted market prices for similar assets in active markets.
- Mutual Funds: Valued at quoted market prices, which represent the new asset value (NAV) of shares held by the plan at year end.
- Investment in insurance contract: Fair value using discounted cash flow methods.

PHASE 2 COMPANY 401(K) PLAN
Notes to Financial Statements

Note D – Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

December 31,	<u>2022</u>	<u>2021</u>
Level 1		
Mutual Funds	\$ 387,648	\$ 431,834
Level 2		
Pooled separate accounts	6,604,206	7,680,882
Common/collective trusts	1,675,536	2,276,303
Investment in insurance contract	<u>213,234</u>	<u>231,658</u>
Level 2 Totals	<u>8,492,976</u>	<u>10,188,843</u>
Total Assets at Fair Value	<u>\$ 8,880,624</u>	<u>\$ 10,620,677</u>

Note E – Information Certified by the Plan's Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company (the custodians) certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Interest, dividends, and earnings on fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Assets held for investment purposes as of December 31, 2022, as shown on the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

PHASE 2 COMPANY 401(K) PLAN
Notes to Financial Statements

Note F – Investment in Insurance Contract

The Plan offers as an investment vehicle, the Principal Guaranteed Interest Accounts ("the Accounts"). The Accounts are non-benefit responsive.

Contributions allocated to the Accounts guarantee interest rates for a specified period of time as determined by the Plan. Currently the Plan offers guaranteed interest for periods of one to five years.

The rate credited to the Accounts are the rates in effect on the day when each deposit is directed to the accounts. To simplify reporting to plan participants, all rates credited during the 12-month 'deposit year' are averaged into a single composite rate. The plan sponsor has chosen the 12-month period for the deposit year to coincide with the annual Plan year. Reports, expenses, and guarantee periods are based on the deposit years.

The Accounts promise contract value for a benefit event (termination, death, disability and retirement); however, they do include a possible surrender charge if funds are withdrawn prior to the deposit year maturity. Thus, the Accounts are considered non-benefit responsive and require reporting at fair value with an adjustment from contract value to fair value on the statement of net assets available for benefits.

If the contract holder terminates the contract before the guaranteed interest accounts mature or transfers funds to other investments beyond the limits of the contract, the insurance company will apply an early withdrawal charge to the guaranteed interest account balances.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note H – Tax Status

The Internal Revenue Service (IRS) has informed the Plan administrator by letter dated June 30, 2020 that the Prototype plan adopted by the Plan Sponsor is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

Note I – Related Party Transactions and Plan Expenses

Certain Plan investments are shares of pooled separate accounts, common/collective trusts, and a guaranteed interest insurance contract managed by Principal Life Insurance Company and Principal Trust Company (Principal), the custodians, as defined by the Plan, and therefore those transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to Principal totaled \$31,635 for the year ended December 31, 2022.

Certain fees were paid by the Sponsor on behalf of the Plan and include accounting and other professional services. Other fees, such as loan processing and maintenance fees, distribution fees, and administrative fees allocated to participants are incurred by individual participants, and were deducted from the individual participant's account balance.

All party-in-interest transactions for the Plan are exempt from prohibited transaction rules of ERISA and the IRC.

Plan participants qualify as parties-in-interest. The fair value of notes receivable from participants are shown on the statements of net assets available for benefits.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
