Retirement Committee
Bader Martin, P.S. 401(k) Retirement Plan and Trust
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bader Martin, P.S. 401(k) Retirement Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of May 31, 2022 (in liquidation) and December 31, 2021 (on going concern basis), and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 to May 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of May 31, 2022 and December 31, 2021 and for the period from January 1, 2022 to May 31, 2022 and as December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan's sponsor voted on May 18, 2022 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Retirement Committee
Bader Martin, P.S. 401(k) Retirement Plan and Trust

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

1. Description of Plan

The following description of the Bader Martin, P.S. 401(k) Retirement Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all non-union employees of Bader Martin, P.S. (the "Company") who have completed either 500 hours of service in a six-month period of service or 1,000 hours of service in a twelve-month period of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's retirement committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan termination

The Plan sponsor terminated the Plan effective May 31, 2022 with August 29, 2022 as the final liquidation date. All Plan assets were either distributed or transferred, as elected by each participant, and the balance in the Plan was zero as of August 29, 2022.

Contributions

Each year, participants may contribute up to a minimum of 1% and a maximum of 92% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

The Company may make matching or discretionary contributions. For the period from January 1, 2022 to May 31, 2022, the Company made matching contributions of 20% of participants' contributions up to 6% of participants' salaries. For the period from January 1, 2022 to May 31, 2022, the Company made discretionary contributions of 3%, 5% or 8% of participants' salaries depending on employee type. Eligible employees must be employed on the last day of the Plan year to receive an employer match or discretionary contribution, unless participation ends due to death, disability or normal retirement. Additionally, employees must complete 1,000 hours of service during the Plan year to receive an employer match or discretionary contribution.

As of May 31, 2022, the date of Plan termination, no further contributions were allowed into the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. As of May 31, 2022, the date of Plan termination, all participants became fully vested in their entire account balances.

Payment of benefits

On termination of service due to death, disability or retirement, participants may elect to receive either a lump sum amount equal to the value of the participants' vested interest in their accounts or annual installments. For terminations of service for other reasons, participants may receive the value of the vested interest in their accounts as a lump sum distribution. Distributions pursuant to the Plan termination will be paid at the participants' election by (a) purchase of a nontransferable annuity contract; (b) cash distribution of the present value of the participant's accrued benefit; (c) rollover distribution to an eligible retirement plan; or (d) a combination of cash distribution and rollover distribution to an eligible retirement plan; however, option (a) is not available if the participant's accrued benefit is \$5,000 or less. Distributions of the participant's accrued benefits were made in August of 2022. The remaining assets of the Plan were distributed to participants in the Plan in November of 2022.

Forfeited accounts

At May 31, 2022 and December 31, 2021, forfeited nonvested accounts totaled approximately \$-0- and \$35,000. Forfeitures may be used to pay Plan administrative expenses or to reduce future employer contributions. In 2022, employer contributions were reduced by approximately \$4,000 from forfeited nonvested accounts.

2. Summary of significant accounting policies

Basis of accounting and presentation

Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan is imminent and the financial statements for 2022 have been prepared using the liquidation basis of accounting. The 2021 financial statements were prepared as a going concern on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

All investments in the 2022 statement of net assets available for benefits are reported at liquidation value. There were no investments remaining in the Plan as of May 31, 2022.

All investments on the 2021 statement of net assets available for benefits are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

1. Description of Plan (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a settlement-date basis. Interest income and dividends are recorded on the liquidation basis, including amounts expected to be earned through the final distribution of Plan assets. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Investment-related expenses are included in net depreciation in liquidation value of investments.

Subsequent events

The Plan has evaluated subsequent events through June 30, 2023, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2021, and net depreciation in liquidation value of investments, interest and dividends for the period from January 1, 2022 to May 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

4. Fair value measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of a bank collective trust. The NAV, as provided by Charles Schwab Trust Bank, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At May 31, 2022, there were no unfunded commitments nor were there any restrictions on payments or redemptions.

Investments as of December 31, 2021 consisted of the following:

Registered investment companies	\$ 25,015,770
Stable value collective trusts, measured at NAV	2,607,226
	\$ 27,622,996

Certain investments that were measured at net asset value per share (or its equivalent), have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Party-in-interest transactions

Northwest Plan Services ("NWPS") provides certain administrative services to the Plan pursuant to an agreement between the Company and NWPS. NWPS receives revenue from registered investment company service providers for services NWPS provides to the funds. This revenue is used to offset certain amounts owed to NWPS for its administrative services to the Plan. If the revenue received by NWPS from such registered investment company or collective trust fund service providers exceeds the amount owed to NWPS for administrative expenses, the excess amount is applied to Plan expenses as directed by Plan management.

PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

5. Party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they were paid through revenue sharing rather than a direct payment. Fees paid by the Plan for the investment management and administrative services that were not paid through revenue sharing amounted to approximately \$24,000 for the period from January 1, 2022 to May 31, 2022. The Company pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

6. Tax status

The Plan operates under a pre-approved plan agreement that received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which stated that the plan agreement, as then designed, was in compliance with the applicable requirements of the IRC. The plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
