To the Plan Administrators
Review Trackers 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Review Trackers 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 5, 2022 (in liquidation) and December 31, 2021 (ongoing) and the related statement of changes in net assets in liquidation for the period from January 1, 2022 through October 5, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 5, 2022 and December 31, 2021 and for the period from January 1, 2022 through October 5, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As explained in Note 6 to the financial statements, the plan sponsor of Review Trackers 401(k) Retirement Plan terminated the Plan effective June 8, 2022. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2021 from the going concern basis to the liquidation basis. Our opinion has not been modified with respect to this matter.

To the Plan Administrators
Review Trackers 401(k) Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the liquidation basis financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Review Trackers 401(k) Retirement Plan

Notes to Financial Statements

October 5, 2022 and December 31, 2021

Note 1 - Plan Description

The following description of Review Trackers 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Review Trackers, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was approved for termination effective June 8, 2022. Accordingly, the descriptions below are provisions of the Plan prior to the termination. See Note 6 for additional information.

Contributions

The Plan provides for employee salary deferral contributions of a percentage of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in addition to their regular deferral contributions. Participants may designate all or a portion of their contributions as Roth deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for a safe harbor employer contribution of 3 percent of the participant's compensation.

The Company may make an annual discretionary profit-sharing contribution. Participants who continue employment through the end of the plan year will be eligible to receive an allocation of the Company discretionary profit-sharing contribution. No discretionary profit-sharing contributions were made in 2022 or 2021.

Contributions to the Plan were not permissible following June 8, 2022 (see Note 6).

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate. There were no participant notes receivable as of October 5, 2022 or December 31, 2021.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum or partial payments in an amount equal to the vested balance of a participant's account. In-service distributions may be made from a participant's vested account at any time after the attainment of age 59½.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and employer safe harbor contributions and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after one year of service and an additional 25 percent per year thereafter until they become fully vested after four years of service.

Upon termination of the Plan, participants became 100 percent vested in their account balances.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions to the Plan. At October 5, 2022 and December 31, 2021, there were no forfeitures.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by The Vanguard Group, Inc. or its affiliates. The Vanguard Group, Inc. is the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

In June 2022, the Company was acquired by InMoment and the Plan was approved for termination on June 8, 2022. See Note 6 for additional information.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 6 to the financial statements, the plan sponsor approved the termination of the Plan on June 8, 2022. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2021 from the going concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Review Trackers 401(k) Retirement Plan

Notes to Financial Statements

October 5, 2022 and December 31, 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including March 2, 2023, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Ascensus Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Notes to Financial Statements

October 5, 2022 and December 31, 2021

Note 4 - Fair Value Measurements (Continued)

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Money Market Fund

The money market fund is valued at quoted prices reported in active markets.

Interest-bearing Cash

The fair value of these investments is based on their outstanding balances.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at October 5, 2022 and December 31, 2021:

Assets Measured at Fair Value on a Recurring Basis at October 5, 2022 (in Liquidation)							
	Investments (at Fair Value)		Level 1		Level 2		Level 3
Mutual funds	\$ -	\$	-	\$	-	\$	-

Total	\$ 3,385,220	\$	3,384,202	\$	1,018	\$	-

Note 5 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 – Termination – Liquidation Basis

Effective June 8, 2022, the plan sponsor elected to terminate the Plan. The Plan adopted the liquidation basis of accounting in fiscal year 2022. Under the liquidation basis of accounting, assets are recorded at the amount expected to be collected and liabilities are recorded at amounts expected to be paid during the course of liquidation.

Liquidation of assets through distributions to participants with account balances occurred during fiscal 2022, with full liquidation on October 5, 2022.
