INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Participants of
ViewSonic Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ViewSonic Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ViewSonic Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following brief description of the ViewSonic Corporation 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. The Plan covers all employees of ViewSonic Corporation (the "Company") who have attained age 18, except union employees, non-resident alien employees, merger and acquisition employees, part-time employees, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility

Employees that have attained age 18 are immediately eligible to participate in the Plan.

Contributions

Participants' contributions are made to the Plan by means of a salary deferral agreement. Non-highly compensated participants may elect to defer the lesser of 100% of their annual compensation or a fixed amount determined annually by the Internal Revenue Service. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will also match participant contributions at a rate of 50% of the first 5% of the participant's compensation. Matching contributions of \$593,896 and \$523,162 were made to the Plan for the years ended December 31, 2022 and 2021, respectively. The Company may also make discretionary profit-sharing contributions under the Plan. The Company made no discretionary profit-sharing contributions to the Plan for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary profit-sharing contributions, any forfeitures of terminated participants' non-vested accounts as determined by the Company, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, up to \$50,000. No loan in any amount less than \$1,000 shall be granted. The loan repayment period must be no more than five years, with the interest rate determined based on prevailing rates at the date of the loan. Home loans can be repaid over a reasonable period of time that may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 8.50%.

ViewSonic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. The employer's contributions vest according to the following schedule:

<u>Years of Services</u>	<u>Vested Percentage</u>
1	0%
2	50%
3	100%

Payment of Benefits

Upon termination of service due to death, permanent disability, retirement, or early retirement, as defined by the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants for other reasons are based upon the vested balance in their individual accounts at the time of termination and are recorded in the year of distribution.

Forfeitures

Amounts forfeited from terminating participants' nonvested portion of their Company contributions and earnings on Company contributions can be used to reduce future employer contributions, pay administrative expenses, or may be allocated to participant accounts. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$28,877 and \$13,602, respectively. Forfeited amounts used to pay administrative expenses were \$5,280 and \$9,383 during the years ended December 31, 2022 and 2021, respectively. Forfeited amounts used to reduce employer contributions were \$12,547 and \$14,387 during the years ended December 31, 2022 and 2021, respectively. There were no forfeited amounts allocated to participant accounts during the years ended December 31, 2022 and 2021.

Investments

Each participant directs the allocation of his or her contribution and employer contributions to one or more investment options offered by the Plan. Participants may also elect to allocate contributions to a self-directed brokerage account for a fee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ViewSonic Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses incurred in the administration of the Plan are paid by both the Plan and the Company. The expenses necessary to administer the Plan, including but not limited to, retaining professional assistance from an attorney, accountants, an actuary, or investment advisor are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. All other expenses, including account maintenance fees, transaction fees, and investment fund management fees, have been paid by the Plan. Certain fees are classified as a reduction of investment income. Participants are charged service fees for any loan or distribution transactions they request.

Risk and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through August 21, 2023, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

ViewSonic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements. There were no transfers between levels for the periods presented.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ViewSonic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 25,233,995	\$ -	\$ -	\$ 25,233,995
Self-directed brokerage accounts	1,708,949	-	-	1,708,949
Investments at fair value	<u>\$ 26,942,944</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,942,944</u>
2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,253,455	\$ -	\$ -	\$ 30,253,455
Self-directed brokerage accounts	1,900,061	-	-	1,900,061
Investments at fair value	<u>\$ 32,153,516</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 32,153,516</u>

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Principal Life Insurance Company ("Principal Life"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	2022	2021
Traditional investment contract	<u>\$ 5,480,611</u>	<u>\$ 5,672,684</u>

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

ViewSonic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code,
- Premature termination of the contract,
- Plan termination or merger,
- Changes to the Plan's prohibition on competing investment options,
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines,
- A breach of material obligation under the contract,
- A material misrepresentation,
- A material amendment to the agreements without the consent of the issuer.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Principal Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustees, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustees of the Plan assets have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 as well as the supplemental schedule as of December 31, 2022.
- Net appreciation (depreciation) in fair value of investments, interest and dividends reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

ViewSonic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

6. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Principal Life. Principal Life and Principal Trust Company ("Principal Trust") are both owned by Principal Financial Group, Inc. Principal Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists. Additionally, notes receivable from participants are considered party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
