Centennial Bank, Inc.
P.O. Box 308
Trezevant, Tennessee 38258

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Centennial Bank, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Centennial Bank, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Centennial Bank, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centennial Bank, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centennial Bank, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centennial Bank, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

CENTENNIAL BANK INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Centennial Bank, Inc. Profit-Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution 401(k) plan for employees of Centennial Bank, Inc. (the “Company”). The Plan covers all employees of the Company after they have attained age 21 and completed one year of service in which the employee is credited with at least 1,000 hours of service. Employees enter the Plan the following January 1st or July 1st after they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

B. Contributions

Each year, participants may elect to defer up to 100 percent of their pretax annual compensation, as defined by the Plan up to the maximum amount permitted by the Internal Revenue Code. A participant who has attained age 50 before the end of the Plan year is eligible to defer additional amounts toward catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Rollovers”). Participants direct the investment of their contributions into various investment options offered by the plan.

The Company matches 50% of a participant’s elective deferrals up to a maximum of 10 percent of compensation. Discretionary contributions may also be made at the option of the Company’s Board of Directors. During 2022 and 2021 the Company did not make a discretionary contribution. Contributions are subject to Internal Revenue Service (“IRS”) limitations.

C. Participants’ Accounts

Each participant account is credited with the participant’s contribution and the Company’s matching contribution as well as allocation of the Company’s discretionary contribution, plan earnings and forfeitures of terminated participants’ non-vested accounts. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

D. Vesting

Participants are vested immediately in their contributions. Vesting in the Company’s match and discretionary contributions is based upon years of continuous service according to the following schedule:

Less than 1	0%
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

E. Investment Options

Plan participants are permitted to direct contributions among any investment options allowed by the Plan. Participants may change their investment options at any time.

CENTENNIAL BANK INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

F. Payments of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the vested balance in his or her account. Participants may receive distributions from the Plan prior to their termination of employment under certain conditions. After attaining age 59½, participants may elect to receive a pre-retirement distribution for all or a portion of their vested balance from their elective deferral, employer matching, employer profit sharing and rollover accounts. Participants can also make hardship distributions to pay certain expenses related to medical care, purchase of their principal residence, eviction and or foreclosure of their principal residence, post-secondary school education tuition, funeral expenses or principal residence repairs that qualify for the casualty deduction.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

G. Payment of Plan Expenses

The employer pays certain Plan expenses including the audit fee.

H. Notes Receivable from Participants

Under the provisions of the Plan, participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan repayments are made in equal installments through payroll deductions generally over a term not to exceed 5 years. All loans are considered a direct investment from the participant's Plan account with all payments of principal and interest credited to the participant's account. Only one outstanding loan is allowed per participant at any given time. Interest rates are determined based on the prime interest rate plus two percent at inception of the loan. Loan interest rates on outstanding loans as of December 31, 2022 range from 5.25 percent to 6.75 percent.

I. Forfeitures

Forfeitures result from participants withdrawing from the Plan prior to vesting in Company contributions and earnings thereon. Forfeitures may be used to pay future administrative expenses, restore forfeited account balances for eligible rehired employees or to reduce employer contributions. As of December 31, 2022 and 2021 forfeited non-vested accounts totaled \$289 and \$61 respectively. Forfeitures used for the years ended December 31, 2022 and 2021 were \$542 and \$61, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements of the plan are prepared under the accrual method of accounting in that revenues are recognized when earned and expenses are recognized when incurred.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CENTENNIAL BANK INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

C. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 6 for additional information.

D. Income Taxes

The Employer has adopted the Employee Benefit Services, Inc. Prototype Defined Contribution Pre-Approved Base Plan Document on December 2, 2021. That Plan received a favorable determination letter as of June 30, 2020. The Plan qualifies under Internal Revenue Code Section 401(a) and the trust is exempt from federal income taxes. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

E. Date of Management's Review

Subsequent events were evaluated through August 15, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2022 and 2021 which was prepared by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan assets and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets held at end of year.
- D) Contract value of the guaranteed investment contracts.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and guaranteed investment contracts managed by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan, and therefore the related transactions qualify as party-in-interest transactions.

NOTE 6 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

CENTENNIAL BANK INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled Separate Accounts – Pooled separate accounts are stated at fair value. The Plan's Unallocated Non-Participating Group Annuity Contract with the Custodian provides individual recordkeeping services for each participant. The contract does not provide guaranteed Plan benefit payments to participants. The contract's investment options, to which a participant may direct their investments, consist of a wide range of mutual funds (Sub-accounts), managed by various third party mutual fund management companies. The value, liquidity, and related income or loss of these investments are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Stable Value Fund – The Stable Value Fund is stated at fair value. The Stable Value Fund sub-account invests into the John Hancock Stable Value Fund Collective Investment Trust (CIT). The Stable Value Fund Collective Investment Trust honors eligible redemptions at \$1.00 per unit. This results in the daily net asset value (NAV) published by the CIT as a stable \$1.00 per unit and is effectively its contract value. That value is used for valuing the sub-account and determining daily sub-account unit values. The sub-account does not have to reflect the actual market values of the CIT's net assets. Fair value is calculated as the number of units of the sub-account held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant-initiated or benefit withdrawals.
