REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Participants of the
Cleveland-Cliffs Steel LLC Hourly 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Cleveland-Cliffs Steel LLC Hourly 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Cleveland-Cliffs Steel LLC Hourly 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan that provides benefits to eligible employees of Cleveland-Cliffs Steel LLC and its affiliates (together, the Company) who are members of the United Steelworkers Union or the Bricklayers and Allied Craftsmen Union of Indiana and Kentucky (the Union). The Plan is administered by a committee appointed by the board of directors of the parent company, Cleveland-Cliffs Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee and record keeper of the Plan.

Participant Plan Transfers

Participant account balance transfers between the Plan and a plan maintained by an affiliate are permissible whenever an employee participating in the Plan changes positions within the Plan sponsor's organization or an amendment to the Plan document and/or labor agreement occurs, causing the employee to no longer be eligible to participate. In either case, the participant account balance may be transferred to the Plan for which the employee becomes eligible for participation upon the participant's direction.

Contributions

Employees electing to participate in the Plan may contribute up to 50% of their annual compensation, as defined by the Plan, plus all or any portion of a bonus under the Company's profit-sharing plan or any other bonus plan or arrangement, subject to Internal Revenue Code (IRC) limitations. Newly hired employees are automatically enrolled in the Plan as soon as administratively practicable at a deferral rate of 5% unless the employee affirmatively elects not to participate in the Plan or a different level of contribution.

In accordance with the agreement dated September 1, 2022 and the prior agreement dated September 1, 2018, between the Company and the Union, the Company is to make monthly contributions to covered employees based on employee contributory hours, which amounted to approximately \$1 million for the year ended December 31, 2022. Additionally, on behalf of eligible employees hired or rehired after the 2015 labor ratification date of June 23, 2016, the Company makes a contribution of \$0.60 per hour worked to September 1, 2022 and \$0.75 per hour worked thereafter upon completion of their probationary period in lieu of providing retiree health and life insurance benefits, which amounted to approximately \$5 million for the year ended December 31, 2022.

Participant and employer contributions are fully vested at all times. Employer contributions may be directed to any of the eligible investment options offered by the Plan.

Investment Options

Participants direct the investment of their contributions and account balances into various Cleveland-Cliffs Steel LLC Defined Contribution Plans Master Trust (the Master Trust) investment options offered by the Plan. Investment options include a self-directed brokerage option.

Participant Accounts

Individual participant accounts are maintained and are credited with participant contributions and allocations of investment earnings and charged with allocations of investment losses from each investment

fund in which such contributions are invested. Allocations of each fund's earnings or losses are based on the ratio of each participant's account balance in such fund to the total of all participants' balances in that fund. Participants are fully vested in their account balances at all times. The costs of certain administrative services provided by the trustee are paid from participants' accounts or assets within the appropriate investment option, as applicable.

Payment of Benefits

Upon retirement, termination of employment, death or physical disability, benefits are payable in a lump sum, partial cash distribution, installments or can be rolled over to an individual retirement account (IRA) or another eligible retirement plan based on the participant's election (or beneficiary). Participants may be permitted to withdraw contributions in the case of financial hardship, subject to certain limitations. Participants less than age 59½ are allowed source-specific in-service withdrawals as stated in the Plan document. Participants are entitled to receive payments without terminating employment upon attainment of age 59½.

Notes Receivable from Participants

Participants may borrow up to 50% of their account balances up to a maximum of \$50,000, less any outstanding loan balance(s) within the last 12 months (subject to certain limitations set forth in the Plan), for terms not exceeding five years, subject to acceleration under certain circumstances, unless the loan qualifies as a home loan, for which a repayment term up to 15 years is permitted.

Participants may have up to two outstanding loans at any given time. The interest rate charged on loans is based on a nationally published prime rate in effect at the beginning of the month in which the loan application is accepted. The loans are secured by the balances in the participant accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts in the financial statements and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Master Trust utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*, establishes a three-level valuation hierarchy for classification of fair value measurements. The valuation hierarchy is

**Cleveland-Cliffs Steel LLC
Hourly 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect our own views about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized below. There have been no changes into the methodologies used at December 31, 2022 and 2021.

Level 1 - Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The investments held at fair value by the Master Trust are determined as follows. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the net asset value (NAV) of shares held at year end, which is obtained from an active market.

Self-directed brokerage accounts - Primarily consist of common stocks, cash, and mutual funds that are valued on the basis of readily determinable market prices and are classified as Level 1 investments. In addition, the self-directed brokerage accounts hold Level 2 investments, primarily consisting of bonds, which do not have regular market pricing, but whose fair value is determined based on third party pricing models maximizing the use of observable inputs for similar securities.

Common stock - Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust funds - Valued at the NAV of units of each bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments of the collective trust funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Fully Benefit-Responsive Investment Contracts

Under Accounting Standards Update 2015-12, investment contracts held by a defined contribution plan are to be reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Master Trust. The statements of net assets available for benefits present the fair value of investments and contract value of the investment contracts in the Master Trust.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought and sold, as well as held during the year.

Investment management fees and operating expenses charged to the Plan for investments in the funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Certain trustee, record-keeping, administrative and investment management fees are paid by the Plan. All other management fees and administrative expenses of the Plan are paid by the Company.

Certain administrative fees are rebated to the forfeiture account in accordance with the Plan's arrangement with Fidelity. Amounts available to pay for Plan expenses at December 31, 2022 and 2021, totaled \$14,325 and \$10,840, respectively. During the year ended December 31, 2022, \$66,324 was used to pay Plan expenses. Also, in December 2022, a one-time revenue credit allocation of \$670,000 was distributed to Plan participant accounts on a pro rata basis.

Payments of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but had not yet been paid at December 31, 2022 and 2021.

NOTE C - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into benefit-responsive investment contracts with various insurance companies through the Cleveland-Cliffs Steel LLC Stable Value Fund, a separate account managed by JPMorgan Asset Management (JPMorgan), held in the Master Trust. The account is credited with participant contributions to the Cleveland-Cliffs Steel LLC Stable Value Fund and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

A synthetic guaranteed investment contract (GIC) is a wrap contract paired with an underlying investment or investments, usually a portfolio, owned by the Plan, of high-quality, intermediate-term fixed income securities. The Cleveland-Cliffs Steel LLC Stable Value Fund purchases wrapper contracts from financial services institutions. Synthetic GICs credit a stated interest rate for a specified period of time. Investment gains and losses are amortized over the expected duration through the calculation of the applicable interest rate on a prospective basis. Synthetic GICs provide for a variable crediting rate, which typically resets at least quarterly, and the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero. The crediting rate is primarily based on the

**Cleveland-Cliffs Steel LLC
Hourly 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

current yield to maturity of the covered investments, plus or minus amortization of the difference between the market value and contract value of the covered investments over the duration of the covered investments at the time of computation.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include, but may not be limited to, the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the Master Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Synthetic GICs generally impose conditions on both the Plan and the issuer. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default: (1) a breach of material obligation under the contract; (2) a material misrepresentation; or (3) a material amendment to the Plan document. The issuer may be in default if it breaches a material obligation under the investment contract; makes a material misrepresentation; has a decline in its long-term credit rating below a threshold set forth in the contract; is acquired or reorganized; and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If in the event of default of an issuer, the Plan were unable to obtain a replacement investment contract, all of the synthetic GICs have been negotiated to have "contingency coverage" that would allocate the book and market value proportionately among the remaining wrap providers in the event that another book value wrap contract is terminated for any reason. All other terms and conditions of the remaining contracts, including fees, would continue to apply without amendment.

As described in Note B, because the synthetic GICs in the Cleveland-Cliffs Steel LLC Stable Value Fund are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the synthetic GICs in the Cleveland-Cliffs Steel LLC Stable Value Fund. Contract value, as reported to the Plan by JPMorgan and the trustee, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Cleveland-Cliffs Steel LLC Stable Fund at contract value.

NOTE D - INVESTMENT IN MASTER TRUST

The Master Trust holds the assets of the Plan and the Cleveland-Cliffs Steel LLC Savings and Investment Plan as of December 31, 2022 and 2021. Use of the Master Trust permits the commingling of assets for these plans. Although the assets are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans.

To preserve the participating plans' interest in the combined Master Trust assets, the trustee and the Plan administrator determine each participant's share of Master Trust assets and related changes based on the ratio of each participant's account balance in such fund to the total of all participants' balances in that fund.

NOTE E - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 17, 2016, that the Plan was designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of

**Cleveland-Cliffs Steel LLC
Hourly 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

the IRC and that the Plan and related Master Trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Interest in the Cleveland-Cliffs Steel LLC Defined Contribution Plans Master Trust, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Plan interest in the Cleveland-Cliffs Steel LLC Defined Contribution Plans Master Trust net investment income, interest income on notes receivable from participants, and net investment fee rebate income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Master Trust (Note D).
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE H - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST

Certain Master Trust investments are shares of mutual funds managed by Fidelity, the trustee of the Plan, approximately \$1,234,000,000 and \$1,563,000,000 in 2022 and 2021, respectively. Therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan has loans to participants that also qualify as party-in-interest transactions.
