Independent Auditors' Report

To the Plan Administrator of
Jimcor Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Jimcor Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Jimcor Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jimcor Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jimcor Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jimcor Retirement Savings Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

General

The Jimcor Retirement Savings Plan (the "Plan") is a defined contribution plan covering all employees of Jimcor Agency, Inc. and its affiliate DTM Consulting, LLC (collectively, the "Employer" or "Company"). The Plan was established on January 1, 2000 and was restated on January 1, 2015 and January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A brief description of certain provisions of the Plan agreement follows. A more detailed description of the Plan's provisions, including those related to vesting and forfeitures, is maintained in the Summary Plan Description available to all Plan participants.

Eligibility

Employees, upon satisfaction of six months of service, who attained the age of twenty-one, become eligible for Plan enrollment and participation and, upon satisfaction of one year of service, become eligible for employer discretionary contributions.

Employee Elective Deferral Contributions

Participants may elect to contribute pre-tax, roth, or after-tax deferral contributions, up to the maximum amount permitted by the Internal Revenue Code ("IRC").

Employer Discretionary Matching Contributions

All active participants during the contribution period who meet the continuing eligibility requirements and make eligible elective deferral contributions are eligible for a discretionary employer matching contribution. For the year ended December 31, 2022, the Company elected to make contributions of 50% of the participants' elective deferral rate up to a maximum of a 5% deferral rate or \$5,000.

Employer Discretionary Non-Elective Contributions

The Company may also make a discretionary non-elective contribution to the Plan in accordance with the provisions contained in the plan document. For the year ended December 31, 2022, the Company made a contribution of \$75,610, which was allocated to participants in the Plan based on the provisions contained in the plan document.

Rollover Contributions

The Plan permits the acceptance of rollover contributions upon approval of the administrator. Rollover contributions generally consist of pre-tax lump-sum distributions received by a participant from a qualified retirement plan.

Participant Accounts

Investments in the Plan are participant directed. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan. Each participant's account is credited with the participant's contribution and an allocation of (a) the employer matching contributions, (b) profit sharing contribution, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Jimcor Retirement Savings Plan

Vesting

The participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is according to the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Accrued Benefit Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Each participant is permitted to borrow up to 50% of his or her vested account balance. The term of a loan may not exceed five years, unless it is used to purchase a primary residence. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. Principal and interest are paid ratably through payroll deductions and monitored by the plan administrator. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. Interest rates at December 31, 2022 ranged from 4.25% to 8.50%.

Payment of Benefits

Participants' vested interest in the Plan's assets are distributable generally upon termination, disability, retirement or death. In addition, participants may request withdrawals pursuant to specific guidelines as set forth in the plan document.

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Forfeitures can be used to reduce any future employer contributions or to pay administrative expenses of the Plan. Forfeitures approximated \$1,200 during the year ended December 31, 2022. Forfeitures used during the year ended December 31, 2022 approximated \$1,600, which offset administrative expenses and employer contributions. At December 31, 2022 and 2021, available forfeitures approximated \$1,600 and \$2,000, respectively.

Administrative Expenses

All administrative expenses are paid by the Plan.

Other Income

The Plan shares in investment related revenue the custodian receives attributable to the Plan assets invested in pooled separate accounts. The Plan receives a credit for the revenue share on a quarterly basis which is deposited into an ERISA Budget Account from which the Plan may pay allowable Plan expenses. For the year ended December 31, 2022, \$45,029 was made available to the Plan and a total of \$45,029 has been used to pay for Plan administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Jimcor Retirement Savings Plan

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 17, 2023, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Financial Information Certified by the Trustee

The following is a summary of the investments information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company ("Voya"), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Investments held by the Plan at December 31, are summarized as follows:

	2022	2021
Investments, at fair value	\$ 21,725,076	\$ 25,227,813
Investments, at contract value	3,027,015	3,210,153
Total	<u>\$ 24,752,091</u>	<u>\$ 28,437,966</u>

The trustee also certified the following for the year ended December 31, 2022:

Interest and dividend income	<u>\$ 75,854</u>
Net depreciation in fair value of investments	<u>\$ (4,316,990)</u>
Other income	<u>\$ 43,097</u>

Investment Contract with Insurance Company

The guaranteed investment contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya. The contract is fully benefit-responsive and is reflected in the financial statements at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Jimcor Retirement Savings Plan

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Pooled separate accounts: Stated at the fair value based on the year end market value of each unit held, which is based upon the market value of the underlying assets of the funds less management fees. The pooled separate accounts do not have any unfunded commitments relating to their investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts, at fair value	<u>\$ -</u>	<u>\$ 21,725,076</u>	<u>\$ -</u>	<u>\$ 21,725,076</u>

Investments at fair value as of December 31, 2021 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts, at fair value	<u>\$ -</u>	<u>\$ 25,227,813</u>	<u>\$ -</u>	<u>\$ 25,227,813</u>

5. Related Party Transactions

Voya, the trustee of the Plan, manages certain plan investments and therefore these transactions qualify as party-in-interest transactions. Fees paid to Voya approximated \$1,000 for the year ended December 31, 2022.

Jimcor Retirement Savings Plan

Intac Actuarial Services, Inc. ("Intac") is the record keeper for the Plan and therefore, these services qualify as party-in-interest transactions. During the Plan Year Intac's name officially changed to Ascensus who had acquired Intac in 2018. Total fees paid by the Plan to Intac and Ascensus for record keeping and administrative services approximated \$58,000 for the year ended December 31, 2022.

Morningstar provides investment advisory services for participants in the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services approximated \$5,000 for the year ended December 31, 2022.

Raymond James provides financial advisement services for participants in the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid to the Plan for financial advisement services approximated \$31,000 during the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to change or terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become 100% vested and Plan assets will be distributed to participants based on their individual account balances.

7. Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
