Independent Auditor's Report

Plan Administrator and Board of Directors
LimoLink, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LimoLink, Inc. 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

LimoLink, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the LimoLink, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of LimoLink, Inc. (the Sponsor) who are age 21 or older and have completed three months of service with the Sponsor. Effective May 1, 2022, the minimum age requirement was changed from 21 to 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees of the Sponsor may contribute up to the maximum allowable amount of their compensation to the Plan not to exceed the limits of Code Sections 401(k), 404 and 415. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan with their deferral rate set at 3% of eligible compensation unless they affirmatively elect otherwise. Employees who are auto-enrolled will have their deferral rate increased by 1% annually until their deferral rate is 8% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At the discretion of the Sponsor's Board of Directors, the Sponsor may elect to make a matching contribution or additional discretionary contributions. The Sponsor made matching contributions equal to 25% of employee deferral contributions up to 2% of their eligible compensation for the years ended December 31, 2022 and 2021. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with their contributions, Sponsor contributions and an allocation of Plan earnings. Participant accounts are charged with withdrawals and allocations of administrative expenses paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct employee and Sponsor contributions into any of the investment options offered by the Plan. Participants may elect to change their allocation of contributions between fund options daily.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any contributions made by the Sponsor is based on a four-year graded vesting schedule. Participants vest 25% for each year of employment in which they work over 1,000 hours. A participant becomes fully vested after four years of service or upon retirement, death or permanent disability.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are used to reduce future Sponsor contributions or pay Plan administrative expenses. During the years ended December 31, 2022 and 2021, forfeitures totaling \$901 and \$2,293, respectively, were used to reduce Sponsor contributions or pay Plan administrative expenses. Forfeited balances available for future use totaled \$1,136 and \$901 as of December 31, 2022 and 2021, respectively.

Payments of benefits: Upon retirement, participants receive the amount credited to their accounts. A similar benefit is paid upon disability or death. In the event of termination of employment, if the participant's account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount or leave the balance of their account in the Plan until retirement. If the participant's account balance is less than \$5,000 but greater than \$1,000, the balance will automatically roll over into an individual retirement account. For participants with account balances less than \$1,000, the participant will receive a lump-sum distribution. In-service distributions are allowed for active participants age 59 ½ and older. Participants are also allowed to withdraw benefits in the event of financial hardships.

Administrative expenses: The Plan paid administrative expenses of \$50,124 and \$53,654 for the years ended December 31, 2022 and 2021, respectively. All other expenses were paid by the Sponsor.

LimoLink, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition: Investments are stated at fair value on the statements of net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Investment income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: Management has evaluated subsequent events through August 18, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan Custodian

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Cash, interest-bearing	\$ 1,136	\$ 901
Investments at fair value, pooled separate accounts	\$ 6,489,214	\$ 7,455,380

LimoLink, Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Plan Custodian (Continued)

The custodian also certified to the completeness and accuracy of the net (depreciation) appreciation in fair value of investments as follows:

	Years Ended December 31	
	2022	2021
Investment income, net (depreciation) appreciation in fair value of investments	\$ (1,491,911)	\$ 1,167,183

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued based on the net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by the third-party administrator. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that were measured at the NAV per share practical expedient have not been classified in the fair value hierarchy. There were no investments requiring classification in the fair value hierarchy as of December 31, 2022 and 2021.

LimoLink, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share practical expedient as of December 31, 2022 and 2021:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts	<u>\$ 6,489,214</u>	<u>\$ 7,455,380</u>	\$ -	Daily	None

Note 5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.), who is also the Plan custodian. These transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants will become fully vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a volume submitter plan sponsored by Qualified Plan Consultants LLC. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the Plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator and the Plan's management believe the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.
